Subtitle B—Regulations Relating to Public Lands (Continued):

Chapter II—Bureau of Land Management, Department of the Interior (Continued) 5

Finding Aids:

Index 345

Table of CFR Titles and Chapters 363

Alphabetical List of Agencies Appearing in the CFR 379

List of CFR Sections Affected 389

Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 43 CFR 4100.0-1 *refers to title 43, part 4100, section 0-1.*

Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

ISSUE DATES

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16	as of January 1
Title 17 through Title 27	as of April 1
Title 28 through Title 41	as of July 1
Title 42 through Title 50	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 1990), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request. Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1973, consult either the List of CFR Sections Affected, 1949-1963, or 1964-1972, published in three separate volumes. For the period beginning January 1, 1973, a "List of CFR Sections Affected" is published at the end of each CFR volume.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I), and Acts Requiring Publication in the Federal Register (Table III). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of "Title 3—The President" is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the "Contents" entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

INQUIRIES AND SALES

For a summary, legal interpretation, or other explanation of any regulation in this volume, contact the issuing agency. Inquiries concerning editing procedures and reference assistance with respect to the Code of Federal Regulations may be addressed to the Director, Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408 (telephone 202-523-3517). Sales are handled exclusively by the Superintendent of Documents, Government Printing Office, Washington, DC 20402 (telephone 202-783-3238).

MARTHA L. GIRARD,
Director,
Office of the Federal Register.

October 1, 1990.

THIS TITLE

Title 43—**Public Lands: Interior** is composed of three volumes. Volume one (Parts 1-999) contains all current regulations issued under Subtitle A—Office of the Secretary of the Interior and Chapter I—Bureau of Reclamation, Department of the Interior. Volumes two and three (Parts 1000-3999 and Part 4000 to End) include all regulations issued under Chapter II—Bureau of Land Management, Department of the Interior. The contents of these volumes represent all current regulations codified under this title of the CFR as of October 1, 1990.

The first volume contains a distribution table. In Chapter II—Bureau of Land Management, Department of the Interior, the OMB control numbers appear in a "Note" immediately below the "Group" headings throughout the chapter. The first volume of Chapter II (Parts 1000-3999), contains redesignation tables. In the second volume of Chapter II (Part 4000 to End), a table of Public Land Orders follows the chapter. A subject index appears in the Finding Aids section of each volume of Title 43.

For this volume, Jacquelyn J. Demsky was Chief Editor. The Code of Federal Regulations publication program is under the direction of Richard L. Claypoole, assisted by Alomha S. Morris.

Would you like to know...

if any changes have been made to the Code of Federal Regulations or what documents have been published in the Federal Register without reading the Federal Register every day? If so, you may wish to subscribe to the *LSA (List of CFR Sections Affected)*, the *Federal Register Index*, or both.

LSA • List of CFR Sections Affected

The LSA (List of CFR Sections Affected) is designed to lead users of the Code of Federal Regulations to amendatory actions published in the Federal Register. The LSA is issued monthly in cumulative form. Entries indicate the nature of the changes—such as revised, removed, or corrected.
$21.00 per year

Federal Register Index

The index, covering the contents of the daily Federal Register, is issued monthly in cumulative form. Entries are carried primarily under the names of the issuing agencies. Significant subjects are carried as cross-references.
$19.00 per year

A finding aid is included in each publication which lists Federal Register page numbers with the date of publication in the Federal Register.

Note to FR Subscribers
FR Indexes and the LSA (List of CFR Sections Affected) are mailed automatically to regular FR subscribers.

Group 4100—Grazing Administration

Note: The information collection requirements contained in subparts 4120 and 4130 of Group 4100 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance numbers 1004-0005, 1004-0019, 1004-0020, 1004-0041, 1004-0047, 1004-0051, 1004-0068 and 1004-0131. The information is being collected to permit the authorized officer to determine whether an application to utilize the public lands for grazing purposes should be granted. The information will be used to make this determination. A response is required to obtain a benefit.

PART 4100—GRAZING ADMINISTRATION—EXCLUSIVE OF ALASKA

Subpart 4100—Grazing Administration—Exclusive of Alaska; General

Sec.
4100.0-1 Purpose.
4100.0-2 Objectives.
4100.0-3 Authority.
4100.0-5 Definitions.
4100.0-7 Cross-references.
4100.0-8 Land use plans.

Subpart 4110—Qualifications and Preference

4110.1 Mandatory qualifications.
4110.1-1 Acquired lands.
4110.2 Grazing preference.
4110.2-1 Base property.
4110.2-2 Specifying grazing preference.
4110.2-3 Transfer of grazing preference.
4110.2-4 Allotments.
4110.3 Changes in grazing preference status.
4110.3-1 Increasing active use.
4110.3-2 Decreasing active use.
4110.3-3 Implementation of changes in available forage.
4110.4 Changes in public land acreage.
4110.4-1 Additional land acreage.
4110.4-2 Decrease in land acreage.
4110.5 Interest of Member of Congress.

Subpart 4120—Grazing Management

4120.1 [Reserved]
4120.2 Allotment management plans.
4120.3 Range improvements.
4120.3-1 Conditions for range improvements.
4120.3-2 Cooperative agreements.
Sec.
4120.3-3 Range improvement permits.
4120.3-4 Standards, design and stipulations.
4120.3-5 Assignment of range improvements.
4120.3-6 Removal and compensation for loss of range improvements.
4120.3-7 Contributions.
4120.4 Special rules.

Subpart 4130—Authorizing Grazing Use

4130.1 Applications.
4130.1-1 Changes in grazing use.
4130.1-2 Conflicting applications.
4130.2 Grazing permits or leases.
4130.3 Free-use grazing permits.
4130.4 Other grazing authorizations.
4130.4-1 Exchange-of-use grazing agreements.
4130.4-2 Nonrenewable grazing permits and leases.
4130.4-3 Crossing permits.
4130.4-4 Special grazing permits or leases.
4130.5 Ownership and identification of livestock.
4130.5-1—4130.5-3 [Reserved]
4130.6 Terms and conditions.
4130.6-1 Mandatory terms and conditions.
4130.6-2 Other terms and conditions.
4130.6-3 Modification.
4130.7 Fees.
4130.7-1 Payment of fees.
4130.7-2 Refunds.
4130.7-3 Service charge.
4130.8 Pledge of permits or leases as security for loans.

Subpart 4140—Prohibited Acts

4140.1 Acts prohibited on public lands.

Subpart 4150—Unauthorized Grazing Use

4150.1 Violations.
4150.2 Notice and order to remove.
4150.3 Settlement.
4150.4 Impoundment and disposal.
4150.4-1 Notice of intent to impound.
4150.4-2 Impoundment.
4150.4-3 Notice of public sale.
4150.4-4 Redemption.
4150.4-5 Sale.

Subpart 4160—Administrative Remedies

4160.1 Proposed decisions.
4160.1-1 Proposed decisions on permits or leases.
4160.1-2 Proposed decisions on alleged violations.
4160.2 Protests.
4160.3 Final decisions.

Sec.
4160.4 Appeals.

Subpart 4170—Penalties

4170.1 Civil penalties.
4170.1-1 Penalty for violations.
4170.1-2 Failure to use.
4170.1-3 Bald Eagle Protection Act and Endangered Species Act.
4170.2 Penal provisions.
4170.2-1 Penal provisions under the Taylor-Grazing Act.
4170.2-2 Penal provisions under the Federal Land Policy and Management Act.

Subpart 4100—Grazing Administration—Exclusive of Alaska; General

§ 4100.0-1 Purpose.

The purpose is to provide uniform guidance for administration of grazing on the public lands exclusive of Alaska.

[49 FR 6449, Feb. 21, 1984]

§ 4100.0-2 Objectives.

The objectives of these regulations are orderly use, improvement and development of the public lands, enhancement of their productivity by prevention of overgrazing and soil deterioration, stabilization of the livestock industry dependent upon the public range, provide for inventory and categorization of public rangelands on the basis of range conditions and trends; consistent with land-use plans, multiple use, sustained yield, environmental values, economic and other objectives stated in 43 CFR subpart 1725; the Taylor Grazing Act of June 28, 1934, as amended (43 U.S.C. 315, 315a-315r); section 102 of the Federal Land Policy Management Act of 1976 (43 U.S.C. 1701 *et seq.*) and the Public Rangelands Improvement Act of 1978 (43 U.S.C. 1901 *et seq.*).

[47 FR 41709, Sept. 21, 1982, as amended at 49 FR 6449, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984]

§ 4100.0-3 Authority.

(a) The Taylor Grazing Act of June 28, 1934 as amended (43 U.S.C. 315, 315a through 315r);

(b) The Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*) as amended by the Public Rangelands Improvement Act of 1978 (43 U.S.C. 1901 *et seq.*);

(c) Executive orders transfer land acquired under the Bankhead-Jones Farm Tenant Act of July 22, 1937, as amended (7 U.S.C. 1012), to the Secretary and authorize administration under the Taylor Grazing Act.

(d) Section 4 of the O&C Act of August 28, 1937 (43 U.S.C. 118(d));

(e) The Public Rangelands Improvement Act of 1978 (43 U.S.C. 1901 *et seq.*); and

(f) Public land orders, Executive orders, and agreements authorize the Secretary to administer livestock grazing on specified lands under the Taylor Grazing Act or other authority as specified.

(g) The Department of the Interior Appropriations Act for Fiscal Year 1985 (Pub. L. 98-473, 98 Stat. 1837).

[43 FR 29067, July 5, 1978, as amended at 49 FR 6449, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984; 50 FR 45827, Nov. 4, 1985]

§ 4100.0-5 Definitions.

Whenever used in this part, unless the context otherwise requires, the following definitions apply:

The *Act* means the Taylor Grazing Act of June 28, 1934, as amended (43 U.S.C. 315, 315a-315r).

Active use means the current authorized livestock grazing use.

Actual use means where, how many, what kind or class of livestock, and how long livestock graze on an allotment.

Actual use report means a report of the actual livestock grazing use submitted by the permittee or lessee.

Affected interest means an individual or organization that has expressed in writing to the authorized officer concern for the management of livestock grazing on specific grazing allotments and who has been determined by the authorized officer to be an affected interest.

Allotment means an area of land designated and managed for grazing of livestock.

Allotment management plan (*AMP*) means a documented program which applies to livestock grazing on the public lands, prepared in consultation, cooperation and coordination with the permittee(s), lessee(s) or other involved affected interests.

Animal unit month (*AUM*) means the amount of forage necessary for the sustenance of one cow or its equivalent for a period of 1 month.

Authorized officer means any person authorized by the Secretary to administer regulations in this part.

Base property means: (1) Land that has the capability to produce crops or forage that can be used to support authorized livestock for a specified period of the year, or (2) water that is suitable for consumption by livestock and is available and accessible, to the authorized livestock when the public lands are used for livestock grazing.

Cancelled or cancellation means a permanent termination of a grazing permit or grazing lease and grazing preference, or free-use grazing permit or other grazing authorization, in whole or in part.

Class of livestock means ages and/or sex groups of a kind of livestock.

Consultation, cooperation and coordination means an interactive process for seeking advice, agreement, or interchange of opinions on issues, plans, or management actions from other agencies and affected permittee(s) or lessee(s), landowners involved, the district grazing advisory boards where established, any State having lands within the area to be covered by an allotment management plan and other affected interests.

Control means being responsible for and providing care and management of base property and/or livestock.

District means the specific area of public lands administered by a District Manager.

Grazing district means the specific area within which the public lands are administered under section 3 of the Act. Public lands outside grazing district boundaries are administered under section 15 of the Act.

Grazing fee year means the year, used for billing purposes, which begins on March 1, of a given year and ends on the last day of February of the following year.

Grazing lease means a document authorizing use of the public lands outside grazing districts under section 15 of the Act for the purpose of grazing livestock.

Grazing permit means a document authorizing use of the public lands within grazing districts under section 3 of the Act for the purpose of grazing livestock.

Grazing preference means the total number of animal unit months of livestock grazing on public lands apportioned and attached to base property owned or controlled by a permittee or lessee.

Land use plan means a resource management plan or management framework plan which is being followed until replaced by a resource management plan. These plans are developed in accordance with the provisions of the Federal Land Policy and Management Act and establishes management direction for resource uses of public lands.

Livestock or *kind of livestock* means species of domestic livestock—cattle, sheep, horses, burros, and goats.

Livestock Carrying Capacity means the maximum stocking rate possible without inducing damage to vegetation or related resources. It may vary from year to year on the same area due to fluctuating forage production.

Monitoring means the periodic observation and orderly collection of data to evaluate:

(1) Effects of management actions; and

(2) Effectiveness of actions in meeting management objectives.

Public lands means any land and interest in land outside of Alaska owned by the United States and administered by the Secretary of the Interior through the Bureau of Land Management, except lands held for the benefit of Indians.

Range improvement means an authorized activity or program on or relating to rangelands which is designed to improve production of forage; change vegetative composition; control patterns of use; provide water; stabilize soil and water conditions; and provide habitat for livestock, wild horses and burros, and wildlife. The term includes, but is not limited to, structures, treatment projects, and use of mechanical means to accomplish the desired results.

Rangeland studies means any study methods accepted by the authorized officer for collecting data on actual use, utilization, climatic conditions, other special events, and trend to determine if management objectives are being met.

Secretary means the Secretary of the Interior or his authorized officer.

Service area means the area that can be properly grazed by livestock watering at a certain water.

State Director means the State Director, Bureau of Land Management, or his or her authorized representative.

Subleasing means the act of a permittee or lessee entering into an agreement that either (1) allows someone other than the permittee or lessee to graze livestock on the public lands without controlling the base property supporting the permit or lease or (2) allows grazing on the public lands by livestock that are not owned or controlled by the permittee or lessee.

Supplemental feed means a feed which supplements the forage available from the public lands and is provided to improve livestock nutrition or rangeland management.

Suspension means temporarily withholding, in whole or in part, a grazing preference from active grazing use. The withholding may be done voluntarily by the permittee or lessee.

Trend means the direction of change over time, either toward or away from desired management objectives.

Utilization means the percentage of forage that has been consumed by livestock during a specified period and the livestock grazing utilization pattern on the allotment.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5788, Jan. 19, 1981; 53 FR 10232, Mar. 29, 1988]

§ 4100.0-7 Cross-references.

The regulations in subpart 1784 of this chapter govern advisory boards and the regulations in part 4 of this title govern appeals and hearings.

§ 4100.0-8 Land use plans.

The authorized officer shall manage livestock grazing on public lands under the principle of multiple use and sustained yield, and in accordance with applicable land use plans. Land use plans shall establish allowable resource uses (either singly or in combination), related levels of production or use to be maintained, areas of use, and resource condition goals and objectives to be obtained. The plans also set forth program constraints and general management practices needed to achieve management objectives. Livestock grazing activities and management actions approved by the authorized officer shall be in conformance with the land use plan as defined at 43 CFR 1601.0-5(b).

[53 FR 10233, Mar. 29, 1988]

Subpart 4110—Qualifications and Preference

§ 4110.1 Mandatory qualifications.

Except as provided under §§ 4110.1-1, 4130.3 and 4130.4-3, to qualify for grazing use on the public lands an applicant must be engaged in the livestock business, must own or control land or water base property, and must be:

(a) A citizen of the United States or have properly filed a valid declaration of intention to become a citizen or a valid petition for naturalization; or

(b) A group or association authorized to conduct business in the State in which the grazing use is sought, all members of which are qualified under paragraph (a) of this section; or

(c) A corporation authorized to conduct business in the State in which the grazing use is sought.

[43 FR 29067, July 5, 1978, as amended at 49 FR 6450, Feb. 21, 1984]

§ 4110.1-1 Acquired lands.

Where lands have been acquired by the Bureau of Land Management (BLM) through purchase, exchange, Act of Congress or Executive Order, and an agreement or the terms of the act or Executive Order provide that BLM shall honor existing grazing permits or leases, such permittees or lessees shall be considered qualified for grazing use on those acquired lands.

[49 FR 6450, Feb. 21, 1984]

§ 4110.2 Grazing preference.

§ 4110.2-1 Base property.

(a) The authorized officer shall find land or water owned or controlled by an applicant to be base property (see § 4100.0-5) if:

(1) It serves as a base for a livestock operation which utilizes public lands within a grazing district; or

(2) It is contiguous land, or noncontiguous land when no applicant owns or controls contiguous land, used in conjunction with a livestock operation which utilizes public lands outside a grazing district.

(b) After appropriate consultation, cooperation, and coordination, the authorized officer shall specify the length of time for which land base property shall be capable of supporting authorized livestock during the year, relative to the multiple use management objective of the public lands.

(c) An applicant shall provide a legal description, or plat, of his base property and shall certify to the authorized officer that this base property meets the requirements under paragraphs (a) and (b) of this section and § 4100.0-5(g).

(d) If a permittee or lessee loses ownership or control of all or part of his/her base property, the permit or lease, to the extent it was based upon such lost property, shall terminate immediately without further notice from the authorized officer. However, if, prior to losing ownership or control of the base property, the permittee or lessee requests, in writing, that the permit or lease be extended to the end of the grazing season or grazing year, the termination date may be extended as determined by the authorized officer after consultation with the new owner. When a permit or lease terminates because of a loss of ownership or control of a base property, the grazing preference shall remain with the base property and be available through application and transfer procedures at 43 CFR 4110.2-3, to the new owner or person in control of that base property.

(e) Applicants who own or control base property contiguous to or cornering upon public land outside a grazing district where such public land consists of an isolated or disconnected tract embracing 760 acres or less shall, for a period of 90 days after the tract has been offered for lease, have a preference right to lease the whole tract.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5788, Jan. 19, 1981; 49 FR 6450, Feb. 21, 1984; 53 FR 10233, Mar. 29, 1988]

§ 4110.2-2 Specifying grazing preference.

(a) Grazing preference shall be specified in all grazing permits or grazing leases. It shall include both active use and suspended use. Active use shall be based upon the amount of forage available for livestock grazing established in the land use plan as defined in 43 CFR 1601.0-5(k).

(b) The grazing preference specified shall attach to the base property supporting the grazing permit or grazing lease.

(c) The animal unit months of grazing preference are attached to:

(1) The acreage of land base property on a pro rata basis, or

(2) Water base property on the basis of livestock forage production within the service area of the water.

[53 FR 10233, Mar. 29, 1988]

§ 4110.2-3 Transfer of grazing preference.

(a) Transfers of grazing preference in whole or in part are subject to the following requirements:

(1) The transferee shall meet all necessary qualifications for a grazing preference under the regulations of this part.

(2) The transfer applications under paragraphs (b) and (c) of this section shall evidence assignment of interest and obligation in range improvements authorized on public lands under § 4120.3 and maintained in conjunction with the transferred preference (see § 4120.3-5). The terms and conditions of the cooperative agreements and range improvement permits are binding on the transferee.

(3) The transferee shall accept the terms and conditions of the terminating grazing permit or lease (see § 4130.2) with such modifications as he may request which are approved by the authorized officer or with such modifications as may be required by the authorized officer.

(4) The transferee shall file an application for a grazing permit or lease to the extent of the transferred preference simultaneously with filing a transfer application under paragraph (b) or (c) of this section.

(b) If base property is sold or leased, the transferee shall within 90 days of the date of sale or lease file with the authorized officer a properly executed transfer application showing the base property and the amount of grazing preference being transferred in animal unit months.

(c) If a grazing preference is being transferred from one base property to another base property, the transferor shall own or control the base property from which the grazing preference is being transferred and file with the authorized officer a properly completed transfer application for approval. If the applicant leases the base property, no transfer will be allowed without the written consent of the owner(s), and any person or entity holding an encumbrance of the base property from which the transfer is to be made. Such consent will not be required where the applicant for such transfer is a lessee without whose livestock operations the grazing preference would not have been established.

(d) At the date of approval of a transfer, the existing grazing permit or lease shall terminate automatically and without notice to the extent of the transfer.

(e) If an unqualified transferee acquires rights in base property through operation of law or testamentary disposition, such transfer will not affect the grazing preference or any outstanding grazing permit or lease, or preclude the issuance or renewal of a grazing permit or lease based on such property for a period of 2 years after the transfer. However, such a transferee shall qualify under paragraph (a) of this section within the 2-year period or the grazing preference shall be subject to cancellation. The authorized officer may grant extensions of the 2-year period where there are delays solely attributable to probate proceedings.

(f) Failure of either the transferee or the transferor to comply with the regulations of this section may result in rejection of the transfer application or cancellation of grazing preference.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5788, Jan. 19, 1981; 47 FR 41709, Sept. 21, 1982; 49 FR 6450, Feb. 21, 1984; 53 FR 10233, Mar. 29, 1988]

§ 4110.2-4 Allotments.

After consultation, cooperation, and coordination with permittees or lessees, the authorized officer may designate and adjust allotment boundaries.

[53 FR 10233, Mar. 29, 1988]

§ 4110.3 Changes in grazing preference status.

The authorized officer shall periodically review the grazing preference specified in a grazing permit or grazing lease and may make changes in the grazing preference status. These changes shall be supported by monitoring, as evidenced by rangeland studies conducted over time, unless the change is either specified in an applicable land use plan or necessary to manage, maintain or improve rangeland productivity.

[53 FR 10233, Mar. 29, 1988]

§ 4110.3-1 Increasing active use.

Additional forage may be apportioned to qualified applicants for livestock grazing use consistent with multiple-use management objectives.

(a) Additional forage temporarily available for livestock grazing use, including forage which is temporarily available within an allotment because of a change in grazing use under § 4130.1-1, may be apportioned on a nonrenewable basis.

(b) Additional forage available on a sustained yield basis for livestock grazing use shall first be apportioned in satisfaction of grazing preferences to the permittee(s) or lessee(s) authorized to graze in the allotment in which the forage is available.

(c) After consultation, cooperation, and coordination, additional forage on a sustained yield basis available for livestock grazing use over and above the preference(s) of the permittee(s) or lessee(s) in an allotment may be apportioned in the following priority to:

(1) Permittee(s) or lessee(s) in proportion to the contribution or efforts which resulted in increased forage production;

(2) Permittee(s) or lessee(s) in proportion to the amount of their grazing preference; and/or

(3) Other qualified applicants under § 4130.1-2 of this title.

[53 FR 10233, Mar. 29, 1988]

§ 4110.3-2 Decreasing active use.

(a) Active use may be suspended in whole or in part on a temporary basis due to drought, fire, or other natural causes, or to facilitate installation, maintenance, or modification of range improvements.

(b) When monitoring shows active use is causing an unacceptable level or pattern of utilization or exceeds the livestock carrying capacity as determined through monitoring, the authorized officer shall reduce active use if necessary to maintain or improve rangeland productivity, unless the authorized officer determines a change in management practices would achieve the management objectives.

(c) Where active use is reduced it shall be held in suspension or in nonuse for conservation/protection purposes, until the authorized officer determines that active use may resume.

[53 FR 10234, Mar. 29, 1988]

§ 4110.3-3 Implementation of changes in available forage.

(a) Changes in active use in excess of 10 percent shall be implemented over a 5-year period, unless after consultation with the affected permittees or lessees and other affected interests, an agreement is reached to implement the increase or decrease in less than 5 years.

(b) After consultation, coordination and cooperation, suspensions of preference shall be implemented through a documented agreement or by decision. If data acceptable to the authorized officer are available, an initial reduction shall be taken on the effective date of the agreement or decision and the balance taken in the third and fifth years following that effective date, except as provided in paragraph (a) of this section. If data acceptable to the authorized officer to support an initial reduction are not available, additional data will be collected through monitoring. Adjustments based on the additional data shall be implemented by agreement or decision that will initiate the 5-year implementation period.

(c) When the authorized officer determines that the soil, vegetation, or other resources on the public lands require temporary protection because of conditions such as drought, fire, flood, or insect infestation, after consultation with affected permittees or lessees and other affected interests, action shall be taken to close allotments or portions of allotments to grazing by any kind of livestock or to modify authorized grazing use. Notices of closure and decisions requiring modification of authorized grazing use shall be issued as final decisions which are placed in full force and effect under § 4160.3(c) of this title.

[49 FR 6451, Feb. 21, 1984, as amended at 53 FR 10234, Mar. 29, 1988]

§ 4110.4 Changes in public land acreage.

§ 4110.4-1 Additional land acreage.

When lands outside designated allotments become available for livestock grazing under the administration of the Bureau of Land Management, the forage available for livestock shall be made available to qualified applicants at the discretion of the authorized officer. Grazing use shall be apportioned under § 4130.1-2 of this title.

[53 FR 10234, Mar. 29, 1988]

§ 4110.4-2 Decrease in land acreage.

(a) Where there is a decrease in public land acreage available for livestock grazing within an allotment:

(1) Grazing permits or leases may be canceled, suspended, or modified as appropriate to reflect the changed area of use.

(ii) Grazing preference may be canceled or suspended in whole or in part. Cancellations or suspensions determined by the authorized officer to be necessary to protect the public lands will be equitably apportioned by the authorized officer based upon the level of available forage and the magnitude of the change in public land acreage available, or as agreed to among the authorized users and the authorized officer.

(b) When public lands are disposed of or devoted to a public purpose which precludes livestock grazing, the permittees and lessees shall be given 2 years' prior notification except in cases of emergency (national defense requirements in time of war, natural disasters, national emergency needs, etc.) before their grazing permit or grazing lease and grazing preference may be canceled. A permittee or lessee may unconditionally waive the 2-year prior notification. Such a waiver shall not prejudice the permittee's or lessee's right to reasonable compensation for, but not to exceed the fair market value of his or her interest in authorized permanent range improvements located on these public lands. (see § 4120.3-6).

[43 FR 29067, July 5, 1978, as amended at 49 FR 6451, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984; 54 FR 31485, July 28, 1989]

§ 4110.5 Interest of Member of Congress.

Title 18 U.S.C. 431 through 433 (1970) generally prohibits a Member of or Delegate to Congress from entering into any contract or agreement with the United States. Title 41 U.S.C. 22 (1970) generally provides that in every contract or agreement to be made or entered into, or accepted by or on behalf of the United States, there shall be inserted an express condition that no Member of or Delegate to Congress shall be admitted to any share or part of such contract or agreement, or to any benefit to arise thereupon. The provisions of these laws are incorporated herein by reference and apply to all permits, leases, and agreements issued under these regulations.

[43 FR 29067, July 5, 1978. Redesignated at 49 FR 6451, Feb. 21, 1984]

Subpart 4120—Grazing Management

§ 4120.1 [Reserved]

§ 4120.2 Allotment management plans.

When allotment management plans are developed, the following provisions apply:

(a) An allotment management plan shall be prepared in careful and considered consultation, cooperation, and coordination with affected permittee(s) or lessee(s), landowners involved, the district grazing advisory boards where established, any State having lands within the area to be covered by such an allotment management plan, and other affected interests. The allotment management plan shall include terms and conditions under §§ 4130.6, 4130.6-1, 4130.6-2 and 4130.6-3 of this title, and shall prescribe the livestock grazing practices necessary to meet specific multiple-use management objectives. The plan shall specify the limits of flexibility within which the permittee or lessee may adjust operations without prior approval of the authorized officer. The plan shall provide for monitoring to evaluate the effectiveness of management actions in achieving the specific multiple-use management objectives of the plan.

(b) Private and State lands shall be included in allotment management plans with the consent or at the request of the parties who own or control those lands.

(c) Completed allotment management plans shall be incorporated into the terms and conditions of the affected grazing permits and leases.

[53 FR 10234, Mar. 29, 1988; 53 FR 22326, June 15, 1988]

§ 4120.3 Range improvements.

[49 FR 6452, Feb. 21, 1984]

§ 4120.3-1 Conditions for range improvements.

(a) Range improvements shall be installed, used, maintained, and/or modified on the public lands, or removed from these lands, in a manner consistent with multiple-use management.

(b) Prior to installing, using, maintaining, and/or modifying range improvements on the public lands, permittees or lessees shall have entered into a cooperative agreement with the Bureau of Land Management or must have an approved range improvement permit.

(c) The authorized officer may require a permittee or lessee to maintain and/or modify range improvements on the public lands under § 4130.6–2 of this title.

(d) The authorized officer may require a permittee or lessee to install range improvements on the public lands in an allotment with two or more permittees or lessees and/or to meet the terms and conditions of agreement.

(e) A range improvement permit or cooperative agreement does not convey to the permittee or cooperator any right, title, or interest in any lands or resources held by the United States.

[49 FR 6452, Feb. 21, 1984]

§ 4120.3–2 Cooperative agreements.

Any person may enter into a cooperative agreement with the Bureau of Land Management for the installation, use, maintenance, and/or modification of range improvements needed to achieve management objectives. The cooperative agreement shall specify the division of costs or labor, or both, between the United States and cooperator(s). Title to structural or removable improvements shall be shared by the United States and cooperator(s) in proportion to the actual amount of the respective contribution to the initial construction. Title to nonstructural or nonremovable improvements shall be in the United States.

[49 FR 6452, Feb. 21, 1984]

§ 4120.3–3 Range improvement permits.

(a) Any permittee or lessee may apply for a range improvement permit to install, use, maintain, and/or modify range improvements that are needed to achieve management objectives within his/her designated allotment. The permittee or lessee shall agree to provide full funding for construction, installation, modification, or maintenance. Such range improvement permits are issued at the discretion of the authorized officer.

(b) The permittee or lessee shall have title to removable range improvements authorized under range improvement permits.

(c) The use by livestock of stock ponds or wells authorized by a range improvement permit shall be controlled by the grazing permittee or lessee holding the range improvement permit.

[49 FR 6452, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984]

§ 4120.3–4 Standards, design and stipulations.

Range improvement permits and cooperative agreements shall specify the standards, design, construction and maintenance criteria for the range improvements and other additional conditions and stipulations or modifications deemed necessary by the authorized officer.

[49 FR 6452, Feb. 21, 1984]

§ 4120.3–5 Assignment of range improvements.

The authorized officer shall not approve the transfer of a grazing preference under § 4110.2–3 of this title or approve use by the transferee of existing range improvements, unless the transferee has agreed to compensate the transferor for his/her interest in the authorized improvements within the allotment as of the date of the transfer.

[53 FR 10234, Mar. 29, 1988]

§ 4120.3–6 Removal and compensation for loss of range improvements.

(a) Range improvements shall not be removed from the public lands without authorization.

(b) The authorized officer may require permittees or lessees to remove range improvements which they own on the public lands if these improvements are no longer helping to achieve land use plan or allotment goals and objectives or if they fail to meet the criteria under § 4120.3–4 of this title.

(c) Whenever a grazing permit or lease is cancelled in order to devote the public lands covered by the permit or lease to another public purpose, including disposal, the permittee or lessee shall receive from the United States reasonable compensation for the adjusted value of their interest in authorized permanent improvements placed or constructed by the permittee or lessee on the public lands covered by the cancelled permit or lease. The adjusted value is to be determined by the authorized officer. Compensation shall not exceed the fair market value of the terminated portion of the permittee's or lessees interest therein. Where a range improvement is authorized by a range improvement permit, the livestock operator may elect to salvage materials and perform rehabilitation measures rather than be compensated for the adjusted value.

(d) Permittees or lessees shall be allowed 180 days from the date of cancellation of a range improvement permit or cooperative agreement to salvage material owned by them and perform rehabilitation measures necessitated by the removal.

[49 FR 6452, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984]

§ 4120.3-7 Contributions.

The authorized officer may accept contributions of labor, material, equipment, or money for administration, protection, and improvement of the public lands necessary to achieve the objectives of this part.

[49 FR 6452, Feb. 21, 1984]

§ 4120.4 Special rules.

(a) When a State Director determines that local conditions require a special rule to achieve improved administration consistent with the objectives of this part, the Director may approve such rules. The rules shall be subject to public review and comment, as appropriate, and upon approval, shall become effective when published in the FEDERAL REGISTER as final rules. Special rules shall be published in a local newspaper.

(b) Where the Bureau of Land Management administers the grazing use of other Federal Agency lands, the terms of an appropriate Memorandum of Understanding or Cooperative Agreement shall apply.

[49 FR 6452, Feb. 21, 1984]

Subpart 4130—Authorizing Grazing Use

§ 4130.1 Applications.

Applications for grazing permits or leases (active use and nonuse), free-use grazing permits and other grazing authorizations shall be filed with the authorized officer at the local Bureau of Land Management office having jurisdiction over the public lands involved.

[43 FR 29067, July 5, 1978, as amended at 49 FR 6453, Feb. 21, 1984]

§ 4130.1-1 Changes in grazing use.

(a) Applications for changes in grazing use should be filed with the authorized officer before the billing notices for the affected grazing use have been issued. Applications for changes in grazing use filed after the billing notices for the affected grazing use have been issued and which require the issuance of a replacement or supplemental billing notice shall be subject to a service charge under § 4130.7-3 of this title .

(b) Changes in grazing use may be granted by the authorized officer.

[49 FR 6453, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984]

§ 4130.1-2 Conflicting applications.

When more than one qualified applicant applies for livestock grazing use of the same public lands and/or where additional forage for livestock or additional acreage becomes available, the authorized officer may authorize grazing use of such land or forage on the basis of § 4110.3-1 of this title or on the basis of any of the following factors:

(a) Historical use of the public lands (see § 4130.2(d));

(b) Proper range management and use of water for livestock;

(c) General needs of the applicant's, livestock operations;

(d) Public ingress or egress across privately owned or controlled land to public lands;

(e) Topography; and

(f) Other land use requirements unique to the situation.

[49 FR 6453, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984, as amended at 53 FR 10234, Mar. 29, 1988]

§ 4130.2 Grazing permits or leases.

(a) Grazing permits or leases shall be issued to authorize livestock grazing on the public lands and other lands under the administration of the Bureau of Land Management. These grazing permits or leases shall specify terms and conditions as required by § 4130.6 of this title.

(b) Grazing permits or leases convey no right, title, or interest held by the United States in any lands or resources.

(c) Grazing permits or leases authorizing livestock grazing on the public lands and other lands under the administration of the Bureau of Land Management shall be issued for a term of 10 years, unless: (1) The land is pending disposal; (2) the land will be devoted to a public purpose which precludes grazing prior to the end of 10 years; or (3) it will be in the best interest of sound land management to specify a shorter term.

(d) Permittees or lessees holding expiring grazing permits or leases shall be given first priority for new permits or leases if:

(1) The lands for which the permit or lease is issued remain available for domestic livestock grazing;

(2) The permittee or lessee is in compliance with the rules and regulations and the terms and conditions in the permit or lease;

(3) The permittee or lessee accepts the terms and conditions to be included by the authorized officer in the new permit or lease.

(e) Permits or leases may incorporate the percentage of public land livestock use (see § 4130.6-2) or may include private land offered under exchange-of-use grazing agreements (see § 4130.4-1).

[43 FR 29067, July 5, 1978, as amended at 47 FR 41711, Sept. 21, 1982; 49 FR 6453, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984; 53 FR 10234, Mar. 29, 1988; 53 FR 22326, June 15, 1988]

§ 4130.3 Free-use grazing permits.

A free-use grazing permit shall be issued to any applicant whose residence is adjacent to public lands within grazing districts and who needs these public lands to support those domestic livestock owned by the applicant whose products or work are used directly and exclusively by the applicant and his family. The issuance of free-use grazing permits is subject to § 4130.1-2. These permits shall be issued on an annual basis. These permits cannot be transferred or assigned.

[43 FR 29067, July 5, 1978, as amended at 49 FR 6453, Mar. 30, 1984]

§ 4130.4 Other grazing authorizations.

Exchange-of-use grazing agreements, nonrenewable grazing permits or leases, crossing permits, and special grazing permits or leases have no priority for renewal and cannot be transferred or assigned.

[43 FR 29067, July 5, 1978, as amended at 47 FR 41711, Sept. 21, 1982]

§ 4130.4-1 Exchange-of-use grazing agreements.

(a) An exchange-of-use grazing agreement may be issued to any applicant who owns or controls lands which are unfenced and intermingled with public lands when use under such an agreement would be in harmony with the management objectives for the allotment.

(b) An exchange-of-use grazing agreement may be issued to authorize use of public lands to the extent of the livestock carrying capacity of the lands offered in exchange-of-use. No fee shall be charged for this grazing use.

[45 FR 47105, July 11, 1980, as amended at 49 FR 6453, Feb. 21, 1984; 53 FR 10234, Mar. 29, 1988]

§ 4130.4-2 Nonrenewable grazing permits and leases.

Nonrenewable grazing permits or leases may be issued on an annual basis to qualified applicants when forage is temporarily available, provided this use is consistent with multiple-use objectives and does not interfere with existing livestock operations on the public lands.

[47 FR 41711, Sept. 21, 1982]

§ 4130.4-3 Crossing permits.

Any applicant showing the necessity for crossing the public land or other land under Bureau of Land Management control, or both, with livestock for proper and lawful purposes may be issued a crossing permit upon such terms and conditions deemed necessary by the authorized officer to achieve the objectives of this part.

§ 4130.4-4 Special grazing permits or leases.

Special grazing permits or leases authorizing grazing use by privately owned or controlled indigenous animals may be issued at the discretion of the authorized officer. This use shall be consistent with multiple-use objectives. These permits or leases shall be issued for a term deemed appropriate by the authorized officer not to exceed 10 years.

[43 FR 29067, July 5, 1978, as amended at 47 FR 41711, Sept. 21, 1982]

§ 4130.5 Ownership and identification of livestock.

(a) The permittee or lessee shall own or control and be responsible for the management of the livestock which graze the public land under a grazing permit or lease.

(b) Authorized users shall comply with the requirements of the State in which the public lands are located relating to branding of livestock, breed, grade, and number of bulls, health and sanitation.

(c) The authorized officer may require counting and/or additional special marking or tagging of the authorized livestock in order to promote the orderly administration of the public lands.

(d) Where a permittee or lessee controls but does not own the livestock which graze the public lands, the agreement that gives the permittee or lessee control of the livestock shall be filed with the authorized officer.

(e) The brand and other identifying marks on livestock controlled, but not owned, by the permittee or lessee shall be filed with the authorized officer.

[49 FR 6453, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984, as amended at 50 FR 45827, Nov. 4, 1985]

§§ 4130.5-1—4130.5-3 [Reserved]

§ 4130.6 Terms and conditions.

Livestock grazing permits and leases shall contain terms and conditions necessary to achieve the management objectives for the public lands and other lands under Bureau of Land Management administration.

[49 FR 6453, Feb. 21, 1984, as amended at 53 FR 10234, Mar. 29, 1988]

§ 4130.6-1 Mandatory terms and conditions.

(a) The authorized officer shall specify the kind and number of livestock, the period(s) of use, the allotment(s) to be used, and the amount of use, in animal unit months, for every grazing permit or lease. The authorized livestock grazing use shall not exceed the livestock carrying capacity as determined through monitoring and adjusted as necessary under §§ 4110.3, 4110.3-1 and 4110.3-2.

(b) All permits and leases shall be made subject to cancellation, suspension, or modification for any violation of these regulations or of any term or condition of the permit or lease.

[49 FR 6453, Feb. 21, 1984, as amended at 53 FR 10234, Mar. 29, 1988]

§ 4130.6-2 Other terms and conditions.

The authorized officer may specify in grazing permits or leases other terms and conditions which will assist in achieving management objectives, provide for proper range management or assist in the orderly administration of the public rangelands. These may include but are not limited to:

(a) The class of livestock that will graze on an allotment;

(b) The breed of livestock in allotments within which two or more permittees or lessees are authorized to graze;

(c) Authorization to use, and directions for placement of supplemental feed, including salt, for improved livestock and rangeland management on the public lands;

(d) A requirement that permittees or lessees operating under a grazing permit or lease submit within 15 days after completing their annual grazing use, or as otherwise specified in the permit or lease, the actual use made;

(e) The kinds of indigenous animals authorized to graze under specific terms and conditions;

(f) Provision for livestock grazing to be temporarily delayed, discontinued or modified to allow for the reproduction, establishment, or restoration of vigor to plants, or to prevent compaction of wet soils, such as where delay of spring turnout is required because of weather conditions or lack of plant growth; and

(g) The percentage of public land use determined by the proportion of livestock forage available on public lands within the allotment compared to the total amount available from both public lands and those owned or controlled by the permittee or lessee.

[49 FR 6453, Feb. 21, 1984; 49 FR 12704, Mar. 30, 1984]

§ 4130.6–3 Modification.

Following careful and considered consultation, cooperation and coordination with the lessees, permittees, and other affected interests, the authorized officer may modify terms and conditons of the permit or lease if monitoring data show that present grazing use is not meeting the land use plan or management objectives.

[49 FR 6453, Feb. 21, 1984; 49 FR 12705, Mar. 30, 1984]

§ 4130.7 Fees.

[49 FR 6454, Feb. 21, 1984]

§ 4130.7–1 Payment of fees.

(a) Grazing fees shall be established annually by the Secretary.

(1) Except as provided in paragraphs (a)(2) and (a)(3) of this section, the calculated fee or grazing fee shall be equal to the $1.23 base established by the 1966 Western Livestock Grazing Survey multiplied by the result of the Forage Value Index (computed annually from data supplied by the National Agricultural Statistics Service) added to the Combined Index (Beef Cattle Price Index minus the Prices Paid Index) and divided by 100; as follows:

$$CF = \$1.23 \times \frac{FVI + BCPI - PPI}{100}$$

CF = Calculated Fee (grazing fee) is the estimated economic value of livestock grazing, defined by the Congress as fair market value (FMV) of the forage;

$1.23 = The base economic value of grazing on public rangeland established by the 1966 Western Livestock Grazing Survey;

FVI = *Forage Value Index* means the weighted average estimate of the annual rental charge per head per month for pasturing cattle on private rangelands in the 11 Western States (Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah, Nevada, Washington, Oregon, and California) (computed by the National Agricultural Statistics Service from the June Enumerative Survey) divided by $3.65 and multiplied by 100;

BCPI = *Beef Cattle Price Index* means the weighted average annual selling price for beef cattle (excluding calves) in the 11 Western States (Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah, Nevada, Washington, Oregon, and California) for November through October (computed by the National Agricultural Statistics Service divided by $22.04 per hundred weight and multiplied by 100; and

PPI = *Prices Paid Index* means the following selected components from the National Agricultural Statistics Service's Annual National Index of Prices Paid by Farmers for Goods and Services adjusted by the weights indicated in parentheses to reflect livestock production costs in the Western States: 1. Fuels and Energy (14.5); 2. Farm and Motor Supplies (12.0); 3. Autos and Trucks (4.5); 4. Tractors and Self-Propelled Machinery (4.5); 5. Other Machinery (12.0); 6. Building and Fencing Materials (14.5); 7. Interest (6.0); 8. Farm Wage Rates (14.0); 9. Farm Services (18.0).

(2) Any annual increase or decrease in the grazing fee for any given year shall be limited to not more than plus or minus 25 percent of the previous year's fee.

(3) The grazing fee for any year shall not be less than $1.35 per animal unit month.

(b) Fees shall be charged for livestock grazing upon or crossing the public lands and other lands administered by the Bureau of Land Management at a specified rate per animal unit month.

(c) The full fee shall be charged for each paying animal unit which is defined as each animal six (6) months of age or over at the time of entering the public lands, for all weaned animals regardless of age, and for such animals as will become twelve (12) months of age during the authorized period of use. No charge will be made for animals under six (6) months of age at the time of entering the public lands, that are the natural progeny of animals upon which fees are paid, provided they will not become twelve (12) months of age during the authorized period of use, or for progeny born during that period.

(d) Fees are due on due date specified on the grazing fee bill. Payment will be made prior to grazing use. If allotment management plans provide for billing after the grazing season, fees will be based on actual grazing use and will be due upon issuance.

(e) Failure to pay the grazing bill within 15 days of the due date specified in the bill shall result in a late fee assessment of $25.00 or 10 percent of the grazing bill, whichever is greater, but not to exceed $250.00. Payment made later than 15 days after the due date, shall include the appropriate late fee assessment. Failure to make payment within 30 days may be a violation of § 4140.1(b)(1) and shall result in action by the authorized officer under §§ 4150.1 and 4160.1-2.

[49 FR 6454, Feb. 21, 1984, as amended at 53 FR 2993, Feb. 2, 1988; 53 FR 10235, Mar. 29, 1988; 53 FR 22326, June 15, 1988]

§ 4130.7-2 Refunds.

(a) Grazing fees may be refunded where applications for change in grazing use and related refund are filed prior to the period of use for which the refund is requested.

(b) No refunds shall be made for failure to make grazing use, except during periods of range depletion due to drought, fire, or other natural causes, or in case of a general spread of disease among the livestock that occurs during the term of a permit or lease. During these periods of range depletion the authorized officer may credit or refund fees in whole or in part, or postpone fee payment for as long as the emergency exists.

[49 FR 6454, Feb. 21, 1984; 49 FR 12705, Mar. 30, 1984]

§ 4130.7-3 Service charge.

A service charge shall be assessed for each crossing permit, transfer of grazing preference and each replacement or supplemental billing notice except for actions initiated by the authorized officer. Pursuant to section 304(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1734(a)), calculation of the Bureau service charge assessed shall reflect processing costs and shall be adjusted periodically as costs change. Notice of changes shall be published periodically in the FEDERAL REGISTER.

[49 FR 6454, Feb. 21, 1984; 49 FR 12705, Mar. 30, 1984]

§ 4130.8 Pledge of permits or leases as security for loans.

Grazing permits or leases that have been pledged as security for loans from lending agencies shall be renewed by the authorized officer under the provisions of these regulations for a period of not to exceed 10 years if the loan is for the purpose of furthering the permittee's or lessee's livestock operation, *Provided*, That the permittee or lessee has complied with the rules and regulations of this part and that such renewal will be in accordance with other applicable laws and regulations. While grazing permits or leases may be pledged as security for loans from lending agencies, this does not exempt these permits or leases from the provisions of these regulations.

[43 FR 29067, July 5, 1978. Redesignated at 49 FR 6454, Feb. 21, 1984]

Subpart 4140—Prohibited Acts

§ 4140.1 Acts prohibited on public lands.

The following acts are prohibited on public lands and other lands administered by the Bureau of Land Management:

(a) Persons performing the following prohibited acts may be subject to civil penalties under § 4170.1:

(1) Violating special terms and conditions incorporated in permits or leases;

(2) Failing to make substantial grazing use as authorized for 2 consecutive fee years;

(3) Placing supplemental feed on these lands without authorization.

(4) Failing to comply with the terms, conditions, and stipulations of range improvement cooperative agreements or range improvement permits;

(5) Refusing to install, maintain, modify, or remove range improvements when so directed by the authorized officer.

(6) Subleasing as defined in this subpart.

(b) Persons performing the following prohibited acts may be subject to civil and criminal penalties under §§ 4170.1 and 4170.2:

(1) Allowing livestock or other privately owned or controlled animals to graze on or be driven across these lands:

(i) Without a permit, lease or other grazing use authorization;

(ii) In violation of the terms and conditions of a permit, lease, or other grazing use authorization including, but not limited to, livestock in excess of the number authorized;

(iii) In an area or at a time different from that authorized; or

(iv) Failing to comply with a requirement under § 4130.5(c) of this title.

(2) Installing, using, maintaining, modifying, and/or removing range improvements without authorization;

(3) Cutting, burning, spraying, destroying, or removing vegetation without authorization;

(4) Damaging or removing U.S. property without authorization;

(5) Molesting livestock authorized to graze on these lands;

(6) Littering;

(7) Interfering with lawful uses or users;

(8) Knowingly or willfully making a false statement or representation in base property certifications, grazing applications, range improvement permit applications, cooperative agreements, actual use reports and/or amendments thereto;

(9) Violating State livestock requirements relating to branding of livestock; breed, grade, and number of bulls; and health and sanitation requirements;

(10) Violating the Bald Eagle Protection Act or the Endangered Species Act.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5790, Jan. 19, 1981; 47 FR 41712, Sept. 21, 1982; 49 FR 6454, Feb. 21, 1984; 50 FR 45827, Nov. 4, 1985; 53 FR 10235, Mar. 29, 1988; 53 FR 22326, June 15, 1988]

Subpart 4150—Unauthorized Grazing Use

§ 4150.1 Violations.

Violation of § 4140.1(b)(1) constitutes unauthorized grazing use. Violators shall be liable in damages to the United States for the forage consumed by their livestock, for injury to Federal property caused by their unauthorized grazing use, and for expenses incurred in impoundment and disposal of their livestock, and may be subject to civil penalities or criminal sanction for such unlawful acts.

[43 FR 29067, July 5, 1978, as amended at 47 FR 41712, Sept. 21, 1982]

§ 4150.2 Notice and order to remove.

(a) Whenever it appears that a violation exists and the owner of the unauthorized livestock is known, written notice of unauthorized use and order to remove livestock by a specified date shall be served upon the alleged violator or the agent of record, or both, by certified mail or personal delivery. The written notice shall also allow a specified time from receipt of notice for the alleged violator to show that there has been no violation or to make settlement under § 4150.3.

(b) When neither the owner of the unauthorized livestock nor his agent is known, the authorized officer may proceed to impound the livestock under § 4150.4.

[43 FR 29067, July 5, 1978, as amended at 47 FR 41712, Sept. 21, 1982; 49 FR 6454, Feb. 21, 1984]

§ 4150.3 Settlement.

The authorized officer shall determine whether the violation is nonwillful, willful, or repeated willful. Where violations are repeated willful, the authorized officer shall take action under § 4170.1-1(b) of this title. The amount due for all settlements shall include the value of forage consumed as determined by paragraph (a), (b), or (c) of this section. Settlement for willful and repeated willful violations shall also include the full value for all damages to the public lands and other property of the United States; and all reasonable expenses incurred by the United States in detecting, investigating, resolving violations, and livestock impoundment costs.

(a) For nonwillful violation: The value of forage consumed as determined by the average monthly rate per AUM for pasturing livestock on privately owned land (excluding irrigated land) for the 11 Western States as published annually by the Department of Agriculture.

(b) For willful violations: Twice the value of forage consumed as determined in paragraph (a) of this section.

(c) For repeated willful violations: Three times the value of the forage consumed as determined in paragraph (a) of this section."; and

(d) Payment made under this section does not relieve the alleged violator of any criminal liability under Federal or State law.

(e) Violators shall not be authorized to make grazing use on the public lands administered by the Bureau of Land Management until any amount found to be due the United States under this section has been paid. The authorized officer may take action under § 4160.1-2 of this title to cancel or suspend grazing authorizations or to deny approval of applications for grazing use until such amounts have been paid. The proposed decision shall include a demand for payment.

[49 FR 6454, Feb. 21, 1984, as amended at 53 FR 10235, Mar. 29, 1988]

§ 4150.4 Impoundment and disposal.

Unauthorized livestock remaining on the public lands or other lands under Bureau of Land Management control, or both, after the date set forth in the notice and order to remove sent under § 4150.2 may be impounded and disposed of by the authorized officer as provided herein.

[43 FR 29067, July 5, 1978. Redesignated at 47 FR 41712, Sept. 21, 1982]

§ 4150.4-1 Notice of intent to impound.

(a) A written notice of intent to impound shall be sent by certified mail or personally delivered to the owner or his agent, or both. The written notice shall indicate that unauthorized livestock on the specified public lands or other lands under Bureau of Land Management control, or both, may be impounded any time after 5 days from delivery of the notice.

(b) Where the owner and his agent are unknown, or where both a known owner and his agent refuses to accept delivery, a notice of intent to impound shall be published in a local newspaper and posted at the county courthouse and a post office near the public land involved. The notice shall indicate that unauthorized livestock on the specified public lands or other lands under Bureau of Land Management control, or both, may be impounded any time after 5 days from publishing and posting the notice.

[43 FR 29067, July 5, 1978. Redesignated and amended at 47 FR 41712, Sept. 21, 1982; 49 FR 6454, Feb. 21, 1984]

§ 4150.4-2 Impoundment.

After 5 days from delivery of the notice under § 4150.4-1(a) of this title or any time after 5 days from publishing and posting the notice under § 4150.4-1(b) of this title, unauthorized livestock may be impounded without further notice any time within the 12-month period following the effective date of the notice.

[47 FR 41712, Sept. 21, 1982, as amended at 49 FR 6454, Feb. 21, 1984; 49 FR 12705, Mar. 30, 1984]

§ 4150.4-3 Notice of public sale.

Following the impoundment of livestock under this subpart the livestock may be disposed of by the authorized officer under these regulations or, if a suitable agreement is in effect, they may be turned over to the State for disposal. Any known owners or agents, or both, shall be notified in writing by certified mail or by personal delivery of the sale and the procedure by which the impounded livestock may be redeemed prior to the sale.

[43 FR 29067, July 5, 1982. Redesignated and amended at 47 FR 41712, Sept. 21, 1982; 49 FR 6454, Feb. 21, 1984]

§ 4150.4-4 Redemption.

Any owner or his agent, or both, or lien-holder of record of the impounded livestock may redeem them under these regulations or, if a suitable agreement is in effect, in accordance with State law, prior to the time of sale upon settlement with the United States under § 4150.3 or adequate showing that there has been no violation.

[43 FR 29067, July 5, 1978. Redesignated at 47 FR 41712, Sept. 21, 1982]

§ 4150.4-5 Sale.

If the livestock are not redeemed on or before the date and time fixed for their sale, they shall be offered at public sale to the highest bidder by the authorized officer under these regulations or, if a suitable agreement is in effect, by the State. If a satisfactory bid is not received, the livestock may be reoffered for sale, condemned and destroyed or otherwise disposed of under these regulations, or if a suitable agreement is in effect, in accordance with State Law.

[43 FR 29067, July 5, 1978. Redesignated and amended at 47 FR 41712, Sept. 21, 1982]

Subpart 4160—Administrative Remedies

§ 4160.1 Proposed decisions.

§ 4160.1-1 Proposed decisions on permits or leases.

In the absence of a documented agreement between the authorized officer and the permittee(s) or lessee(s), the authorized officer shall serve a proposed decision on any applicant, permittee or lessee, or the agent of record, or both, who is affected by the proposed action on applications for permits (including range improvement permits) or leases, or by the proposed action relating to terms and conditions of permits (including range improvement permits) or leases, by certified mail or personal delivery. The authorized officer shall also send copies to other affected interests. The proposed decision shall state reasons for the action, including reference to pertinent terms, conditions and/or provisions of these regulations, and shall provide for a period of 15 days after receipt for the filing of a protest.

[46 FR 5791, Jan. 19, 1981, as amended at 47 FR 41713, Sept. 21, 1982; 49 FR 6454, Feb. 21, 1984; 49 FR 12705, Mar. 30, 1984]

§ 4160.1-2 Proposed decisions on alleged violations.

If the authorized officer determines that a permittee or lessee appears to have violated any provision of this part he shall serve a proposed decision on the permittee or lessee, or his agent, or both, by certified mail or personal delivery. The proposed decision shall state the alleged violation and refer to the specific terms, conditions, and/or provisions of these regulations alleged to have been violated and the reasons for the proposed decision. As applicable, the proposed decision shall state the amount due under § 4130.7-1 or § 4150.3 and the action to be taken under § 4170.1. The proposed decision shall provide for a period of 15 days after receipt for the filing of a protest.

[43 FR 29067, July 5, 1978, as amended at 47 FR 41713, Sept. 21, 1982; 49 FR 6455, Feb. 21, 1984]

§ 4160.2 Protests.

Any applicant, permittee, lessee or other affected interests may protest the proposed decision under § 4160.1 of this title in person or in writing to the authorized officer within 15 days after receipt of such decision.

[47 FR 41713, Sept. 21, 1982, as amended at 49 FR 6455, Feb. 21, 1984]

§ 4160.3 Final decisions.

(a) In the absence of a protest, the proposed decision shall become the final decision of the authorized officer without further notice.

(b) Upon the timely filing of a protest, the authorized officer shall reconsider his proposed decision in light of the protestant's statement of reasons for protest and in light of other information pertinent to the case. At the conclusion to his review of the protest, the authorized officer shall serve his final decision on the protestant or his agent, or both, and on other affected interests.

(c) A period of 30 days after receipt of the final decision is provided for filing an appeal. Decisions that are appealed shall be suspended pending final action except as otherwise provided in this section. Except where grazing use the preceding year was authorized on a temporary basis under § 4110.3-1(a) of this title, an applicant who was granted grazing use in the preceding year may continue at that level of authorized active use pending final action on the appeal. The authorized officer may place the final decision in full force and effect in an emergency to stop resource deterioration. Full force and effect decisions shall take effect on the date specified, regardless of an appeal.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5791, Jan. 19, 1981; 47 FR 41713, Sept. 21, 1982; 47 FR 46702, Oct. 20, 1982; 49 FR 6455, Feb. 21, 1984; 49 FR 12705, Mar. 30, 1984]

§ 4160.4 Appeals.

Any person whose interest is adversely affected by a final decision of the authorized officer may appeal the decision for the purpose of a hearing before an administrative law judge under § 4.470 of this title by filing his notice of appeal in the office of the authorized officer within 30 days after the receipt of the decision.

[43 FR 29067, July 5, 1978, as amended at 49 FR 6455, Feb. 21, 1984; 49 FR 12705, Mar. 30, 1984]

Subpart 4170—Penalties

§ 4170.1 Civil penalties.

§ 4170.1-1 Penalty for violations.

(a) The authorized officer may withhold issuance of a grazing permit or lease, or suspend the grazing use authorized under a grazing permit or lease, in whole or in part, or cancel a grazing permit or lease and grazing preference, or a free use grazing permit or other grazing authorization, in whole or in part, under subpart 4160 of this title, for violation by a permittee or lessee of any of the provisions of this part.

(b) The authorized officer shall suspend the grazing use authorized under a grazing permit, in whole or in part, or shall cancel a grazing permit or lease and grazing preference, in whole or in part, under subpart 4160 of this title for repeated willful violation by a permittee or lessee of § 4140.1(b)(1) of this title.

(c) Whenever a nonpermittee or nonlessee violates § 4140.1(b) of this title and has not made satisfactory settlement under § 4150.3 of this title the authorized officer shall refer the matter to proper authorities for appropriate legal action by the United States against the violator.

(d) Any person who is found to have violated the provisions of § 4140.1(a)(6) since October 12, 1984, shall be required to pay to the authorized officer the dollar equivalent value, as determined by the authorized officer, of all compensation received for the sublease which is in excess of the sum of the established grazing fee and the cost incurred by that person for the installation and maintenance of authorized range improvements. If the dollar equivalent value is not received by the authorized officer within 30 days of receipt of the final decision, the grazing permit or lease shall be cancelled. Such payment shall be in addition to any other penalties the authorized officer may impose under paragraph (a) of this section.

[46 FR 5792, Jan. 19, 1981, as amended at 50 FR 45827, Nov. 4, 1985]

§ 4170.1-2 Failure to use.

After consultation, coordination, and cooperation, the authorized officer may cancel a grazing preference to the extent of failure to use when a permittee or lessee has failed to make substantial grazing use as authorized for 2 consecutive years. (See § 4140.1(a)(2)).

[49 FR 6455, Feb. 21, 1984]

§ 4170.1-3 Bald Eagle Protection Act and Endangered Species Act.

Violation of the Bald Eagle Protection Act or the Endangered Species Act may result in penalty under § 4170.1-1 where:

(a) Public land administered by the Bureau of Land Management is involved or affected;

(b) Such violation is related to grazing use authorized by permit or lease;

(c) The permittee or leessee has been convicted or otherwise found to be in violation of the law or regulations by a court or by final determination of any agency charged with the administration of the law where no further appeals are outstanding.

[53 FR 10235, Mar. 29, 1988]

§ 4170.2 Penal provisions.

§ 4170.2-1 Penal provisions under the Taylor-Grazing Act.

Under section 2 of the Act any person who willfully violates the provisions of § 4140.1(b) or of approved special rules and regulations is punishable by a fine of not more than $500.

§ 4170.2-2 Penal provisions under the Federal Land Policy and Management Act.

Under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*), any person who knowingly and willfully violates the provisions of § 4140.1(b) or of approved special rules and regulations may be brought before a designated U.S. magistrate and is punishable by a fine of not more than $1,000 or imprisonment for no more than 12 months or both.

SOURCE: 43 FR 29062, July 5, 1978, unless otherwise noted.

Subpart 4200—Grazing Administration; Alaska; Livestock; General

§ 4200.0-2 Objectives.

The beneficial utilization of the public lands in Alaska for the purpose of livestock grazing shall be conducted in such manner as may be considered necessary and consistent with the purposes of the act but shall be subordinated to the development of their mineral resources, to their use for agriculture, to the protection, development, and utilization of their forests and to the protection, development, and utilization of such other resources as may be of greater benefit to the public.

§ 4200.0-3 Authority.

The Act of March 4, 1927, as amended (43 U.S.C. 316, 316a through 316o), authorizes the Secretary of the Interior to establish grazing districts upon any public lands in Alaska, surveyed or unsurveyed, outside of the Aleutian Islands Reservation, outside of national forests and other reservations administered by the Secretary of Agriculture and outside of national parks and monuments, and to lease such lands for the grazing of livestock thereon. Section 316f provides that a lease may be made for such term as the Secretary deems reasonable, but not to exceed 55 years, taking into consideration all factors that are relevant to the exercise of the grazing privileges.

§ 4200.0-5 Definitions.

As used in this subpart:

(a) *Secretary* means Secretary of the Interior;

(b) *Director* means Director, Bureau of Land Management;

(c) *Authorized officer* or *manager* means the designated official of the Bureau of Land Management, in whose district the lands involved are situated, who has been delegated the authority to issue grazing leases;

(d) *The Act* means the Act of March 4, 1927, as amended (43 U.S.C. 316, 316a through 316o);

(e) *Person* means individual, partnership, corporation, or association;

(f) *Native* means any member of the aboriginal races inhabiting Alaska, of whole or not less than half blood;

(g) *District* means any grazing district established under the Act;

(h) *Animal unit month* means the forage consumed or grazing privileges represented by the grazing of one cow or its equivalent for 1 month. For the purpose of this definition, one cow shall be considered the equivalent of one horse, or five sheep or five goats.

Subpart 4210—Conditions

§ 4210.1 Grazing districts.

(a) *Establishment.* Pursuant to the act, grazing districts are hereby established, the boundaries of which shall be coextensive with the boundaries of the public land districts in Alaska.

(b) *Leases on acreage basis.* Grazing leases will be granted only for such areas as may be deemed adequate and usable according to the needs of the lessee. Leases will provide for grazing on a definite area, and on an acreage basis, except where peculiar local conditions or the difficulties of administration make more practicable a lease based on the number of livestock to be grazed.

§ 4210.2 Lands subject to lease.

Vacant, unreserved, and unappropriated public lands are subject to lease. Where these lands are embraced within the natural grazing grounds or routes of migration of animals such as caribou or moose, or have other important values for wildlife, the lands may be leased, in the discretion of the manager, subject to such special terms and conditions as may be determined. Except as to those reservations described in § 4200.0-3 public lands within the boundaries of a grazing district which have been withdrawn for any purpose may be leased with the prior consent of the Department or agency having administrative jurisidiction thereof and subject to such additional terms and conditions as such Department or agency may impose.

§ 4210.3 Qualifications of applicants.

An applicant for a grazing lease is qualified if the applicant:

(a) Is a citizen of the United States, or

(b) Has on file before a court of competent jurisdiction a valid declaration of intention to become a citizen, or a valid petition for naturalization, or

(c) Is a group, association, or corporation organized under the laws of the United States or of any State or Territory thereof, authorized to conduct business in Alaska, and the controlling interest in which is vested in persons who would be qualified under either paragraph (a) or (b) of this section.

§ 4210.4 No right acquired by applicant prior to lease.

The filing of an application will not segregate the land applied for from application by other persons for a grazing lease, or from other disposition under the public land laws. As the issuance of a lease is discretionary, the filing of an application for the lease will not in any way create any right in the applicant to a lease, or to the use of the lands applied for pending the issuance of a lease. Any such unauthorized use constitutes a trespass.[1]

Subpart 4220—Procedures

§ 4220.1 Applicants.

(a) *Classes of applicants and preference.* Applicants for grazing leases shall be given preference in the following order:

(1) Natives.

(2) Bona fide settlers.

(3) Other qualified applicants.

(b) *Assertion of preference rights.* Any person claiming a preference right to a lease under paragraph (a) of this section must furnish with the application required under § 4220.2(a) a statement setting forth the facts on which such claim is made.

§ 4220.2 Application for lease.

(a) *Form used.* An application for grazing lease must be executed in duplicate on a form approved by the Director, and filed with the manager.

(b) *Schedule of operations.* The application must be accompanied by a schedule of the applicant's proposed annual program to develop and increase the number of livestock which will be grazed on the land, and showing the applicant's need for all the land applied for, to provide forage for the maximum number of livestock which the applicant intends to graze thereon.

(c) *Financial responsibility.* The applicant, upon request by the manager, must also furnish evidence of his financial responsibility consisting of a showing that he has the financial means or has made arrangements with an established financial institution to provide the capital necessary to commence and maintain his proposed schedule of operations.

§ 4220.3 Maximum number of stock.

The lease will indicate the maximum number of stock which may be grazed on the leased area, based on the condition of the range and its accessibility for summer and winter feeding. The manager may adjust the maximum number from time to time as the condition of the range may warrant.

§ 4220.4 Annual rental.

(a) *Amount.* Unless otherwise provided, each lessee shall pay to the Bureau of Land Management such rental per acre, per head, or per animal unit month, as may be determined to be a fair charge for grazing of livestock on the leased land. The rental under any grazing lease may be adjusted every 3 years. The date for making the annual payment will be specified in the lease. If the rental is to be paid according to the number of animals grazed, no charge will be made for the natural increase of grazing animals until the beginning of the following lease year.

(b) *Adjustment or waiver.* The manager, if he determines such action to be in the public interest by reason of: (1) Depletion or destruction of the range by any cause beyond the control of the lessee, or (2) calamity or disease causing wholesale destruction of or injury to livestock, may grant an extension of time for making payment, or reduce or waive the grazing fee under a lease so affected. An application for the desired relief should be filed with the manager and should state all pertinent details and itemize the losses sustained.

(c) *Payment.* The first rental payment required and the return of the proposed lease duly executed by the prospective lessee shall be made within 30 days of receipt of the lease form by the prospective lessee; if the rental is not paid or the lease is not returned within the prescribed time, the offer shall be null and void and of no effect, and all rights of the prospective lessee thereunder or under the application upon which it is based shall be considered as terminated. Subsequent rental payments for succeeding lease periods are payable in advance. In the event such payment is not received in the proper office by the last day of the current lease period or within the time prescribed in the billing notice whichever is the later, the case shall be considered canceled and all rights terminated thereunder as of the end of such current lease period; except the lease shall not terminate if the lessee submits payment to the proper office within a grace period of 60 days following the last day of the current lease period together with a showing satisfactory to the authorized office that the delay in rental payment was for unavoidable reasons and that termination of the lease would cause undue hardship to the lessee.

---

[1] It is unlawful for any person to graze any class of livestock on the public lands in grazing districts in Alaska, except under authority of a lease or permit granted under the act. Any person who willfully grazes livestock in such areas without such authority shall, upon conviction, be punished by a fine of not more than $500. (Sec. 12, Act of March 4, 1927; 43 U.S.C. 316k and notice approved March 7, 1929.)

§ 4220.5 Reduction in excessive leased area.

Whenever, in the opinion of the manager, the leased land is excessive for the number of livestock to be grazed by the lessee, the manager may, after 30 days' notice to the lessee, reduce the lease area to the extent necessary, and the annual rental, if on an acreage basis, shall be reduced proportionately, effective at the beginning of the next lease year.

§ 4220.6 Free grazing permits.

Any person may file application in duplicate on a form approved by the Director, for a permit to graze, free of charge, not to exceed the number of livestock whose products are consumed or whose work is directly and exclusively used by the applicant or his family, for a term of not more than 1 year.

§ 4220.7 Leases.

(a) *Issuance of lease.* If the application is complete and it is determined that a lease should be issued, the manager will prepare a proposed lease, with necessary copies, on a form approved by the Director, for execution by the applicant. The forms, signed by the applicant, must be forwarded promptly to the manager, together with any required rental payment. The lease will be dated as of January 1 of the year in which it is issued, and the required rental for the first year will be adjusted on a pro rata monthly basis to cover that portion of the year subsequent to the lease issuance.

(b) *Report of grazing operations.* Before April 1 of the second lease year and each lease year thereafter, the lessee shall file with the manager a report, in duplicate, on a form approved by the Director, of his grazing operations during the preceding year.

(c) *Assignments.* No part of the leased land may be subleased. Any proposed assignment of a lease, in whole or in part, must be filed in duplicate with the authorized officer within 90 days of its execution. Assignments will be executed on a form approved by the Director and must be accompanied by the application on a form approved by the Director, executed in duplicate, together with the same showing by the assignee as to qualifications and stock development schedule as would be required of applicants for a new lease, including financial responsibility when specifically requested by the manager. The assignee's acceptance of the lease offered pursuant to the grazing lease assignment shall constitute his acceptance of the lease terms. No assignment will be recognized nor will it confer on the assignee any rights to the leased area until a lease therefor is issued to him.

(d) *Renewals.* An application for renewal of a grazing lease should be executed and filed in duplicate on a form approved by the Director not less than 4 months but not more than 8 months before the expiration date of the lease term. The renewal lease, if issued, will contain such terms and conditions as the manager may determine.

(e) *Rights reserved.* Grazing leases under this part shall be subordinated to and shall be subject to modification or reduction by the manager to the extent necessary to permit:

(1) The protection, development, and utilization, under applicable laws and regulations, of the mineral, timber, water, and other resources on or in the leased lands, including their use for agriculture.

(2) The allowance of applications for and the acquisition of homesites, easements, permits, leases, or other rights and uses, pursuant to applicable public land laws, where the same are in the public interest or will not unduly interfere with the use of the area for grazing purposes.

(3) The temporary closing of portions of the leased area to grazing whenever, because of improper handling of the stock, overgrazing, fire or other cause, such action is deemed necessary to restore the range to its normal condition.

(f) *Restrictions.* No lessee may so enclose roads, trails, or other highways as to disturb public travel thereon, nor interfere with existing communication lines or other improvements on the leased area; he shall not prevent legal hunting, fishing, or trapping on the land, or the ingress of miners, mineral prospectors, and other persons entitled to enter the area for lawful purposes.

(g) *Termination.* A lease may be surrendered by the lessee upon prior written notice filed with the manager, effective upon the date indicated in such notice but no less than 30 days from the date of filing, provided the lessee has complied with the terms and conditions of the lease and has paid all charges due thereunder.

(h) *Cancellation.* A lease may be canceled by the manager if the lease was issued improperly through error with respect to a material fact or facts, or if the lessee shall fail to comply with any of the provisions of the lease or of this part. No lease will be canceled for default in complying with the provisions of the lease or of this part until the lessee has been notified in writing of the nature of the default and has been afforded an opportunity to show why the lease should not be canceled.

§ 4220.8 Stock driveways; crossing permits; quarantine regulations.

(a) *Stock driveways.* The manager may establish stock driveways for the regular crossing of livestock across public lands, in such form and manner as he may determine.

(b) *Crossing permits.* A permit for the crossing of livestock on a stock driveway or other public lands, including lands under grazing lease, may be issued free of charge, upon the filing of an application on a form approved by the Director, in duplicate, with the authorized officer at least 30 days prior to the date the crossing is to begin.

(c) *Quarantine regulations.* Persons driving or transporting stock across any public lands must comply with the quarantine and other sanitary laws prescribed by the Territorial or other proper authorities.

§ 4220.9 Range improvements.

(a) *Permits for construction and maintenance.* Application for a permit to construct and maintain range improvements should be filed with the authorized officer in duplicate on a form approved by the Director. The lessee, upon obtaining an executed permit from the authorized officer, may construct, maintain, and utilize authorized fences, buildings, corrals, reservoirs, wells, or other improvements needed for the exercise of the grazing privileges under the lease. The lessee will be required to comply with the laws of the State of Alaska with respect to the construction and maintenance of fences, but any such fence shall be constructed to permit the ingress and egress of miners, prospectors for minerals, and other persons entitled to enter such area for lawful purposes. The lessee, upon written approval by the authorized officer, may improve by seeding or reseeding within the lease area and may harvest hay or ensilage from such seeded or reseeded areas provided that the forage so produced is used primarily as feed for the lessee's livestock. The authorized officer may approve the assignment of range improvements upon receipt of an application for such assignment on a form approved by the Director.

(b) *Removal of improvements and personal property.* (1) Improvements, fixtures, or personal property (other than livestock) may not be removed from the lands unless all moneys due the United States under the lease have been paid.

(2) If all moneys due have been paid and the lessee, on or before the termination of his lease in whole or in part for any reason, notifies the manager of his determination to leave on the land involved in such termination improvements, the construction or maintenance of which has been authorized, no other person shall use or occupy, under any permit, lease, or entry under any public land law, the land on which such improvements are located, until there has been paid to the person entitled thereto the value of such improvements. If the interested parties are unable to reach an agreement as to such value, the amount may be fixed by the manager. All such agreements, to be effective, must be approved by the manager. The failure of the subsequent permittee, lessee, or entryman to pay the former lessee in accordance with such agreement will be just cause for the cancellation of the permit, lease, or entry.

(3) In the absence of a notice by the lessee in accordance with paragraph (b)(2) of this section, the lessee shall, within 90 days from the date of expiration or termination of the lease, and if all charges due thereunder have been paid, remove all personal property belonging to him, together with any fence, building, corral, or other removable range improvements owned by him. All such property which is not removed with the time allowed shall thereupon become the property of the United States.

Subpart 4230—Disposition of Leased Lands

§ 4230.1 Settlement, location, and acquisition.

Lands leased under the act are not subject to settlement, location, and acquisition under the nonmineral public land laws applicable to Alaska unless and until the authorized officer of the Bureau of Land Management determines that the grazing lease should be canceled or reduced in order to permit, in the public interest and without undue interference with the grazing operations, the appropriate development and utilization of the lands (see § 4220.7(e)) and that the lands are suitable for and otherwise subject to the intended settlement, location, entry, or acquisition. An application on the appropriate form or a notice on a form approved by the Director if applicable to the class of entry contemplated, will be accepted and treated as a petition for determination. Upon such determination and after not less than 30 days' notice thereof to the lessee, the grazing lease may be canceled or reduced to permit the settlement, location, entry or other acquisition of the lands so eliminated from the lease, and the petitioner will be accorded a preference right to settle upon or enter the lands in accordance with the determination.

§ 4230.2 Mineral prospecting, location, and purchase.

Unless otherwise withdrawn therefrom, lands leased under the act are subject to disposition under the mineral leasing laws and to mineral prospecting, location, and purchase under the mining laws, in accordance with the applicable regulations of Group 3800 of this chapter.

Subpart 4240—Protests, Hearings, and Appeals

§ 4240.1 Protests.

Protests against an application for a lease should be filed in duplicate, with the manager, contain a complete disclosure of all facts upon which the protests is based, and describe the lands involved in such protest; and should be accompanied by evidence of service of a copy of the protest upon the applicant. If the protestant desires to lease all or part of the land embraced in the application against which the protest is filed, the protest should be accompanied by an application for a grazing lease.

§ 4240.2 Hearings.

Any lessee of or applicant for grazing privileges may procure a review of any action or decision of the authorized officer by filing with such officer an application for a hearing, stating the nature of the action or decision complained of and the grounds of complaint. The filing of any such application and the conduct of the proceedings before an administrative law judge shall be governed by § 4.450 of this title.

Group 4300—Grazing Administration; Alaska; Reindeer

NOTE: The information collection requirements contained in subpart 4320 of Group 4300 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance number 1004-0024. The information is being collected to permit the authorized officer to determine whether an application to utilize the public lands in Alaska for reindeer grazing should be granted. The information will be used to make this determination. The obligation to respond is required to obtain a benefit.

AUTHORITY: Taylor Grazing Act of 1934, as amended (43 U.S.C. 315, 315(a)-315(r)), section 4 of the Act of August 28, 1937 (43 U.S.C. 1181(d)), and the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*).

SOURCE: 43 FR 29065, July 5, 1978, unless otherwise noted.

Subpart 4300—Grazing Administration; Alaska; Reindeer; General

§ 4300.0-3 Authority.

Section 12 of the Act of September 1, 1937 (50 Stat. 902), authorizes the Secretary of the Interior to promulgate such rules and regulations as, in his judgment, are necessary to carry into effect the provisions of this Act.

§ 4300.0-5 Definitions.

(a) *Reindeer* includes reindeer and such caribou as have been introduced into animal husbandry or have actually joined reindeer herds and the increase thereof.

(b) *Natives* include the native Indians; Eskimos, and Aleuts of whole or part blood inhabiting Alaska at the time of the Treaty of Cession of Alaska to the United States and their descendants of whole or part blood, together with the Indians and Eskimos who, since the year 1867 and prior to September 1, 1937, have migrated into Alaska from the Dominion of Canada, and their descendants of whole or part blood.

(c) *Bureau* means Bureau of Land Management.

(d) *Director* means Director, Bureau of Land Management.

(e) *Authorized Officer* means the Bureau official who has been authorized to issue a reindeer grazing permit.

(f) *The Act* means the Act of September 1, 1937 (50 Stat. 902).

Subpart 4310—Conditions

§ 4310.1 Lands subject to grazing permit.

Vacant and unreserved and unappropriated public lands are subject to inclusion in a reindeer grazing permit. Where these lands are within the natural migration routes of caribou, or when they have other important wildlife values, the lands may be included in a permit, at the discretion of the authorized officer after consultation with the Alaska Department of Fish and Game, subject to such special terms and conditions as may be jointly agreed upon. Public lands which have been withdrawn for any purpose may also be included in a grazing permit with the prior consent of the Department or agency having administrative jurisdiction thereof, and subject to such additional terms and conditions as such Department or agency may impose.

§ 4310.2 Qualifications of applicants.

An applicant is qualified if he is a native or group, association or corporation of natives as defined by the act of September 1, 1937, organized under the laws of the United States or the State of Alaska, or if the applicant is a native corporation under the provisions of the Alaska Native Claims Settlement Act.

§ 4310.3 No rights acquired by applicant prior to issuance of grazing permit.

The filing of an application will not segregate the land applied for from application by other persons for a grazing permit, or from other disposition under the public land laws. As the issuance of a grazing permit is discretionary, the filing of an application will not create a right for such a permit, or to the use of the lands applied for pending the issuance of a grazing permit.

§ 4310.4 Rights reserved; public land laws applicable.

(a) Grazing permits under this part shall be subordinated to higher uses and subject to modification or reduction by the authorized officer to the extent necessary to allow:

(1) The protection, development and utilization, under applicable laws and regulations, of the mineral, timber, water, and other resources on or in the lands included in the grazing permit, including their use for agriculture.

(2) The allowance of applications for and the acquisition of homesites, easements, permits, leases, or other rights and uses pursuant to applicable public land laws.

(3) The temporary closing of portions of the permitted area to grazing whenever, because of improper handling of the reindeer, overgrazing, fire, or other cause, such action is deemed necessary to restore the range to its normal condition.

(b) No permittee may so enclose roads, trails, or highways as to disturb public travel thereon, nor interfere with existing communication lines or other improvements on the permitted area; he shall not prevent legal hunting, fishing or trapping on the land, or ingress of miners, mineral prospectors, and other persons entitled to enter the area for lawful purposes.

(c) Persons using public lands for grazing of reindeer or for driving of reindeer across such lands must comply with applicable State and Federal laws relative to livestock quarantine and sanitation.

§ 4310.5 Location, settlement, entry, and other disposition of lands included in grazing permit; notice to permittee of disposition and reduction of permitted area.

(a) Lands included in grazing permits under the act are subject to settlement, location, and acquisition under the non-mineral public land laws applicable to the State of Alaska.

(b) Upon settlement location, or entry of any lands included within a reindeer grazing permit, the permittee shall be notified of the settlement, location, or entry, and the permitted area shall be reduced by the area involved in the settlement, location, or entry.

(c) Unless otherwise withdrawn therefrom lands included in grazing permits under the act are subject to disposition under the mineral leasing laws and to mineral prospecting, location, and purchase under the mining laws, in accordance with the applicable regulations of Group 3800 of this chapter.

Subpart 4320—Procedures

§ 4320.1 Application for grazing permit.

(a) *Form used.* An application for a grazing permit must be executed in duplicate on a form approved by the Director and filed in the Bureau office which has jurisdiction over lands applied for.

(b) *Bureau of Indian Affairs certification.* A certification of reindeer allotment to the applicant, signed by the authorized Bureau of Indian Affairs officer, must accompany the application if the applicant is to receive a herd from the Government.

(c) *Source of reindeer other than Government.* If reindeer are to be obtained from a source other than the Government, the applicant should state the source and show evidence of his purchase or option to purchase.

(d) *Listing of improvements.* With the initial application for any grazing permit issued under this part, the applicant must list by location and description the improvements found in the area under application which are owned by the applicant. Such statement of ownership will be verified by a Bureau of Indian Affairs official prior to submitting it to the Bureau of Land Management. Such existing improvements will be permitted by the terms of the initial grazing permit. Improvements to be constructed subsequent to the issuance of the initial grazing permit must be under permit in accordance with § 4320.9.

§ 4320.2 Filing fee; grazing fee.

A filing fee of $10 must accompany each application for a reindeer grazing permit or application for renewal thereof. No grazing fee will be charged.

§ 4320.3 Term of grazing permit; renewals.

(a) Reindeer grazing permits shall be issued for a maximum term of 10 years, except where the applicant desires a shorter term, or where the authorized officer determines that a shorter period will be in the public interest.

(b) Application for renewal of a grazing permit shall be made not less than 4 months or more than 8 months before the expiration date of the permit. The authorized officer may at his discretion offer the permittee a renewed grazing permit containing such terms, conditions, and of such duration as he determines to be in the public interest.

§ 4320.4 Area of use and maximum number of reindeer.

(a) Permits will restrict grazing use to a definitely described area. Grazing permits will be granted only for such areas as may be deemed adequate and usable according to the needs of the permittee.

(b) The grazing permit will indicate the maximum number of reindeer which may be grazed on the permitted area, based on range conditions, and will be subject to adjustment as the condition of the range indicates.

§ 4320.5 Adjustment of grazing permit area.

The permitted area may be reduced at any time, after not less than 30 days notice to the permittee, when in the opinion of the authorized officer the area is excessive for the number of reindeer grazed thereon. The permit may be increased by the authorized officer on his own motion or upon request of the permittee, when in the opinion of the authorized officer the area is insufficient for the number of reindeer grazed thereon. The permittee shall have opportunity within such notice period to show cause why the area included in the grazing permit should not be adjusted.

§ 4320.6 Report of grazing operations; assignments allowed.

(a) Before April 1 of this second permit year and each year thereafter, the permittee shall file with the authorized officer a report in duplicate of his grazing operations during the preceding year on an approved form.

(b) No part of the land included in the permit may be subleased. Proposed assignments of a permit, in whole or in part, must be filed in duplicate with the authorized officer within 90 days from the date of its execution. Such assignments must contain all of the terms and conditions agreed upon by the parties thereto, accompanied by the same showing by the assignee as to qualifications and a reindeer allotment as is required of applicants for a permit, and by the assignee's statement agreeing to be bound by the provisions of the permit. No assignment shall be effective until approved by the authorized officer.

§ 4320.7 Termination of grazing permit; cancellation.

(a) A grazing permit may be surrendered by the permittee upon prior written notice filed with the authorized officer, effective upon the date indicated in such notice, but not less than 30 days from the date of filing.

(b) A grazing permit may be canceled by the authorized officer if the permit was issued improperly through error with respect to a material fact or facts, or if the permittee shall fail to comply with any of the provisions of the permit or of this part. No permit shall be canceled for default in complying with the provisions of the permit or of this part until the permittee has been notified in writing of the nature of the default and has been afforded an opportunity of not less than 30 days to show why the permit should not be canceled.

§ 4320.8 Crossing permits.

A permit for the crossing of reindeer over public lands, including lands under grazing permit, may be issued free of charge, upon application filed with the authorized officer at least 30 days prior to the date the crossing is to begin. The application must show the number of reindeer to be driven, date of starting, approximate period of time required, and the land to be traversed.

§ 4320.9 Permits for construction and maintenance of improvements; removal.

(a) Application for a permit to construct and maintain range improvements should be filed, in duplicate, with the authorized officer on an approved form. The grazing permittee, upon obtaining a permit from the authorized officer, may construct, maintain and utilize any fence, building, corral, reservoir, well, or other improvement needed for the exercise of the grazing privileges under the grazing permit. The permittee will be required to comply with the laws of the State of Alaska with respect to the construction and maintenance of fences, but any such fence shall be constructed to permit the ingress and egress of miners, prospectors for minerals, and other persons entitled to enter such area for lawful purposes.

(b) The permittee, within 90 days from the date of expiration or termination of the grazing permit, or within any extension of such period, shall be allowed to remove all personal property belonging to him, together with any fence, building, corral, or other removable range improvements owned by him. All such property which is not removed within the time allowed shall thereupon become the property of the United States.

Subpart 4330—Protests

§ 4330.1 Protests.

Protests against an application for a grazing permit shall be filed in duplicate, with the authorized officer; contain a complete disclosure of all facts upon which the protest is based; and describe the lands involved in such protests. It shall be accompanied by evidence of service of a copy of the protest upon the applicant. If the protestant desires to obtain a grazing permit for all or part of the land embraced in the application against which the protest is filed, the protest shall be accompanied by an application for a grazing permit.

Subpart 4340—Trespass

§ 4340.1 Trespass.

(a) Any use of the Federal lands for reindeer grazing purposes, unless authorized by a valid permit issued in accordance with the regulations in this part is unlawful and is prohibited.

(b) Any person who willfully violates any of the rules and regulations in this part shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by imprisonment for not more than 1 year, or by a fine of not more than $500.

Group 4700—Wild Free-Roaming Horse and Burro Management

NOTE: The information collection requirements contained in Group 4700 have been approved by the Office of Management and Budget and assigned clearance number 1004-0042. The information is being collected to permit the authorized officer to remove wild horses and burros from private land and to determine whether an application for adoption of and title to wild horses or burros should be granted. Responses are required to obtain benefits.

SOURCE: 51 FR 7414, Mar. 3, 1986, unless otherwise noted.

Subpart 4700—General

§ 4700.0-1 Purpose.

The purpose of these regulations is to implement the laws relating to the protection, management, and control of wild horses and burros under the administration of the Bureau of Land Management.

§ 4700.0-2 Objectives.

The objectives of these regulations are management of wild horses and burros as an integral part of the natural system of the public lands under the principle of multiple use; protection of wild horses and burros from unauthorized capture, branding, harassment or death; and humane care and treatment of wild horses and burros.

§ 4700.0-3 Authority.

The Act of September 8, 1959 (18 U.S.C. 47); the Act of December 15, 1971, as amended (16 U.S.C. 1331-1340); the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1711, 1712, and 1734); the Act of June 28, 1934, as amended (43 U.S.C. 315); and the National Environmental Policy Act of 1969 (42 U.S.C. 4321, 4331-4335, and 4341-4347).

§ 4700.0-5 Definitions.

As used in this part, the term:

(a) *Act* means the Act of December 15, 1971, as amended (16 U.S.C. 1331-1340), commonly referred to as the Wild Free-Roaming Horse and Burro Act.

(b) *Authorized officer* means any employee of the Bureau of Land Management to whom has been delegated the authority to perform the duties described herein.

(c) *Commercial exploitation* means using a wild horse or burro because of its characteristics of wildness for direct or indirect financial gain. Characteristics of wildness include the rebellious and feisty nature of such animals and their defiance of man as exhibited in their undomesticated and untamed state. Use as saddle or pack stock and other uses that require domestication of the animal are not commercial exploitation of the animals because of their characteristics of wildness.

(d) *Herd area* means the geographic area identified as having been used by a herd as its habitat in 1971.

(e) *Humane treatment* means handling compatible with animal husbandry practices accepted in the veterinary community, without causing unnecessary stress or suffering to a wild horse or burro.

(f) *Inhumane treatment* means any intentional or negligent action or failure to act that causes stress, injury, or undue suffering to a wild horse or burro and is not compatible with animal husbandry practices accepted in the veterinary community.

(g) *Lame wild horse or burro* means a wild horse or burro with one or more malfunctioning limbs that permanently impair its freedom of movement.

(h) *Old wild horse or burro* means a wild horse or burro characterized because of age by its physical deterioration and inability to fend for itself, suffering, or closeness to death.

(i) *Private maintenance* means the provision of proper care and humane treatment to excess wild horses and burros by qualified individuals under the terms and conditions specified in a Private Maintenance and Care Agreement.

(j) *Public lands* means any lands or interests in lands administered by the Secretary of the Interior through the Bureau of Land Management.

(k) *Sick wild horse or burro* means a wild horse or burro with failing health, infirmity or disease from which there is little chance of recovery.

(l) *Wild horses and burros* means all unbranded and unclaimed horses and burros that use public lands as all or part of their habitat, or that have been removed from these lands by the authorized officer but have not lost their status under section 3 of the Act. Where it appears in this part the term *wild horses and burros* is deemed to include the term *free-roaming*.

§ 4700.0-6 Policy.

(a) Wild horses and burros shall be managed as self-sustaining populations of healthy animals in balance with other uses and the productive capacity of their habitat.

(b) Wild horses and burros shall be considered comparably with other resource values in the formulation of land use plans.

(c) Management activities affecting wild horses and burros shall be undertaken with the goal of maintaining free-roaming behavior.

(d) In administering these regulations, the authorized officer shall consult with Federal and State wildlife agencies and all other affected interests, to involve them in planning for and management of wild horses and burros on the public lands.

(e) Healthy excess wild horses and burros for which an adoption demand by qualified individuals exists shall be made available at adoption centers for private maintenance and care.

(f) Fees shall normally be required from qualified individuals adopting excess wild horses and burros to defray part of the costs of the adoption program.

Subpart 4710—Management Considerations

§ 4710.1 Land use planning.

Management activities affecting wild horses and burros, including the establishment of herd management areas, shall be in accordance with approved land use plans prepared pursuant to Part 1600 of this title.

§ 4710.2 Inventory and monitoring.

The authorized officer shall maintain a record of the herd areas that existed in 1971, and a current inventory of the numbers of animals and their areas of use. When herd management areas are established, the authorized officer shall also inventory and monitor herd and habitat characteristics.

§ 4710.3 Management areas.

§ 4710.3-1 Herd management areas.

Herd management areas shall be established for the maintenance of wild horse and burro herds. In delineating each herd management area, the authorized officer shall consider the appropriate management level for the herd, the habitat requirements of the animals, the relationships with other uses of the public and adjacent private lands, and the constraints contained in § 4710.4. The authorized officer shall prepare a herd management area plan, which may cover one or more herd management areas.

§ 4710.3-2 Wild horse and burro ranges.

Herd management areas may also be designated as wild horse or burro ranges to be managed principally, but not necessarily exclusively, for wild horse or burro herds.

§ 4710.4 Constraints on management.

Management of wild horses and burros shall be undertaken with the objective of limiting the animals' distribution to herd areas. Management shall be at the minimum level necessary to attain the objectives identified in approved land use plans and herd management area plans.

§ 4710.5 Closure to livestock grazing.

(a) If necessary to provide habitat for wild horses or burros, to implement herd management actions, or to protect wild horses or burros, to implement herd management actions, or to protect wild horses or burros from disease, harassment or injury, the authorized officer may close appropriate areas of the public lands to grazing use by all or a particular kind of livestock.

(b) All public lands inhabited by wild horses or burros shall be closed to grazing under permit or lease by domestic horses and burros.

(c) Closure may be temporary or permanent. After appropriate public consultation, a Notice of Closure shall be issued to affected and interested parties.

§ 4710.6 Removal of unauthorized livestock in or near areas occupied by wild horses or burros.

The authorized officer may establish conditions for the removal of unauthorized livestock from public lands adjacent to or within areas occupied by wild horses or burros to prevent undue harassment of the wild horses or burros. Liability and compensation for damages from unauthorized use shall be determined in accordance with subpart 4150 of this title.

§ 4710.7 Maintenance of wild horses and burros on privately controlled lands

Individuals controlling lands within areas occupied by wild horses and burros may allow wild horses or burros to use these lands. Individuals who maintain wild free-roaming horses and burros on their land shall notify the authorized officer and shall supply a reasonable estimate of the number of such animals so maintained. Individuals shall not remove or entice will horses or burros from the public lands.

Subpart 4720—Removal

§ 4720.1 Removal of excess animals from public lands.

Upon examination of current information and a determination by the authorized officer that an excess of wild horses or burros exists, the authorized officer shall remove the excess animals immediately in the following order.

(a) Old, sick, or lame animals shall be destroyed in accordance with subpart 4730 of this title;

(b) Additional excess animals for which an adoption demand by qualified individuals exists shall be humanely captured and made available for private maintenance in accordance with subpart 4750 of this title; and

(c) Remaining excess animals for which no adoption demand by qualified individuals exists shall be destroyed in accordance with subpart 4730 of this title.

§ 4720.2 Removal of strayed or excess animals from private lands.

§ 4720.2-1 Removal of strayed animals from private lands.

Upon written request from the private landowner to any representative of the Bureau of Land Management, the authorized officer shall remove stray wild horses and burros from private lands as soon as practicable. The private landowner may also submit the written request to a Federal marshal, who shall notify the authorized officer. The request shall indicate the numbers of wild horses or burros, the date(s) the animals were on the land, legal description of the private land, and any special conditions that should be considered in the gathering plan.

§ 4720.2-2 Removal of excess animals from private lands.

If the authorized officer determines that proper management requires the removal of wild horses and burros from areas that include private lands, the authorized officer shall obtain the written consent of the private owner before entering such lands. Flying aircraft over lands does not constitute entry.

Subpart 4730—Destruction of Wild Horses or Burros and Disposal of Remains

§ 4730.1 Destruction.

Except as an act of mercy, no wild horse or burro shall be destroyed without the authorization of the authorized officer. Old, sick, or lame animals shall be destroyed in the most humane manner possible. Excess animals for which adoption demand does not exist shall be destroyed in the most humane and cost efficient manner possible.

§ 4730.2 Disposal of remains.

Remains of wild horses or burros that die after capture shall be disposed of in accordance with State or local sanitation laws. No compensation of any kind shall be received by any agency or individual disposing of remains. The products of rendering are not considered remains.

Subpart 4740—Motor Vehicles and Aircraft

§ 4740.1 Use of motor vehicles or aircraft.

(a) Motor vehicles and aircraft may be used by the authorized officer in all phases of the administration of the Act, except that no motor vehicle or aircraft, other than helicopters, shall be used for the purpose of herding or chasing wild horses or burros for capture or destruction. All such use shall be conducted in a humane manner.

(b) Before using helicopters or motor vehicles in the management of wild horses or burros, the authorized officer shall conduct a public hearing in the area where such use is to be made.

§ 4740.2 Standards for vehicles used for transport of wild horses and burros.

(a) Use of motor vehicles for transport of wild horses or burros shall be in accordance with appropriate local, State and Federal laws and regulations applicable to the humane transportation of horses and burros, and shall include, but not be limited to, the following standards:

(1) The interior of enclosures shall be free from protrusion that could injure animals;

(2) Equipment shall be in safe conditions and of sufficient strength to withstand the rigors of transportation;

(3) Enclosures shall have ample head room to allow animals to stand normally;

(4) Enclosures for transporting two or more animals shall have partitions to separate them by age and sex as deemed necessary by the authorized officer;

(5) Floors of enclosures shall be covered with nonskid material;

(6) Enclosures shall be adequately ventilated and offer sufficient protection to animals from inclement weather and temperature extremes; and

(7) Unless otherwise approved by the authorized officer, transportation shall be limited in sequence to a maximum of 24 hours followed by a minimum of 5 hours of on-the-ground rest with adequate feed and water.

(b) The authorized officer shall not load wild horses or burros if he/she determines that the vehicle to be used for transporting the wild horses or burros is not satisfactory for that purpose.

Subpart 4750—Private Maintenance

§ 4750.1 Private maintenance.

The authorized officer shall make available for private maintenance all healthy excess wild horses or burros for which an adoption demand by qualified individuals exists.

§ 4750.2 Health, identification, and inspection requirements.

§ 4750.2-1 Health and identification requirements.

(a) An individual determined to be qualified by the authorized officer shall verify each excess animal's soundness and good health, determine its age and sex, and administer immunizations, worming compounds, and tests for communicable diseases.

(b) Documentation conforming compliance with State health inspection and immunization requirements for each wild horse or burro shall be provided to each adopter by the authorized officer.

(c) Each animal offered for private maintenance, including orphan and unweaned foals, shall be individually identified by the authorized officer with a permanent freeze mark of alpha numeric symbols on the left side of its neck. The freeze mark identifies the animal as Federal property subject to the provisions of the Act and these regulations by a patented symbol, the animal's year of birth, and its individual identification number. The authorized officer shall record the freeze mark on the documentation of health and immunizations. For purposes of this subpart, a freeze mark applied by the authorized officer is not considered a brand.

§ 4750.2-2 Brand inspection.

The authorized officer shall make arrangements on behalf of an adopter for State inspection of brands, where applicable, of each animal to be transported across the State where the adoption center is located. The adopter shall be responsible for obtaining inspections for brands required by other States to or through which the animal may be transported.

§ 4750.3 Application requirements for private maintenance.

§ 4750.3-1 Application for private maintenance of wild horses and burros.

An individual applying for a wild horse or burro shall file an application with the Bureau of Land Management on a form approved by the Director.

§ 4750.3-2 Qualification standards for private maintenance.

(a) To qualify to receive a wild horse or burro for private maintenance, an individual shall:

(1) Be 18 years of age or older;

(2) Have no prior conviction for inhumane treatment of animals or for violation of the Act or these regulations;

(3) Have adequate feed, water, and facilities to provide humane care to the number of animals requested. Facilities shall be in safe condition and of sufficient strength and design to contain the animals. The following standards apply:

(i) A minimum space of 144 square feet shall be provided for each animal maintained, if exercised daily; otherwise, a minimum of 400 square feet shall be provided for each animal;

(ii) Until fence broken, adult horses shall be maintained in an enclosure at least 6 feet high; burros in an enclosure at least 4½ feet high; and horses less than 18 months old in an enclosure at least 5 feet high. Materials shall be protrusion-free and shall not include large-mesh woven or barbed wire;

(iii) Shelter shall be available to mitigate the effects of inclement weather and temperature extremes. The authorized officer may require that the shelter be a structure, which shall be well-drained and adequately ventilated;

(iv) Feed and water shall be adequate to meet the nutritional requirements of the animals, based on their age, physiological condition and level of activity; and

(4) Have obtained no more than 4 wild horses and burros within the preceding 12-month period, unless specifically authorized in writing by the authorized officer.

(b) The authorized officer shall determine an individual's qualifications based upon information provided in the application form required by § 4750.3-1 of this subpart and Bureau of Land Management records of any previous private maintenance by the individual under the Act.

§ 4750.3-3 Supporting information and certification for private maintenance of more than 4 wild horses or burros.

(a) An individual applying to adopt more than 4 wild horses or burros within a 12-month period, or an individual or group of individuals requesting to maintain more than 4 wild horses or burros at a single location shall provide a written report prepared by the authorized officer, or by a local humane official, veterinarian, cooperative extension agent, or similarly qualified person approved by the authorized officer, verifying that the applicant's facilities have been inspected appear adequate to care for the number of animals requested, and satisfy the requirements contained in § 4750.3-2(a).

(1) The report shall include a description of the facilities, including corral sizes, pasture size, and shelter, barn, or stall dimensions, and shall note any discrepancies between the facilities inspected and representations made in the application form.

(2) When an applicant requests 25 or more animals or when 25 or more animals will be maintained at any single location regardless of the number of applicants, the facilities for maintaining the adopted animals shall be inspected by the authorized officer prior to approving the application.

(b) The Authorized Officer will not approve an adoption in which the Private Maintenance and Care Agreement will be signed by an individual holding the power of attorney of the adopter where the adopted animals will be maintained in groups of more than 4 untitled wild horses or burros in one location.

(c) Any individual holding one or more powers of attorney to sign the Private Maintenance and Care Agreement(s) and who will transport more than 4 wild horses or burros on behalf of adoption applicants shall provide the following:

(1) A summary of the age, sex, and number of wild free-roaming horses or burros requested by species;

(2) Requested adoption date and center location;

(3) Names, addresses, and telephone numbers of all applicants represented

by a power of attorney submitted with the request.

(4) A transportation plan that describes the transport vehicle and any rest stops;

(5) A distribution plan for delivering the animals to their assigned adopters; and

(6) Names, addresses, and a concise summary of the experience of the individuals who will handle the adopted animals during transportation and distribution.

[51 FR 7414, Mar. 3, 1986, as amended at 55 FR 39152, Sept. 25, 1990]

EFFECTIVE DATE NOTE: At 55 FR 39152, Sept. 25, 1990, § 4750.3-3 was amended by removing the word "for" the first time it appears in the introductory text of paragraph (a) and replacing it with the words "to adopt", removing paragraph (b)(7), redesignating paragraph (b) as paragraph (c), by adding a new paragraph (b) and revising newly designated paragraphs (c) introductory text, (c)(3), (c)(5), and (c)(6), effective October 25, 1990.

§ 4750.3-4 Approval or disapproval of applications.

If an application is approved, the authorized officer shall offer the individual an opportunity to select the appropriate number, sex, age and species of animals from those available. If the authorized officer disapproves an application for private maintenance because the applicant lacks adequate facilities or transport, the individual may correct the shortcoming and file a new application.

§ 4750.4 Private maintenance of wild horses and burros.

§ 4750.4-1 Private Maintenance and Care Agreement.

To obtain a wild horse or burro, a qualified applicant shall execute a Private Maintenance and Care Agreement and agree to abide by its terms and conditions, including but not limited to the following:

(a) Title to wild horses and burros covered by the agreement shall remain in the Federal Government for at least 1 year after the Private Maintenance and Care Agreement is executed and until a Certificate of Title is issued by the authorized officer.

(b) Wild horses and burros covered by the agreement shall not be transferred for more than 30 days to another location or to the care of another individual without the prior approval of the authorized officer;

(c) Wild horses and burros covered by the agreement shall be made available for physical inspection within 7 days of receipt of a written request by the authorized officer;

(d) The authorized officer shall be notified within 7 days of discovery of the death, theft or escape of wild horses and burros covered by the agreement;

(e) Adopters are financially responsible for the proper care and treatment of all wild horses and burros covered by the agreement.

(f) Adopters are responsible, as provided by State law, for any personal injury, property damage, or death caused by animals in their care; for pursing animals that escape or stray; and for costs of recapture.

(g) Adopters shall notify the authorized officer within 30 days of any change in the adopter's address; and

(h) Adopters shall dispose of remains in accordance with applicable sanitation laws.

§ 4750.4-2 Adoption fee.

(a) An individual obtaining wild horses and burros shall pay the Bureau of Land Management an adoption fee of $125 per horse and $75 per burro, except that no fee shall be paid for unweaned foals.

(b) The Director may adjust or waive the adoption fee on determining that wild horses or burros in the custody of the Bureau of Land Management are unadoptable when the full adoption fee is required, and that it is in the public interest to adjust or waive the adoption fee stated in paragraph (a) of this section. The adjustment or waiver shall extend only to those persons who are willing to maintain such animals privately, who demonstrate the ability to care for them properly, and who agree to comply with all rules and regulations relating to wild horses and burros.

§ 4750.4-3 Request to terminate Private Maintenance and Care Agreement.

An adopter may request to terminate his/her responsibility for an adopted animal by submitting a written relinquishment of the Private Maintenance and Care Agreement for that animal. The authorized officer shall arrange to transfer the animal to another qualified applicant or take possession of the animal at a location specified by the authorized officer within 30 days of receipt of the written request for relinquishment.

§ 4750.4-4 Replacement animals.

The authorized officer shall replace an animal, upon request by the adopter, if (a) within 6 months of the execution of the Private Maintenance and Care Agreement the animal dies or is required to be destroyed due to a condition that existed at the time of placement with the adopter; and (b) the adopter provides, within a reasonable time, a statement by a veterinarian certifying that reasonable care and treatment would not have corrected the condition. Transportation of the replacement animal shall be the responsibility of the adopter.

§ 4750.5 Application for title to wild horses and burros.

(a) The adopter shall apply for title, using a form designated by the Director, upon signing the Private Maintenance and Care Agreement.

(b) The authorized officer shall issue a Certificate of Title after 12 months, if the adopter has complied with the terms and conditions of the agreement and the authorized officer determines, based either on a field inspection or a statement provided by the adopter from a veterinarian, extension agent, local humane official, or other individual acceptable to the authorized officer, that the animal or animals covered by the Agreement have received proper care and humane treatment.

(c) An adopter may not obtain title to more than 4 animals per 12-month period of private maintenance. Effective the date of issuance of the Certificate of Title, Federal ownership of the wild horse or burro ceases and the animal loses its status as a wild horse or burro and is no longer under the protection of the Act or regulations under this title.

Subpart 4760—Compliance

§ 4760.1 Compliance with the Private Maintenance and Care Agreement.

(a) An adopter shall comply with the terms and conditions of the Private Maintenance and Care Agreement and these regulations. The authorized officer may verify compliance by visits to an adopter, physical inspections of the animals, and inspections of the facilities and conditions in which the animals are being maintained. The authorized officer may authorize a cooperative extension agent, local humane official or similarly qualified individual to verify compliance.

(b) The authorized officer shall verify compliance with the terms of the Private Maintenance and Care Agreement when an adopter has received 25 or more animals or when 25 or more animals are maintained at a single location.

(c) The authorized officer shall conduct an investigation when a complaint concerning the care, treatment, or use of a wild horse or burro is received by the Bureau of Land Management.

(d) The authorized officer may require, as a condition for continuation of a Private Maintenance and Care Agreement, that an adopter take specific corrective actions if the authorized officer determines that an animal is not receiving proper care or is being maintained in unsatisfactory conditions. The adopter shall be given reasonable time to complete the required corrective actions.

Subpart 4770—Prohibited Acts, Administrative Remedies, and Penalties

§ 4770.1 Prohibited acts.

The following acts are prohibited:

(a) Maliciously or negligently injuring or harassing a wild horse or burro;

(b) Removing or attempting to remove a wild horse or burro from the public lands without authorization from the authorized officer;

(c) Destroying a wild horse or burro without authorization from the authorized officer except as an act of mercy;

(d) Selling or attempting to sell, directly or indirectly, a wild horse or burro or its remains;

(e) Commercially exploiting a wild horse or burro;

(f) Treating a wild horse or burro inhumanely;

(g) Violating a term or condition of the Private Maintenance and Care Agreement;

(h) Branding a wild horse or burro;

(i) Removing or altering a freeze mark on a wild horse or burro;

(j) Violating an order, term, or condition established by the authorized officer under this part.

§ 4770.2 Civil penalties.

(a) A permittee or lessee who has been convicted of any of the prohibited acts found in § 4770.1 of this title may be subject to suspension or cancellation of the permit or lease.

(b) An adopter's failure to comply with the terms and conditions of the Private Maintenance and Care Agreement may result in the cancellation of the agreement, repossession of wild horses and burros included in the agreement and disapproval of requests by the adopted for additional excess wild horses and burros.

§ 4770.3 Administrative remedies.

Any person who is adversely affected by a decision of the authorized officer in the administration of these regulations may file an appeal in accordance with 43 CFR 4.4 within 30 days of receipt of the written decision.

§ 4770.4 Arrest.

The Director of the Bureau of Land Management may authorize an employee who witnesses a violation of the Act or these regulations to arrest without warrant any person committing the violation, and to take the person immediately for examination or trial before an officer or court of competent jurisdiction. Any employee so authorized shall have power to execute any warrant or other process issued by an officer or court of competent jurisdiction to enforce the provisions of the Act or these regulations.

§ 4770.5 Criminal penalties.

Any person who commits any act prohibited in § 4770.1 of these regulations shall be subject to a fine of not more than $2,000 or imprisonment for not more than 1 year, or both, for each violation. Any person so charged with such violation by the authorized officer may be tried and sentenced by a United States Commissioner or magistrate, designated for that purpose by the court by which he/she was appointed, in the same manner and subject to the same conditions as provided in 18 U.S.C. 3401.

SUBCHAPTER E—FOREST MANAGEMENT (5000)

Group 5000—Forest Management General

PART 5000—ADMINISTRATION OF FOREST MANAGEMENT DECISIONS

Subpart 5003—Administrative Remedies

§ 5003.1 Effect of decisions; general.

The filing of a notice of appeal under part 4 of this title shall not automatically suspend the effect of a decision governing or relating to forest management as described under subparts 5003.2 and 5003.3.

(43 U.S.C. 1181(a); 30 U.S.C. 601 *et seq.*; 43 U.S.C. 1701)

[49 FR 28561, July 13, 1984]

§ 5003.2 Notice of forest management decisions.

(a) The authorized officer shall, when the public interest requires, specify when a decision governing or relating to forest management shall be implemented through the publication of a notice of decision in a newspaper of general circulation in the area where the lands affected by the decision are located, establishing the effective date of the decision. The notice in the newspaper shall reference 43 CFR subpart 5003—Administrative remedies.

(b) When a decision is made to conduct an advertised timber sale, the notice of such sale shall constitute the decision document.

(c) For all decisions relating to forest management except advertised timber sales, the notice and decision document shall contain a concise statement of the circumstances requiring the action.

(43 U.S.C. 1181(a); 30 U.S.C. 601 *et seq.*; 43 U.S.C. 1701)

[49 FR 28561, July 13, 1984]

§ 5003.3 Protests.

(a) Protests of a forest management decision, including advertised timber sales, may be made within 15 days of the publication of a notice of decision or notice of sale in a newspaper of general circulation.

(b) Protests shall be filed with the authorized officer and shall contain a written statement of reasons for protesting the decision.

(c) Protests received more than 15 days after the publication of the notice of decision or the notice of sale are not timely filed and shall not be considered.

(d) Upon timely filing of a protest, the authorized officer shall reconsider the decision to be implemented in light of the statement of reasons for the protest and other pertinent information available to him/her.

(e) The authorized officer shall, at the conclusion of his/her review, serve his/her decision in writing on the protesting party.

(f) Upon denial of a protest filed under paragraph (a) of this section the authorized officer may proceed with implementation of the decision.

(43 U.S.C. 1181(a); 30 U.S.C. 601 *et seq.*; 43 U.S.C. 1701)

Subpart 5044—Cooperative Sustained-Yield Agreements

5044.1 General items of agreements.
5044.2 Qualifications for agreement.
5044.3 Forms of agreement.
5044.4 Execution of agreement.

Subpart 5045—Exchanges

5045.1 O. and C. timber lands.

AUTHORITY: Sec. 5, 50 Stat. 875; 43 U.S.C. 1181e.

Subpart 5040—Sustained Yield Unit and Cooperative Agreements; General

§ 5040.0-3 Authority.

(a) The Act of August 28, 1937 (50 Stat. 874), relates to the administration of the revested Oregon and California Railroad and the reconveyed Coos Bay Wagon Road grant lands in Oregon, both of which are hereinafter referred to as O. and C. lands. It provides that such portions of those lands now or hereafter under the jurisdiction of the Department of the Interior, which have heretofore or may hereafter be classified as timber lands, and powersite lands valuable for timber, shall be managed, except as provided in section 3 of the Act, for permanent forest production, and the timber thereon shall be sold, cut and removed in conformity with the principle of sustained yield for the purpose of providing a permanent source of timber supply, protecting watersheds, regulating stream flow, and contributing to the economic stability of local communities and industries, and providing recreational facilities. Nothing contained in the act shall be construed to interfere with the use and development of power sites as may be authorized by law.

(b) Section 1 of the Act authorizes the Secretary of the Interior, if he determines that such action will facilitate sustained-yield management, to subdivide the revested lands into sustained-yield forest units, the boundary lines of which shall be so established that each will provide, so far as practicable, a permanent source of raw materials for the support of dependent communities and local industries of the region. The boundaries of such forest units may be established only after hearings are conducted in the vicinity of such lands.

(c) Section 2 of the Act authorizes the Secretary to make cooperative agreements with other Federal or State administrative agencies or with private forest owners or operators for the coordinated management, with respect to time, rate, and method of cutting, and sustained yield, of forest units comprising parts of revested or reconveyed lands, together with lands in private ownership or under the administration of other public agencies, when by such agreements he may be aided in accomplishing the purposes of the Act.

[35 FR 9781, June 13, 1970]

Subpart 5041—Annual Productive Capacity

§ 5041.1 Determination of annual productive capacity.

The authorized officer of the Bureau of Land Management shall determine and declare the annual productive capacity of the O. and C. lands under the principle of sustained yield. The lands shall be treated as a single unit for the purpose of applying the principle of sustained yield, except that upon the establishment of one or more sustained-yield forest units in accordance with § 5043.1, each such unit shall be treated separately in the determination of its annual productive capacity and the average annual cut of timber.

[35 FR 9782, June 13, 1970]

Subpart 5042—Master Units

SOURCE: 35 FR 9782, June 13, 1970, unless otherwise noted.

§ 5042.1 Master units and appurtenant marketing areas.

As a basis for studies leading to the formulation of plans for the sustained-yield forest units and cooperative agreements authorized by the Act, and in order to facilitate administration under the Act, the authorized officer, after the determination and declaration of the annual sustained-yield productive capacity of the O. and C. lands, will divide the entire area of the O. and C., intermingled and contiguous lands into master units, on the basis of natural groupings of such lands related to each other by physical and economic factors, and will declare an appurtenant marketing area for each such master unit.

§ 5042.2 Hearings concerning master units.

(a) In order that the Director may obtain the aid and advice of interested persons and agencies, and the public may be informed as to contemplated plans, a public hearing will be held in connection with each proposed master unit. Such hearing will be held in the vicinity of the lands involved and will be open to the attendance of all interested persons, including State and local officers and representatives of dependent industries and labor. The hearing will be conducted by a representative or representatives of the Department of the Interior.

(b) At the conclusion of the hearing, the minutes thereof, together with appropriate recommendations, shall be forwarded to the Director. The Director will thereafter take such action as he deems appropriate and due notice thereof will be given to the public.

§ 5042.3 Notice of hearings concerning master units.

(a) Before any hearing is held in connection with a master unit, notice thereof will be published, once a week for four consecutive weeks in a newspaper of general circulation in the county or counties in which the proposed master unit and the appurtenant marketing area are situated, and once in the FEDERAL REGISTER. The notice may also be published in a trade paper, if such publication is desirable.

(b) Such notice shall be approved by the Director.

Subpart 5043—Sustained-Yield Forest Units

SOURCE: 35 FR 9782, June 13, 1970, unless otherwise noted.

§ 5043.1 Establishment of units.

Sustained-yield forest units will be established by the Director within the boundaries of each master unit in such manner that each forest unit will contain sufficient forest land to furnish a sustained supply of timber to forest industries upon which a local community depends and to constitute a suitable basis for a cooperative agreement. Due consideration shall be given to establish lumbering operations for the purpose of protecting dependent communities against adverse economic effects. Each forest unit shall be established so as to promote the widest distribution of the benefits of sustained-yield management to all forest owners, operators, workers and dependent communities affected thereby.

§ 5043.2 Hearings concerning sustained-yield forest units and cooperative agreements.

Prior to the establishment of a sustained-yield forest unit, a public hearing shall be held in the vicinity of the lands involved, in accordance with section 1 of the Act. Plans for the establishment of the unit and the execution of a cooperative agreement shall be considered at such hearing. The hearing will be conducted in the same manner as hearings concerning master units, as set forth in § 5042.2. The representative or representatives of the Department of the Interior who conduct the hearing will upon its conclusion make appropriate recommendations to the Director concerning the establishment of the forest unit and the execution of the cooperative agreement, forwarding at the same time a copy of the minutes of the hearing. The Director thereafter will take such action as he deems appropriate and due notice thereof will be given to the public.

§ 5043.3 Notice of hearings concerning forest units and cooperative agreements.

The provisions of § 5042.3 relative to notice of hearings concerning a master unit shall be applicable to the hearing in connection with the establishment of a sustained-yield forest unit and the execution of a cooperative agreement.

Subpart 5044—Cooperative Sustained-Yield Agreements

SOURCE: 35 FR 9782, June 13, 1970, unless otherwise noted.

§ 5044.1 General items of agreements.

(a) The formulation and administration of cooperative agreements shall be guided by a policy of promoting the widest distribution of the benefits obtainable under sustained-yield management, and of preventing monopoly.

(b) A prerequisite to participation in the cooperative agreement covering a sustained-yield forest unit will be either (1) ownership of land therein upon which timber is growing in commercial quantities, or of cutover and other lands which have been restocked or are suitable primarily for the production of timber in commercial quantities, or (2) sufficient rights or interests in the timber within the unit to enable the holder of such rights or interests to fulfill the obligations involved in commitment to the agreement.

(c) In each cooperative agreement the parties shall agree, in consideration of the benefits conferred by such agreement, that the forest management of their lands shall be conducted in such manner as may be necessary to effectuate the purposes of the Act. Each such cooperative agreement shall provide for:

(1) The disposition of timber from the Federal land in the forest unit to cooperating parties without competitive bidding at appraised prices, in accordance with sustained-yield management plans formulated or approved by the Director;

(2) The time, rate, and method of cutting timber from any lands committed to such agreement;

(3) The terms and conditions, but not the price, upon which private cooperating parties may sell to any person timber from their lands;

(4) The terms and conditions upon which additional lands, timber, or parties may be admitted to the agreement subsequent to its original execution;

(5) The protection of the reasonable interests of other owners or operators within the unit, of workers and others affected by the execution of such cooperative agreement, and of communities dependent upon the timber within such unit; and

(6) Such other matters as the Director shall determine are necessary or proper to achieve the objectives of the Act.

(d) The provisions of a cooperative agreement, except as therein otherwise provided, shall prevail, in the administration and disposal of O. and C. timber included in such agreement, over the regulations of the Secretary of the Interior theretofore applicable to such timber.

§ 5044.2 Qualifications for agreement.

Any individual who wishes to obtain the rights of a producer under a cooperative agreement will be required to furnish satisfactory proof, prior to the execution of the agreement, that he is a citizen of the United States, or, if a partnership or association, that each member thereof is such a citizen. A corporation which wishes to become a party to such an agreement must file a certified copy of its articles of incorporation to show that it was organized under the laws of the United States or of some state territory, or possession thereof, as well as a statement setting forth the name, residence, citizenship, and amount of stock held by each of its stockholders, separately listing those of alien citizenship. A corporation organized outside of the State of Oregon must also file a certificate by the proper state official that it is authorized to do business within the State of Oregon. The Director, in his discretion, may require a corporate party to a cooperative agreement to furnish additional information as to the ownership of its stock and may deny participation in a cooperative agreement to a corporation, any of whose stock is owned, held, or controlled by citizens of another country.

§ 5044.3 Forms of agreement.

The standard form for cooperative agreements between the United States and owners and operators of non-federal lands, heretofore approved by the Secretary of the Interior, will be made available through the State Director, Portland, Oregon. Changes in the form of agreement may be made by the Director, from time to time when such changes are warranted by peculiar circumstances in a forest unit, or to reflect the experience gained from the operation of previous agreements. All such changes shall be consistent with the retention by the Director, of the authority necessary to accomplish the objectives of the Act. Where Federal lands not under the jurisdiction of the Secretary of the Interior are involved, different forms will likewise be adopted.

§ 5044.4 Execution of agreement.

The Director of the Bureau of Land Management, after consideration of the minutes of the hearing and the recommendation of the hearing officer, will execute the agreement if he is of the opinion that it will promote the achievement of the objectives of the Act and is otherwise in the public interest. No rights shall accrue to a party under a cooperative agreement until the Director has executed the agreement on behalf of the United States.

Subpart 5045—Exchanges

§ 5045.1 O. and C. timber lands.

Exchanges for the purpose of consolidating and segregating O. and C. timber lands, or which otherwise are in furtherance of the O. and C. timber management program are authorized by the Act of July 31, 1939 (53 Stat. 1144), and the regulations thereunder. (See subpart 2200 of this chapter.)

[35 FR 9783, June 13, 1970]

Group 5400—Sales of Forest Products

NOTE: The information collection requirements contained in parts 5400, 5420, 5440, 5450 and 5470 of Group 5400 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance numbers 1004-0058, 1004-0076, 1004-0112, 1004-0113 and 1004-0152. The information is being collected to permit the authorized officer to determine whether an individual is qualified to purchase timber located on the public lands. The information will be used to make this determination. A response is required to obtain a benefit.

PART 5400—SALES OF FOREST PRODUCTS; GENERAL

Subpart 5400—Sales of Forest Products; General

Sec.
5400.0-3 Authority.
5400.0-5 Definitions.
5400.0-7 Public hearings to determine surplus quantities and species of unprocessed timber.

Subpart 5401—Advertised Sales; General

5401.0-6 Policy.

Subpart 5402—Other Than Advertised Sales; General

5402.0-6 Policy.

AUTHORITY: 61 Stat. 681, as amended, 69 Stat. 367, 48 Stat. 1269, sec. 11, 30 Stat. 414, as amended, sec. 5, 50 Stat. 875; 30 U.S.C. 601 *et seq.*, 43 U.S.C. 315, 423, 1181a.

Subpart 5400—Sales of Forest Products; General

§ 5400.0-3 Authority.

(a) The Act of August 28, 1937 (43 U.S.C. 1181a) authorizes the sale of timber from the Revested Oregon and California Railroad and Reconveyed Coos Bay Wagon Road Grant Lands and directs that such lands shall be managed for permanent forest production and the timber thereon sold, cut and removed in conformity with the principle of sustained yield for the purpose of providing a permanent source of timber supply, protecting watersheds, regulating streamflow and contributing to the economic stability of local communities and industries, and providing recreational facilities.

(b) The Act of July 31, 1947, as amended (30 U.S.C. 601 et seq.) authorizes the disposal of timber and other vegetative resources on public lands of the United States including lands embraced within an unpatented mining claim located after July 23, 1955, if the disposal of such resources is not otherwise expressly authorized by law including, but not limited to, the Act of June 28, 1934, as amended

(43 U.S.C. 315 through 315o–1) and the U.S. mining laws; is not expressly prohibited by laws of the United States; and would not be detrimental to the public interest.

(1) The Act also authorizes the United States, its permittees, and licensees to use so much of the surface of any unpatented mining claim located under the mining law of the United States after July 23, 1955, as may be necessary for access to adjacent land for the purposes of such permittees or licensees. Any authorized use of the surface of any such mining claim shall be such as not to endanger or materially interfere with prospecting, mining, or processing operations or uses reasonably incident thereto.

(2) Where the lands have been withdrawn in aid of a function of a Federal department or agency other than the Department of the Interior, or of a State county, municipality, water district, or other local governmental subdivision or agency, the Secretary of the Interior may make disposals under the regulations in this subpart only with the consent of such other Federal department or agency or of such State, or local governmental unit. The Act provides, however, that the Secretary of Agriculture shall dispose of materials if such materials are on lands administered by the Secretary of Agriculture for national forest purposes or for purposes of Title III of the Bankhead-Jones Farm Tenant Act or where withdrawn for the purpose of any other function of the Department of Agriculture.

(3) The provisions of the Act in disposal of vegetative or mineral materials do not apply to lands in any national park, or national monument or to any Indian lands or lands set aside or held for the use or benefit of Indians including lands over which jurisdiction has been transferred to the Department of the Interior by Executive order for the use of Indians.

(c) The Department of the Interior and Related Agencies Appropriation Act, 1976 (Pub. L. 94–165) prohibits the use of funds appropriated thereunder for sale of unprocessed timber from Federal lands west of the 100th meridian in the contiguous 48 States which will be exported from the United States, or which will be used as a substitute for timber from private lands which is exported by the purchaser. The law also provides that the export restriction shall not apply to specific quantities of grades and species of timber which the Secretary of the Interior determines to be surplus to domestic lumber and plywood manufacturing needs.

(d) Authority for small sales of timber for use in Alaska is contained in the Act of May 14, 1898, as amended (16 U.S.C. 615a).

[37 FR 22797, Oct. 25, 1972, as amended at 41 FR 12659, Mar. 26, 1976]

§ 5400.0–5 Definitions.

Except as the context may otherwise indicate, as the terms are used in parts 5400–5490 of this chapter and in contracts issued thereunder:

(a) *Bureau* means the Bureau of Land Management, Department of the Interior.

(b) *Director* means the Director of the Bureau of Land Management.

(c) *Authorized Officer* means an employee of the Bureau of Land Management, to whom has been delegated the authority to take action.

(d) *O. and C. Lands* means the Revested Oregon and California Railroad and Reconveyed Coos Bay Wagon Road Grant Lands and other lands administered by the Bureau of Land Management under the provisions of the Act of August 28, 1937 (50 Stat. 874).

(e) *Public lands* means the public domain and its surface resources under the jurisdiction of the Bureau of Land Management and lands from which the vegetative resources may be sold in accordance with the provisions of § 5400.0–3(a)(2)(ii).

(f) *Timber* means standing trees, downed trees or logs which are capable of being measured in board feet.

(g) *Other vegetative resources* means all vegetative material which cannot be measured in units of board feet of timber.

(h) *Set-aside* means a designation of timber for sale which is limited to bidding by small business concerns as defined by the Small Business Administration in its regulations (13 CFR part

121) under the authority of section 15 of the Small Business Act of July 18, 1958 (72 Stat. 384).

(i) *Third party scaling* means the measurement of logs by a scaling organization, other than a Government agency, approved by the Bureau.

(j) *Sale value* means the contract value of the stumpage sold under the contract.

(k) *Unprocessed timber* means:

(1) Any logs except those of utility grade or below, such as sawlogs, peeler logs, and pulp logs;

(2) Cants or squares to be subsequently remanufactured exceeding eight and three-quarters (8¾) inches in thickness;

(3) Split or round bolts, or other roundwood not processed to standards and specifications suitable for end product use.

(l) *Federal lands* means all lands administered by the Department of the Interior west of the 100th meridian in the contiguous 48 States with the exception of tribal and trust allotted lands managed by the Bureau of Indian Affairs on behalf of the Indians.

(m) *Loading point* means any landing or other area in which logs are capable of being loaded for transportation out of the contract area: *Provided, however,* That right-of-way timber which has been cut shall not be considered to be at a loading point until such time as logs from any source are actually transported over that portion of the right-of-way.

(n) *Substitution* means:

(1) The purchase of a greater volume of Federal timber by an individual purchaser than has been his historic pattern within twelve (12) months of the sale of export by the same purchaser of a greater volume of his private timber than has been his historic pattern during the preceding twelve (12) months, exclusive of Federal timber purchased by negotiated sale for right-of-way purposes, and

(2) The increase of both the purchase of Federal timber and export of timber from private lands tributary to the plant for which Bureau of Land Management timber covered by a specific contract is delivered or expected to be delivered.

(o) *Federal timber* means timber sold by the Bureau of Land Management as used under these regulations.

[35 FR 9783, June 13, 1970, as amended at 38 FR 6280, Mar. 8, 1973; 41 FR 12659, Mar. 26, 1976; 41 FR 31381, July 28, 1976]

§ 5400.0-7 Public hearings to determine surplus quantities and species of unprocessed timber.

(a) Public hearings will be held when authorized by the Director to seek advice and counsel as to the specific quantities of grades and species of unprocessed timber surplus to the needs of domestic users and processors. Such species and quantities thereby determined to be surplus by the Secretary, may be designated as available for export by the Secretary.

(b) Such hearings will be coordinated with the Department of Agriculture and held at convenient, centralized locations within the range of the species under consideration.

(c) Before any hearing is held in this regard, a notice will be published in a newspaper of general circulation within the range of the species under consideration at least 15 days prior to the hearing. In addition, known parties or groups with special interest in the species concerned should be notified directly. The record of the hearing shall be kept open for at least 5 consecutive calendar days from the date of the hearing for receipt of additional statements.

(d) The hearing will be conducted by a representative or representatives of the Department of the Interior and the Department of Agriculture, respectively. At the conclusion of the hearing, the record thereof together with appropriate recommendations shall be forwarded to the Director for further action deemed appropriate. The Director shall give the public due notice as to the quantities and species of unprocessed timber determined to be surplus to the needs of domestic users and processors.

[35 FR 9783, June 13, 1970, as amended at 41 FR 12659, Mar. 26, 1976]

Subpart 5401—Advertised Sales; General

§ 5401.0-6 Policy.

(a) All sales other than those specified in § 5402.0-6 shall be made only after inviting competitive bids through publication and posting. Sales shall not be held sooner than one week after the last advertisement. Competitive sales shall be offered by the authorized officer when access to the sale area is available to anyone who is qualified to bid. Further, timber that would normally be sold by negotiated sale because of lack of legal access may be sold competitively without access if the authorized officer determines that there is competitive interest in such a sale.

(b) All competitive sales shall be subject to the restrictions relating to the export and substitution from the United States of unprocessed timber.

(Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 *et seq.*)

[35 FR 9783, June 13, 1970, as amended at 41 FR 12659, Mar. 26, 1976; 49 FR 23839, June 8, 1984]

Subpart 5402—Other Than Advertised Sales; General

§ 5402.0-6 Policy.

(a) When it is determined by the authorized officer to be in the public interest, he may sell at not less than the appraised value, without advertising or calling for bids, timber where the contract is for the sale of less than 250 M board feet.

(b) Timber on the right-of-way of a logging road and danger trees adjacent to the right-of-way on O. and C. lands may be sold at not less than the appraised value without advertising or calling for bids to (1) permittee who constructs a road pursuant to a permit issued under Subpart 2800 of this chapter, or (2) a contractor who is constructing a road with Government funds.

(c) In addition to paragraph (b) of this section, negotiated sales with no limitations as to volume may be made if:

(1) The contract is for the disposal of materials to be used in connection with a public works improvement program on behalf of a Federal, State or local government agency and the public exigency will not permit the delay incident to advertising; or if

(2) The contract is for the disposal of property for which it is impracticable to obtain competition.

(d) All negotiated sales shall be subject to the restrictions relating to the export and substitution from the United States of unprocessed timber. Timber purchased for right-of-way purposes will not be subject to substitution restrictions.

(Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 *et seq.*)

[35 FR 9784, June 13, 1970, as amended at 41 FR 12660, Mar. 26, 1976]

PART 5410—ANNUAL TIMBER SALE PLAN

Subpart 5410—Annual Timber Sale Plan; General

§ 5410.0-6 Policy.

Plans for the sale of timber from the O. and C. and public lands will be developed annually. Suggestions from prospective purchasers of such timber may be received to assist in the development of a sound annual timber sale plan. Such plan may be advertised in a newspaper of general circulation in the area in which the timber is located. Such advertisement shall indicate generally the probable time when the various tracts of timber included in the plan will be offered for sale, set-asides if any, and the probable location and anticipated volumes of such tracts. The authorized officer may subsequently change, alter or amend the annual timber sale plan.

[35 FR 9785, June 13, 1970]

PART 5420—PREPARATION FOR SALE

Subpart 5420—Preparation for Sale; General

Sec.
5420.0-6 Policy.

Subpart 5422—Volume Measurements

5422.1 Cruise sales.
5422.2 Scale sales.

Subpart 5424—Preparation of Contract

5424.0-5 Definitions.
5424.0-6 Policy.
5424.1 Reporting provisions for substitution determination.

Authority: Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 *et seq.*

Source: 35 FR 9785, June 13, 1970, unless otherwise noted.

Subpart 5420—Preparation for Sale; General

§ 5420.0-6 Policy.

All timber or other vegetative resources to be sold shall be appraised and in no case shall be sold at less than the appraised value. Measurement shall be by tree cruise, log scale, weight, or such other form of measurement as may be determined to be in the public interest.

Subpart 5422—Volume Measurements

§ 5422.1 Cruise sales.

As the general practice, the Bureau will sell timber on a tree cruise basis.

§ 5422.2 Scale sales.

(a) Scaling by the Bureau will be used from time to time for administrative reasons. Such reasons would include but not be limited to the following: To improve cruising standards; check accuracy of cruising practices; for volumetric analysis; and for highly defective timber where it is impossible to determine the tree cruise volume within a reasonable degree of accuracy.

(b) Third party scaling may be ordered by the Bureau after a determination that all of the following factors exist: (1) A timber disaster has oc-
curred; (2) a critical resource loss i
imminent; (3) measurement practice
listed in § 5422.1 and paragraph (a) o
this section are inadequate to permi
orderly disposal of the damage
timber. Third party scaling volume
must be capable of being equated t
Bureau standards in use for timber de
pletion computations, to insure cor
formance with sustained yield princ
ples.

Subpart 5424—Preparation of Contract

§ 5424.0-5 Definitions.

When used in connection wit
export and substitution restriction
the following terms apply:

Affiliate means a business entity i
cluding but not limited to an indivi
ual, partnership, corporation or ass
ciation which controls or is controlle
by a purchaser, or, along with a pu
chaser, is controlled by a third bus
ness entity.

Purchaser means a business enti
including but not limited to an indivi
ual, partnership, corporation or ass
ciation which buys Federal timber.

[46 FR 29263, June 1, 1981]

§ 5424.0-6 Policy.

(a) All sales shall be made on co
tract forms approved by the Directo
The contract form and any addition
provisions shall be made available f
inspection by prospective bidde
during the advertising period.

(b) The Authorized Officer may i
clude additional provisions in the co
tract to cover conditions peculiar
the sale area, such as road constru
tion, logging methods, silvicultur
practices, reforestation, snag fellin
slash disposal, fire prevention, fi
control, and the protection of impro
ments, watersheds, recreation
values, and the prevention of poll
tion.

(c) Except for such specific quan
ties of grades and species of unpr
essed timber determined to be surpl
to domestic lumber and plywood ma
ufacturing needs, each sale contr
shall include provisions that prohibit

(1) The export of any unprocessed timber harvested from the area under contract;

(2) The use of any timber of sawlog or peeler grades sold as a substitute for timber from private lands which is exported or sold for export by the purchaser or an affiliate of the purchaser.

[41 FR 12660, Mar. 26, 1976, as amended at 46 FR 29263, June 1, 1981]

§ 5424.1 Reporting provisions for substitution determination.

(a) To determine whether substitution has occurred, the authorized officer may require that information identified in the contract be reported by:

(1) A purchaser who has exported private timber within one year preceding the purchase date of Federal timber, and/or

(2) An affiliate of a timber purchaser who exported private timber within one year before the acquisition of Federal timber from the purchaser.

(b) Purchasers or affiliates of purchasers shall retain a record of Federal timber acquisitions and private timber exports for three years from the date the activity occurred.

(Information collection requirements contained in paragraph (a) were approved by the Office of Management and Budget under control number 1004-0058)

[46 FR 29263, June 1, 1981]

PART 5430—ADVERTISEMENT

Subpart 5430—Advertisement; General

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 *et seq.*

§ 5430.0-6 Policy.

Competitive timber sales shall be advertised in a newspaper of general circulation in the area in which the timber or other vegetative resources are located and a notice of the sale shall be posted in a conspicuous place in the office where bids are to be submitted. Such advertisement shall be published on the same day once a week for two consecutive weeks, except that sales amounting to less than 500 M board feet, need be published once only. When in the discretion of the authorized officer longer advertising periods are desired, such longer periods are permitted.

[35 FR 9785, June 13, 1970]

§ 5430.1 Requirements.

The advertisement of sale shall state the location by county, section, township, range, meridian, of the tract or tracts on which timber or other vegetative resources are being offered, the estimated total quantity, the unit of measure, the total appraised value, the minimum deposit, time and place for receiving bids, the office where additional information may be obtained, and such additional information as the authorized officer may deem necessary.

[35 FR 14135, Sept. 5, 1970]

PART 5440—CONDUCT OF SALES

Subpart 5441—Advertised Sales

Sec.

5441.1 Qualification of bidders.
5441.1-1 Bid deposits.
5441.1-2 Special considerations.
5441.1-3 SBA set-aside sales.

Subpart 5442—Bidding Procedure

5442.1 Bidding.
5442.2 Resale of timber from uncompleted contract.
5442.3 Rejection of bids; waiver of minor deficiencies.

Subpart 5443—90-Day Sales

5443.1 General.

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 631, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 *et seq.*

Subpart 5441—Advertised Sales

§ 5441.1 Qualification of bidders.

(a) A bidder or purchaser for the sale of timber must be (1) an individual who is a citizen of the U.S., (2) a partnership composed wholly of such citizens, (3) an unincorporated association composed wholly of such citizens, or (4) a corporation authorized to transact business in the States in which the timber is located. A bidder must also have submitted a deposit in advance, as required by § 5441.1-1. To qualify for bidding to purchase set-aside timber, the bidder must not have been determined by the Small Business Administration to be ineligible for preferential award of set-aside sales and must accompany his deposit with a self-certification statement that he is qualified as a small business concern as defined by the Small Business Administration (13 CFR part 121).

(b) At the request of the authorized officer, or the officer conducting the sale, bidders must furnish evidence of qualification in conformance with paragraphs (a) and (c) of this section or if such evidence has already been furnished, make appropriate reference to the record containing it.

(c)(1) A purchaser who is under review for debarment may continue to bid on timber purchase contracts until a final debarment determination has been made by the debarring official. However, contracts will not be awarded during the review period.

(2) Debarred purchasers are prohibited from bidding on timber purchase contracts.

[35 FR 9785, June 13, 1970, as amended at 47 FR 38696, Sept. 2, 1982; 52 FR 26983, July 17, 1987]

§ 5441.1-1 Bid deposits.

Sealed bids shall be accompanied by a deposit of not less than 10 percent of the appraised value of the timber or other vegetative resources. For offerings at oral auction, bidders shall make a deposit of not less than 10 percent of the appraised value prior to the opening of the bidding. The authorized officer may, in his discretion, require larger deposits. Deposits may be in the form of cash, money orders, bank drafts, cashiers or certified checks made payable to the Bureau of Land Management, bid bonds of a corporate surety shown on the approved list of the United States Treasury Department or any guaranteed remittance approved by the authorized officer. Upon conclusion of the bidding, the bid deposits of all bidders, except the high bidder, will be returned. The deposit of the successful bidder will be applied on the purchase price at the time the contract is signed by the authorized officer unless the deposit is a corporate surety bid bond, in which case the surety bond will be returned to the purchaser.

[55 FR 22917, June 5, 1990]

§ 5441.1-2 Special considerations.

Where a timber sale notice provides that the successful bidder may use a Small Business Administration road construction loan, and the bidder has reason to believe that he qualifies for such road construction loan under SBA regulations (13 CFR part 121), the bidder shall submit to the authorized officer a statement of his intention to file with SBA for such SBA road construction loan. The purpose of the filing is to facilitate action by the Authorized officer and the Small Business Administration on the loan application.

[35 FR 9785, June 13, 1970]

§ 5441.1-3 SBA set-aside sales.

Only bids of small business concerns which have filed a self-certification statement as required by § 5441.1 may be considered for sales subject to set-asides. When no such bids are received, the timber may be sold under § 5443.1 in the same manner as timber not previously made subject to a set-aside. When timber subject to a set-aside is not sold for any other reason, the sale may be rescheduled for a set-aside sale.

[35 FR 9785, June 13, 1970]

Subpart 5442—Bidding Procedure

§ 5442.1 Bidding.

(a) Bidding at competitive sales shall be conducted by the submission of sealed bids, written bids, oral bids, or a combination of bidding methods as directed by the authorized officer.

(b) In sealed bid sales, the bidder submitting the highest sealed bid shall be declared the high bidder. In the event of a tie in high sealed bids, the high bidder shall be determined by lot from among those who submitted the tie bids.

(c) In oral auction sales, submission of the required minimum bid deposit and a written bid at not less than the advertised appraised price shall be required to participate in oral bidding. The officer conducting the sale shall declare a specific period, prior to oral bidding on each tract, during which bid deposits and written bids may be submitted. Bid deposits and written bids also may be submitted any time prior to the specific period declared by the officer conducting the sale. Oral bidding to determine the high bidder shall begin from the highest written bid after closure of the submittal period. In the event there is a tie in high written bids, and no oral bidding occurs, the bidder who was the first to submit his bid deposit and written bid shall be declared the high bidder. If the officer conducting the sale cannot determine who made the first submission of high tie written bids, the high bidder shall be determined by lot. The declared high bidder must confirm his oral bid in writing immediately after the sale, but failure to do so shall not relieve him of his purchase obligation.

[38 FR 6280, Mar. 8, 1973]

§ 5442.2 Resale of timber from uncompleted contract.

(a) This section applies to the sale of timber only when 50 percent or more of the timber included in the sale is timber remaining from an uncompleted contract. A bid from a purchaser who held the uncompleted contract, or an affiliate of such purchaser, will be considered only if:

(1) The contract was not canceled because of breach by the purchaser, and

(2) The purchaser has made full payment of the total purchase price and any related charges by the expiration date.

(b) The purchaser who held the uncompleted contract, or affiliate of such purchaser, shall, upon execution of the resale contract, agree that the Bureau of Land Management shall retain the original payment for timber not removed under the uncompleted contract, less the cost of resale, as a credit toward the purchase price of the resale contract.

[55 FR 17755, Apr. 27, 1990]

§ 5442.3 Rejection of bids; waiver of minor deficiencies.

When the authorized officer determines it to be in the interest of the Government to do so, he may reject any or all bids and may waive minor deficiencies in the bids or the timber sale advertisement.

[38 FR 6280, Mar. 8, 1973]

Subpart 5443—90-Day Sales

§ 5443.1 General.

If no bid is received within the time specified in the advertisement of sale, and if the authorized officer determines that there has been no significant rise in the market value, he may in his discretion, keep the sale open for not to exceed 90 days by posting notice thereof in a conspicuous place in the office where bids are to be submitted. If during such period a written bid is submitted, together with the required deposit, for not less than the advertised appraised value, a notice of such bid shall be posted immediately after receipt of such bid for seven successive days in the same office and in the same manner. If no other written bid is received during the 7-day posting period, the sole bidder shall be deemed the high bidder. If, however, during such seven day posting period other written bids are received, an oral auction shall be conducted in the usual manner for those who have submitted written bids. The authorized officer shall notify those who have submitted written bids of the time and place of the oral auction. The written bids shall be considered the initial bids in such oral auction. If there is a tie in the high written bids that are submitted during the seven day posting period and if no higher bid is offered during the oral auction, the party who first submitted the high bid shall be deemed the high bidder.

[35 FR 9786, June 13, 1970]

PART 5450—AWARD OF CONTRACT

Subpart 5450—Award of Contract; General

Sec.
5450.1 Pre-award qualifications of high bidder.

Subpart 5451—Bonds

5451.1 Minimum performance bond requirements; types.
5451.2 Performance bonds in excess of minimum.
5451.3 Performance bond reduction.
5451.4 Payment bond.

Subpart 5452—Method of Payment

5452.1 Cash sales.
5452.2 Installment payments.

AUTHORITY: 30 U.S.C. 601 *et seq.;* 43 U.S.C. 1181e.

Subpart 5450—Award of Contract; General

§ 5450.1 Pre-award qualifications of high bidder.

(a) The authorized officer may require the high bidder to furnish such information as is necessary to determine the ability of the bidder to perform the obligations of the contract. The contract shall be awarded to the high bidder, unless he is not qualified or responsible, or unless all bids are rejected. If the high bidder is not qualified or responsible or fails to sign and return the contract together with the required performance bond and any required payment; the contract may be offered and awarded for the amount of the high bid to the highest of the bidders who is qualified, responsible, and willing to accept the contract.

(b) A purchaser who has defaulted on a timber sale contract under this title by failing to complete payment of its total purchase price by the expiration date of the contract is considered a risk for purposes of being awarded future timber sale contracts. If a purchaser deemed a risk is the high bidder on a new timber sale, the authorized officer shall send a notice by registered mail requiring such purchaser to establish bidder responsibility by paying or bonding, or a combination of payment and bonding, for any one of the following: The total unpaid balance of the purchase price of all defaulted sales, the unsettled damages on all defaults, or 50 percent of the purchase price of contracts bid after the most recent default. Any payment applied toward 50 percent of a contract's bid price after the default(s) will be held as final payment for timber cut and/or removed under terms of the contracts. Acceptable bonding options are listed at § 5451.1 of this title. Payment and bonding are due within time limits stated in § 5450.1(c). Should the purchaser fail to demonstrate responsibility within 30 days of receipt of the notice, the authorized officer shall offer the contract for the amount of the high bid to the highest of the bidders who is qualified, responsible, and willing to accept the contract. Failure to demonstrate responsibility within 30 days of receipt of the notice indicates that the purchaser is not responsible, and debarment proceedings shall be considered under § 5441.1 of this title.

(c) Within 30 days after receipt of the contract the successful bidder shall sign and return the contract, together with any required performance bond and any required payment: *Provided,* That the authorized officer may, in his discretion, extend such period an additional 30 days if the extension is applied for in writing and granted in writing within the first 30-day period. If the successful bidder fails to comply within the stipulated time, his bid deposit shall be retained as liquidated damages.

[35 FR 9786, June 13, 1970, as amended at 55 FR 3955, Feb. 6, 1990]

Subpart 5451—Bonds

§ 5451.1 Minimum performance bond requirements; types.

(a) A minimum performance bond of not less than 20 percent of the total contract price shall be required for all contracts of $2500 or more, but the amount of the bond shall not be in excess of $500,000, except when the purchaser opts to increase the minimum bond as provided in § 5451.2 of this title. A minimum performance bond of not less than $500 will be required for all installment contracts less than $2,500. For cash sales less than $2,500, bond requirements, if any, will be in the discretion of the authorized officer. The performance bond may be:

(1) Bond of a corporate surety shown on the approved list issued by the United States Treasury Department and executed on an approved standard form; or

(2) Personal surety bond, executed on an approved standard form if the authorized officer determines the principals and bondsmen are capable of carrying out the terms of the contract; or

(3) Cash bond; or

(4) Negotiable securities of the United States.

(5) Any guaranteed remittance approved by the authorized officer.

[35 FR 9786, June 13, 1970, as amended at 38 FR 6281, Mar. 8, 1973; 46 FR 42673, Aug. 24, 1981; 47 FR 38696, Sept. 2, 1982]

§ 5451.2 Performance bonds in excess of minimum.

(a) The purchaser may cut timber before payment of the second or subsequent installments required by § 5461.2(a) of this part by increasing the minimum bond required by § 5451.1(a) of this part by an amount equal to one or more installment payments; *Provided, however,* That the authorized officer may grant permission to cut timber only when the value of the timber to be cut does not exceed the amount by which the minimum bond has been increased. The purchaser shall secure approval in writing of the adjusted bond by the authorized officer prior to cutting any timber under the adjusted bond.

(b) If payment and bonding for 50 percent of the purchase price of a contract is provided in accordance with § 5450.1(b) of this title, the amount of performance bond in excess of the minimum performance bond required by § 5451.1(a) of this title may be used as an increased performance bond as specified in § 5451.2(a) of this title.

[47 FR 38697, Sept. 2, 1982; 47 FR 51868, Nov. 18, 1982, as amended by 55 FR 3955, Feb. 6, 1990; 55 FR 19886, May 14, 1990]

§ 5451.3 Performance bond reduction.

(a) As contract provisions are satisfactorily completed, the authorized officer may, in his discretion, reduce the amount of the required performance bond: *Provided, however,* That the amount of the performance bond shall not be reduced below the minimum required by § 5451.1 until

(1) Payment of no less than 60 percent of the total purchase price has been made, or

(2) Road construction required under the contract has been completed, the value of which when combined with contract payments is equal to no less than 60 percent of the total purchase price.

(b) At the request of the purchaser, when the requirements set forth in the proviso to paragraph (a) of this section have been met, the amount of the performance bond may be reduced to 10 percent of the total purchase price or the entire cost of the uncompleted post-harvest contract requirements, whichever is greater. The amount of the performance bond shall not be reduced below 10 percent of the total purchase price until payment for all the timber sold under the terms of the contract is complete.

(c) For the purpose of this section, the value of completed road construction shall be based on the Bureau's appraisal allowance.

Satisfactory completion of portions of the required road construction, to reasonable points that can be easily identified in the road construction appraisal, shall be considered as completed road construction for the purpose of this section.

[55 FR 19886, May 14, 1990]

§ 5451.4 Payment bond.

To obtain permission to (a) cut and remove timber, or (b) remove timber already cut, which has been secured by an increased performance bond as provided for in § 5451.2, before payment of the first or subsequent installments, the purchaser must obtain a payment bond in an amount equal to one or more installment payments as determined by the authorized officer. The payment bond may be a bond of a corporate surety shown on the approved list issued by the U.S. Treasury Department and executed on an approved form or negotiable securities of the United States. The payment bond may be a bond of a corporate surety shown on the approved list issued by the United States Treasury Department and executed on an approved form, negotiable securities of the United States, or any guaranteed remittance approved by the authorized officer. If a bond of a corporate surety is used, the payment bond shall provide that if the purchaser fails to make payment as required by § 5461.2(c) of this chapter, the surety will make such payment including any required interest to the Bureau within 60 days after demand therefor by the Bureau. With the written approval of the authorized officer a single blanket payment bond may be allocated to two or more contracts with the same purchaser in the same Bureau of Land Management administrative district. When operations cease for 60 days or more, the amount of a payment bond may be adjusted downward to an amount equal to the value of the timber cut. Before operations resume, a reduced bond shall be increased to the amount of a full installment.

[38 FR 6281, Mar. 8, 1973, as amended at 46 FR 42674, Aug. 24, 1981; 47 FR 38697, Sept. 2, 1982]

Subpart 5452—Method of Payment

§ 5452.1 Cash sales.

For sales under $500 the full amount shall be paid prior to or at the time the authorized officer signs the contract.

[35 FR 9787, June 13, 1970]

§ 5452.2 Installment payments.

For sales of $500 or more the authorized officer may allow payment by installments as provided by § 5461.2 of this chapter.

[35 FR 9787, June 13, 1970]

PART 5460—SALES ADMINISTRATION

Subpart 5461—Contract Payments

Sec.
5461.1 Payment in advance of cutting or removal.
5461.2 Required payment schedule.
5461.3 Total payment.

Subpart 5463—Expiration of Time for Cutting and Removal

5463.1 Time for cutting and removal.
5463.2 Extension of time.

AUTHORITY: 30 U.S.C. 601 *et seq.*; 43 U.S.C. 1181e.

Subpart 5461—Contract Payments

§ 5461.1 Payment in advance of cutting or removal.

Except as provided in §§ 5451.2 and 5451.4 no part of any timber or other vegetative resources sold may be cut or removed unless advance payment has been made as provided in the contract.

[35 FR 9787, June 13, 1970, as amended at 38 FR 6281, Mar. 8, 1973]

§ 5461.2 Required payment schedule.

Contract installment payments shall be determined by the authorized officer as follows:

(a)(1) For sales of less than $500,000, installment payments shall be not less than 10 percent of the total purchase price. For sales of $500,000 or more, installment payments shall be $50,000.

(2) The first installment shall be paid prior to or at the time the authorized officer signs the contract. One-half of the first installment shall be held to satisfy the final payment under the contract and one-half of the first installment shall be released and applied to subsequent contract payment when either payment of not less than 60 percent of the total purchase price has been made or road construction required by the contract, the value of which when combined with contract payments is no less than 60 percent of the total purchase price, has been completed.

(3) The second installment shall be paid prior to the cutting or removal of the material sold. Each subsequent installment shall be due and payable

without notice when the value of material cut or removed equals the sum of all payments made up to that point, not including the first installment, or one-half of the first installment after the other one/half of the first installment has been released as provided in paragraph (2) of this section: *Provided, however,* That in the case of all contracts with terms 19 months or longer, the purchaser shall, by the first anniversary date, either pay no less than 20 percent of the total purchase price, or complete road construction required by the contract, the value of which when combined with contract payments is no less than 20 percent of the total purchase price. In the case of all contracts with terms 27 months or longer, the purchaser shall also, by the second anniversary date, either pay no less than 40 percent of the total purchase price or complete road construction required by the contract, the value of which when combined with contract payments is no less than 40 percent of the total purchase price.

(4) For the purpose of this section, the value of completed road construction shall be based on the Bureau's appraisal allowance.

Satisfactory completion of portions of the required road construction, to reasonable points that can be easily identified in the road construction appraisal, shall be considered as completed road construction for purposes of this section.

(b) Delayed payment of installments shall be allowed if the purchaser furnishes a bond as provided in § 5451.2 of this title. A deposit shall be paid in the same manner as prescribed in paragraph (a) of this section. If cutting is permitted before payment, as prescribed in § 5451.2 of this title, payment by installment shall be made before any timber may be skidded or yarded to a loading point or removed from the contract area. Each subsequent installment shall be due and payable without notice when the sale value of the timber skidded or yarded to a loading point or removed equals the sum of all payments not including the deposit. The unenhanced value of timber allowed to be cut in advance of payment shall be limited to the amount of the increase over and above the required performance bond. Upon payment, the amount of the bond may be applied to other timber sold under the contract to permit its cutting in advance of payment.

(c) Where cutting or removal is permitted under payment bond under § 5451.4 of this title, a deposit shall be paid as provided in paragraph (a) of this section. If cutting and/or removal is permitted before payment, as provided in § 5451.4 of this title, the purchaser shall be billed monthly for timber skidded or yarded to a loading point or removed from the contract area and for any related road maintenance fees unless a lesser period is agreed to by the authorized officer and the purchaser. Payment shall be made within 15 days of the billing date shown on the billing form. The unenhanced value of timber allowed to be cut and/or removed in advance of payment is limited to the amount of the payment bond. Upon payment, the amount of the bond may be applied to other timber.

[47 FR 38697, Sept. 2, 1982; 47 FR 51868, Nov. 18, 1982; 55 FR 19886, May 14, 1990]

§ 5461.3 Total payment.

The total amount of the contract purchase price must be paid prior to expiration of the time for cutting and removal under the contract. For a cruise sale the purchaser shall not be entitled to a refund even though the amount of timber cut, removed, or designated for cutting may be less than the estimated total volume shown in the contract. For a scale sale, if it is determined after all designated timber has been cut and measured that the total payments made under the contract exceed the total sale value of the timber measured, such excess shall be refunded to the purchaser within 60 days after such determination is made.

[35 FR 9787, June 13, 1970]

Subpart 5463—Expiration of Time for Cutting and Removal

§ 5463.1 Time for cutting and removal.

Time for cutting and removal of timber or other vegetative resources sold shall not exceed a period of thirty-six months except that such time for cutting and removal may be extended as provided in §§ 5463.2 and 5473.1.

[35 FR 9787, June 13, 1970]

§ 5463.2 Extension of time.

(a) If the purchaser shows that his delay in cutting or removal was due to causes beyond his control and without his fault or negligence, the authorized officer may grant an extension of time, not to exceed one year, upon written request of the purchaser. Market fluctuations are not cause for consideration of contract extensions. Additional extensions may be granted upon written request of the purchaser.

(b) Upon written request of the purchaser, the State Director may extend a contract to harvest green timber to allow that purchaser to harvest as salvage from Federal lands timber that has been damaged by fire or other natural or man-made disaster. The duration of the extension shall not exceed that necessary to meet the salvage objectives.

[35 FR 9787, June 13, 1970, as amended at 52 FR 42587, Nov. 5, 1987; 53 FR 31002, Aug. 17, 1988]

Subpart 5473—Extension of Time for Cutting and Removal

§ 5473.1 Application.

Written requests for extension shall be received prior to the expiration of the time for cutting or removal. No extension may be granted without reappraisal as provided in § 5473.4-1 of this title, except for an extension granted under § 5463.2(b) of this title to allow the purchaser to harvest salvage timber damaged by fire or other disaster. Reappraisal may be waived for an extension granted under § 5463.2(b) of this title only in a decision approved by the appropriate State Director, Bureau of Land Management.

[52 FR 42587, Nov. 5, 1987 and 53 FR 31002, Aug. 17, 1988]

§ 5473.4 Approval of request.

§ 5473.4-1 Reappraisal.

(a) If an extension is granted as provided in §§ 5463.2 and 5473.1 the material sold shall be reappraised by the authorized officer. In making the reappraisal, the authorized officer shall use the Bureau of Land Management's prescribed procedures.

(b) For a cruise sale the timber sold remaining on the contract area shall be reappraised for the purpose of computing the reappraised total purchase price. The reappraised total purchase price shall not be less than the total purchase price established by the contract or last extension. The authorized officer may require that the reappraised total purchase price shall be paid in advance as a condition of granting an extension.

(c) For a scale sale each species of timber remaining on the contract area shall be reappraised. The reappraised unit price for each species shall be effective for the remaining life of the contract: *Provided, however,* The reappraised unit price for each species shall not be less than the unit price established by the contract or previous extension.

Subpart 5474—Contract Assignment

§ 5474.1 Conditions; general.

(a) The purchaser may not assign the contract or any interest therein without the written approval of the authorized officer. An assignment shall contain all the terms and conditions agreed upon by the parties thereto.

(b) The authorized officer will not approve any proposed assignment involving contract performance unless the assignee (1) is authorized to transact business in the State in which the timber or other vegetative resource is located; (2) submits such information as is necessary to assure the authorized officer of his ability to fulfill the contract; and (3) furnishes a performance bond as required by Subpart 5451 of this chapter or obtains a commitment from the previous surety to be bound by the assignment when approved. Upon approval of an assignment by the authorized officer, the assignee shall be entitled to all the rights and subject to all the obligations under the contract, and the assignor shall be released from any further liability under the contract.

Subpart 5475—Federal Timber Contract Payment Modification

AUTHORITY: Federal Timber Contract Payment Modification Act of October 16, 1984 (98 Stat. 2213; 16 U.S.C. 618).

SOURCE: 50 FR 26678, June 27, 1985, unless otherwise noted.

§ 5475.0-3 Authority.

The Federal Timber Contract Payment Modification Act of October 16, 1984, (98 Stat. 2213) authorizes and directs the Secretary of the Interior to permit a requesting purchaser to return to the Government a volume of the purchaser's qualifying timber contracts upon payment or arrangement for payment of a buy-out charge.

§ 5475.0-5 Definitions.

As used in this subpart, the term:

(a) *Act* means the Federal Timber Contract Payment Modification Act of October 16, 1984 (98 Stat. 2213).

(b) *Purchaser* means a holder of a contract to purchase timber from the Secretary of the Interior. When used for purposes of determining volume entitlement and buy-out charges in §§ 5475.2-2 and 5475.3 of this subpart, respectively, the term purchaser includes affiliated concerns as a single entity.

(c) *Purchaser's loss* means current delivered log cost minus current delivered log value, as of October 16, 1984, all as determined by the authorized officer.

(d) *Net book worth* means the excess of the assets of a purchaser over the liabilities. Net book worth for purchasers or their affiliates which are publicly held corporations shall be as of the date of their most recent annual report filed prior to publication of this rule on Form 10-K with the Securities and Exchange Commission. Net book worth for purchasers or their affiliates which are not publicly held corporations shall be as of the purchaser's or affiliate's financial statement for the most recent fiscal year prior to publication of this final rulemaking and be of a date of no more than 15 months prior to the date of purchaser's application for contract buy-out. Net book worth shall not include the value of any outstanding federal timber sale contracts.

(e) *Independent certified public accountant* means an individual authorized by a government agency (generally a state agency) to render an opinion on the propriety of financial statements. Such an individual may practice as a sole practitioner or as a member of a firm of certified public accountants.

(f) *Board feet of net merchantable volume* means the amount of merchantable timber remaining on a sale area based on Bureau 16-foot timber measurement standards.

(g) *Affiliates.* Concerns are affiliates of each other when either directly or indirectly, one concern controls or has the power to control the other, or a third party or parties that controls or has the power to control both. In determining whether or not affiliation exists, consideration shall be given to all appropriate factors, including, but not limited to, common ownership, common management, and contractual relationships. Concerns affiliated at any time during the period June 1, 1984, to September 30, 1984, shall be considered affiliates for determining purchaser's net book worth and volume entitlement. A purchaser forming an affiliate after September 30, 1984, and prior to the time when the purchaser determines its net book worth, shall treat such organization as an affiliate for purposes only of determining its net book worth.

(h) *Qualifying contracts* means Bureau sales contracts bid prior to January 1, 1982, and held as of June 1, 1984.

(i) *Volume entitlement* means the aggregate amount of Bureau and Forest Service net merchantable volume of timber which may be returned to the United States subject to a buy-out charge.

(j) *Conditional contract* means an otherwise qualifying contract that is proposed for buy-out on which harvest and/or road construction activities have commenced.

(k) *Reasonable rates and terms* means interest rates that are within 3 percentage points above the average market yield of outstanding treasury obligations with remaining years to maturity of 5 years as reported by the U.S. Treasury; and having terms of 5 years.

§ 5475.1 Contract modification applications.

(a) The authorized officer shall prepare a modification application package for each Bureau timber sale purchaser, including affiliates holding contracts that qualify for termination under the Act. Application packages for purchasers holding qualifying contracts in more than one State shall be prepared by the authorized officer having the greatest volume under Bureau qualifying contracts for individual purchasers. The authorized officer shall provide timber sale statistics, purchaser loss, and contract overbid information to be included in the modification application. Purchasers who elect to pay less than the maximum buy-out charge as specified in section (3)(A) of the Act, shall submit a net worth determination as part of the completed application package (see § 5475.3(c)). Purchasers that also hold Forest Service contracts that qualify for termination under the Act shall include a complete copy of each Forest Service modification application when submitting a Bureau application to the authorized officer.

(b) In order to be accepted, applications shall be received by the authorized officer within 90 days of the publication date of either this regulation or the regulation of the Secretary of Agriculture issued pursuant to the Act, whichever is later. The application may be revised within the 90-day period. After the 90-day period sales cannot be deleted from the application. The addition of qualifying sales may be considered after the 90-day period only when sales are deleted from the purchaser's Forest Service application and the purchaser elects to use additional Bureau sales to obtain full entitlement. Any request to add sales shall be received by the authorized officer no later than 30 days after deletion from the Forest Service application.

(c) If the purchaser has filed for bankruptcy, the application shall be approved by the Bankruptcy Court. Applications containing sale in trust shall have the signature of the assignees.

§ 5475.2 Qualification and volume entitlement.

§ 5475.2-1 Qualification.

To qualify for buy-out under this subpart, a timber sale contract must have been bid prior to January 1, 1982, and be held by the requesting purchaser as of June 1, 1984. In cases where such a contract was defaulted after January 1, 1981, such a contract may qualify for buy-out under this subpart provided: (a) settlement for damages has not been reached between the purchaser and the United States; and (b) the purchaser's loss on all of its qualifying timber sale con tracts as determined under § 5475.3(a) of this subpart is in excess of 50 per centum of the net book worth of the purchaser.

§ 5475.2-2 Volume entitlement.

Except as provided in § 5475.2-3 of this subpart:

(a) A purchaser holding qualifying contracts with more than 27.3 million board feet of net merchantable timber shall be entitled to buy out up to 55 per centum of such timber volume up to a maximum of 200 million board feet. The total remaining volume on Bureau and Forest Service timber sale contracts as of January 1, 1982, as set forth in the appropriate agency's qualified timber sale contracts, shall be used to establish buy-out entitlement.

(b) A purchaser holding qualifying contracts with 27.3 million board feet or less of timber qualified under section 5475.2-1 of this subpart is entitled to buy-out up to 15 million board feet or one contract, whichever is greater in volume. The total remaining volume on Bureau and Forest Service timber sale contracts as of January 1, 1982, as set forth in the appropriate agency's qualified timber sale contracts shall be used to establish buy-out entitlement.

§ 5475.2-3 Volume exceptions.

(a) The percentage limitation of § 5475.2-2(a) or the volume limitation of § 5475.2-2(b) of this section may be exceeded by a volume amount not to exceed the volume of the smallest contract bought out by the purchaser, provided the volume limitation of 200 million board feet is not exceeded. This provision shall apply only in cases where the purchaser could not otherwise attain his/her percentage of volume entitlement.

(b) A purchaser may buy down volume of one contract necessary to take full advantage of the 200 million board feet limitation by paying the contract price per thousand board feet or, on a sale where harvest has begun, paying and removing that volume of timber in excess of the 200 million board feet limitation at the contract rate. Removal of additional timber must be consistent with § 5475.4 of this subpart.

§ 5475.3 Determination of buy-out charge.

To determine the buy-out charge for qualifying timber contracts the authorized officer shall first establish the purchaser loss, determine the contract overbid, and obtain from the purchaser a statement of net worth if required under section 3(a) of the Act.

(a) Purchaser loss shall be determined by the authorized officer by subtracting current delivered log value from current delivered log cost on a qualifying contract. Current delivered log value will then be determined by a method which adjusts the original appraised value of each species to October, 1984, values through factors representing value changes in Bureau or Forest Service index sales existing at the time of the original sale and for the month of October, 1984.

(b) Contract overbid shall be established by the authorized officer as follows:

(1) On qualifying contracts where timber has not been removed, the authorized officer will determine the contract overbid by subtracting the total advertised contract price of all species from the total bid price of all species.

(2) On contracts where timber has been removed, the contract overbid for the remaining timber will be determined by the authorized officer by establishing an overbid rate. The overbid rate shall be determined by dividing the contract overbid for the total sale by the total advertised volume.

The overbid rate will be multiplied by the current remaining volume to obtain the contract overbid on the remaining timber.

(c)(1) Purchasers requesting to use net book worth formulas to determine the buy-out charge shall submit: (i) A copy of their most recent consolidated financial statements disclosing the net book worth of the purchaser and affiliates; (ii) A schedule of net book worth that combines the consolidated net book worth of the purchaser and affiliates, as provided in paragraph (c)(1)(i) of this section, and excludes the value of any outstanding federal timber sales contracts included in the determination of net book worth and eliminates intercompany transactions and profits or losses. Except as noted in paragraph (c)(2) of this section, an auditor's report prepared by an independent certified public accountant shall accompany the purchaser's and affiliate's financial statements. The auditor's report may be in the form of an auditor's standard report based upon an examination of the financial statements in accordance with generally accepted auditing standards, citing the scope of the audit and expressing an opinion that the financial statements are fairly presented in conformity with general accepted accounting principles applied on a consistent basis. The purchaser may elect to submit an auditor's review report prepared by an independent certified public accountant in accordance with the standards for review established by the American Institute of Certified Public Accountants. (iii) The purchaser may submit on his own initiative and the authorized officer may request additional explanatory matter to clarify, disclose, or highlight any circumstances that have or may have a material effect on the purchaser's net book worth or to aid in the interpretation of the purchaser's financial statements. The authorized officer's request for additional information shall be restricted to material essential for the verification of the purchaser's net book worth.

(2) Where the purchaser has filed for bankruptcy and can demonstrate to the authorized officer that he/she cannot provide a financial statement as set forth in this section, the purchaser may submit a notarized copy of the documentation of financial statements required by and used in the bankruptcy proceedings to establish the purchaser's net book worth.

(3) The purchaser is required to maintain all financial records used for determining net book for a period of 3 years following submission of the audit report.

(d) In order to calculate the buy-out charge, the authorized officer shall use the net book worth of each purchaser as provided under § 5475.3 of this subpart, and calculate the buy-out charge and the total amount to be paid by the purchaser to the government using the following formulas on a contract-by-contract basis:

(1) When the purchaser loss exceeds 100 per centum of the net book worth of the purchaser, the buy-out cost shall be $10 per one thousand board feet of currently held volume bought out;

(2) When the purchaser loss exceeds 50 per centum up to 100 per centum of the net book worth of the purchaser, the buy-out cost shall be 10 per centum of the contract overbid but at least $10 per one thousand board feet of currently held volume bought out:

(3) When the purchaser loss is 50 per centum or less of the net book worth of the purchaser the buy-out cost shall be:

(i) 15 per centum of the contract overbid for the first 125 million board feet; and

(ii) 20 per centum of the contract overbid for the next 25 million board feet; and

(iii) 25 per centum of the contract overbid for the next 25 million board feet; and

(iv) 30 per centum of the contract overbid for the next 25 million board feet not to exceed 200 million board feet of qualifying volume; and

(v) At least $10 per thousand board feet.

(4) Purchaser shall designate the order of contracts to buy out under (d)(3)(i) through (iv) of this section including contracts that must be split between two categories.

(e) The purchaser shall be billed by the authorized officer and shall make full payments or make arrangement for payment under § 5475.5 of this subpart for buy-outs prior to the acceptance of returned contracts.

(f) Where a purchaser has completed any portion of road construction which may be logically broken out of the timber sale appraisal allowances and where the road construction is acceptable under conditional contracts of this subpart, the authorized officer shall notify the purchaser of the amount of the road allowance which may be credited. In cases where timber has been removed from the sale area, the authorized officer shall reduce the road allowance. The amount of the reduction shall equal the volume of timber removed in thousands of board feet multiplied by the allowance per thousand board feet (Mbf) for road construction in the timber sale appraisal. These road allowances shall be credited against the total buy-out charge. Road allowances in excess of the total buy-out charge shall be credited against timber sales that were extended under Instruction Memorandum No. 83-743 pursuant to the President's program of July 28, 1983. If there is excess road construction allowance remaining after applying the allowance to the purchaser's buy-out charge and to the purchaser's grace period contracts, then the excess allowance may be credited after September 30, 1985, against any timber sale; however, no more than 33⅓ percent of the remaining excess allowance as of September 30, 1985, may be credited during any subsequent fiscal year, except that in any year the amount of excess allowance that may be credited may equal one payment on one timber sale.

§ 5475.4 Conditions for return of timber sale contracts.

(a) Contracts returned pursuant to this subpart which have had no harvesting or road construction work shall be returned in full. The purchaser shall not retain any portion of the timber sale contract.

(b) Contracts returned pursuant to this subpart under which harvest or any type of road work has begun may be returned to the authorized officer subject to his or her authority to reject the contract or to accept it upon compliance with conditions to be established by the authorized officer. The authorized officer may reject a contract if he or she determines that the remaining unharvested portion is substantially unrepresentative of the original sales as a whole in terms of species, logging methods, or other appropriate criteria, and that accepting the return of such contract would not be in the public interest. Other reasons for rejection may include, but are not limited to, such considerations as: (1) amount of value loss due to deterioration in felled timber; (2) impractical remaining harvest unit resulting from purchaser failing to complete an entire logging unit; (3) road construction determined not to be at a logical stopping point.

(c) The authorized officer may accept payment for the amount of volume loss in felled timber in lieu of requiring removal of the felled timber; provided that the remaining felled timber constitutes a practical harvest unit. Payment for volume loss in felled timber shall be based on current market price applied to volume loss as determined by the Bureau. Such payment shall be in addition to payment of the buy-out cost for the volume of timber affected by deterioration.

(d) The authorized officer shall include conditions for acceptance of the returned contract and a schedule for its completion as part of the purchaser's modification application package. Conditionally returned contracts shall not be accepted by the authorized officer until the purchaser has fulfilled all the conditions established in the modification application. If the purchaser does not fulfill these conditions in accordance with the schedule for their completion, the sale shall no longer qualify for buy-out under the Act and shall terminate on the date scheduled for its completion or the date provided in the agreement under the grace period extension program, whichever is later.

§ 5475.5 Alternative method of payment.

If unable to obtain sufficient credit elsewhere, a purchaser may finance the buy-out charge by paying 5 per centum of the buy-out charge at a time specified by the buy-out agreement and paying the remainder in equal quarterly payments over a period not to exceed 5 years. These additional requirements shall apply:

(a) The purchaser shall provide documentation to the authorized officer of inability to obtain private financing at reasonable rates and terms as defined in this subpart, from at least two Federal or state chartered financial Institutions engaged in providing financing to the timber industry and one from the lending institution with which the purchaser usually transacts business.

(b) Upon request, the purchaser shall make available copies of loan papers for loans acquired within six months of the date of publication of the final rules and for loans acquired between the publication date and submittal of the purchaser's buy-out request, which have reasonable interest rates, as defined in § 5475.0-5(k) of this subpart.

(c) The interest rate shall be adjusted with each payment to equal the average market yield of outstanding Treasury obligations with 5 years remaining to maturity. Such information shall be obtained by the authorized officer from the United States Department of the Treasury.

(d) The purchaser shall sign a promissory note agreeing to the terms and conditions of payment.

(e) Payment shall be secured by bond deposited securities or other forms of security acceptable to the authorized officer in an amount sufficient to cover the entire buy-out payment owing on those Bureau contracts. If a bond of corporate surety is used, the payments bond shall provide that, if the purchaser fails to make payments as required by this supbart, the surety shall make payment of the entire balance including any required interest and late payment charges. As each payment is made, the bond may be adjusted downward to an amount equal to the unpaid balance of the buy-out, including any required interest.

(f) The method of payment shall be the same as called for in the original purchase contract unless the amount is over $10,000. For amounts over $10,000 the Bureau may require remittance by wire transfer. The place of payment for other than wire transfer shall be specified in the buy-out agreement.

§ 5475.6 Payment date.

The purchaser shall pay either the total buy-out charge or, on qualifying, the initial installment under § 5475.5 of this subpart by the 60th calendar day after the final date for submitting applications for contract buy-out. If payment is not received by the authorized officer by the 60th calendar day, the purchaser shall pay late charges on the outstanding billed amount, as prescribed in the Debt Collection Act of 1982 (96 Stat. 1749). Late payment charges shall accrue from the 60th calendar day after the final date for submitting applications for buy-out, or where the alternate payment method is used, shall accrue from the date the payment was due.

§ 5475.7 Protests and appeals.

(a) Any appeal filed prior to the execution of a buy-out agreement shall be in accordance with the provisions of 43 CFR part 4.

(b) Any dispute relating to an executed buy-out agreement shall be subject to the provisions of the Contract Disputes Act of 1978 (92 Stat. 2383).

Group 5500—Nonsale Disposals

PART 5500—NONSALE DISPOSALS; GENERAL

Subpart 5500—Nonsale Disposals; General

AUTHORITY: 61 Stat. 681, as amended, 69 Stat. 367, 48 Stat. 1269, sec. 11, 30 Stat. 414, as amended, 30 U.S.C. 601 *et seq.*, 43 U.S.C. 315, 423.

§ 5500.0-3 Authority.

(a) The Act of July 31, 1947 (61 Stat. 681), as amended by the Acts of July 23, 1955 (69 Stat. 367, 30 U.S.C. 601 *et seq.*) and the Act of September 25, 1962 (76 Stat. 587) authorizes the disposal of timber and other vegetative resources on public lands of the United States including lands embraced within an unpatented mining claim located after July 23, 1955, if the disposal of such resources is not otherwise expressly authorized by law including, but not limited to, the Act of June 28, 1934 (48 Stat. 1269; 43 U.S.C. 315 through 315o-1), as amended, and the United States mining laws; is not expressly prohibited by laws of the United States; and would not be detrimental to the public interest.

(1) The Act also authorizes the United States, its permittees, and licensees to use so much of the surface of any unpatented mining claim located under the mining law of the United

States after July 23, 1955, as may be necessary for access to adjacent land for the purposes of such permittees or licensees. Any authorized use of the surface of any such mining claim shall be such as not to endanger or materially interfere with prospecting, mining or processing operations or uses reasonably incident thereto.

(2) Where the lands have been withdrawn in aid of a function of a Federal department or agency other than the Department of the Interior, or of a State, county, municipality, water district, or other local governmental subdivision or agency, the Secretary of the Interior may make disposals under the regulations in this subpart only with the consent of such other Federal department or agency or of such State, or local governmental unit. The Act of July 23, 1955, supra, provides, however, that the Secretary of Agriculture shall dispose of materials under the Act of July 31, 1947, as amended, supra, if such materials are on lands administered by the Secretary of Agriculture for national forest purposes or for purposes of Title III of the Bankhead-Jones Farm Tenant Act or where withdrawn for the purpose of any other function of the Department of Agriculture.

(3) The provisions of the Act of July 23, 1955, supra, in disposal of vegetative or mineral materials do not apply to lands in any national park, or national monument or to any Indian lands or lands set aside or held for the use or benefit of Indians including lands over which jurisdiction has been transferred to the Department of the Interior by Executive order for the use of Indians.

[35 FR 9789, June 13, 1970]

§ 5500.0-5 Definitions.

Except as the context may otherwise indicate, as the terms are used in parts 5500 through 5520 of this chapter and in contracts issued thereunder:

(a) *Bureau* means the Bureau of Land Management, Department of the Interior.

(b) *Director* means the Director of the Bureau of Land Management.

(c) *Authorized Officer* means an employee of the Bureau of Land Management, to whom has been delegated the authority to take action.

(d) *O. and C. Lands* means the Revested Oregon and California Railroad and Reconveyed Coos Bay Wagon Road Grant Lands and other lands administered by the Bureau of Land Management under the provisions of the Act of August 28, 1937 (50 Stat. 874).

(e) *Public Lands* means the public domain and its surface resources under the jurisdiction of the Bureau of Land Management.

(f) *Timber* means standing trees, downed trees or logs which are capable of being measured in board feet.

(g) *Other vegetative resources* means all vegetative material which cannot be measured in units of board feet of timber.

Subpart 5510—Free Use of Timber; General

§ 5510.0–3 Authority.

(a) *Nonsale disposals Act of June 3, 1878.* (1) Authority for free use of timber on mineral and nonmineral public lands. Section 5511 is issued under authority of the Act of June 3, 1878 (20 Stat. 88; 16 U.S.C. 604 through 606) and March 3, 1891 (26 Stat. 1093; 16 U.S.C. 607), as supplemented by the Act of January 11, 1921 (41 Stat. 1088; 16 U.S.C. 604, 612), settlers upon public lands, citizens and bona fide residents of the State, and corporations doing business in the State may obtain free use permit for timber.

(2) Authority for the issuance of regulations governing the free use of timber for fuel in drilling operations by oil and gas lessees is contained in section 32 of the Act of February 25, 1920 (41 Stat. 405; 30 U.S.C. 189).

CROSS REFERENCE: For additional free use privileges, see § 5511.3.

(b) *Nonsale disposals Act of July 23, 1955.* The Act of July 23, 1955, supra, authorizes the Secretary of the Interior in his discretion to permit free use of timber or other vegetative resources or mineral materials by any Federal or State governmental agency, unit or subdivision, including municipalities, or any association or corporation not organized for profit for use other than for commercial or industrial purposes or resale. The Act of July 23, 1955, supra, also provides in part, under certain circumstances, for a mining claimant to obtain free-use of timber from other Bureau administered land in lieu of timber disposed of by the Bureau from lands covered by his mining locations. See § 5511.3–8.

(c) *Nonsale disposals Act of May 14, 1898.* Section 5511.2 is issued under the authority of section 11, 30 Stat. 414, as amended; 48 U.S.C. 423. Section 5511.2 appears at 19 FR 8880, Dec. 23, 1954. (1) Section 11 of the Act of May 14, 1898 (30 Stat. 414; 48 U.S.C. 423), empowers the Secretary of the Interior to permit the use of timber found upon the public lands in Alaska by actual settlers residents, individual miners, and prospectors for minerals for firewood, fencing, buildings, mining, prospecting, and for domestic purposes as may actually be needed by such persons for such purposes. This section was amended by the Act of June 15, 1938 (52 Stat. 699), so as to permit the use of such timber by churches, hospitals, and charitable institutions for firewood, fencing, buildings, and for other domestic purposes.

Subpart 5511—Free Use Regulations

§ 5511.1 Act of 1878.

§ 5511.1–1 Free use of timber on mineral and nonmineral public lands.

(a) *Lands on which timber may be cut.* Free-use permits to cut timber may be issued covering public lands as follows:

(1) Mineral lands, unoccupied and unreserved and not subject to entry under existing laws of the United States, except for mineral entry, in the States of Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, South Dakota, Utah, and Wyoming. (Act of June 3, 1878, 20 Stat. 88; 16 U.S.C. 604 through 606);

(2) Nonmineral, unoccupied, and unreserved public lands in the States mentioned and also in the States of California, Oregon, and Washington.

(b) *Kind of timber which may be cut.* The proper protection of the timber and undergrowth necessarily varies with the nature of the topography, soil, and forest. No timber not matured may be cut, and each tree taken must be utilized for some beneficial domestic purpose. Persons taking timber for specific purposes will be required to take only such matured trees as will work up to such purpose without unreasonable waste. Stumps will be cut so as to cause the least possible waste and all trees will be utilized to as low a diameter in the tops as possible. All brush, tops, logs, and other forest debris made in felling and removing timber under this section shall be disposed of as best adapted to the protection of the remaining growth and in such manner as shall be prescribed by the authorized officer, and failure on the part of the applicant, or an agent cutting for an applicant, to comply with this requirement will render him liable for all expenses incurred by the authorized officer in putting this regulation into effect.

(c) *Area of land to be cut over.* The permits shall limit the area of cutting to embrace only so much land as is necessary to produce the quantity of timber applied for.

(d) *Use which may be made of timber.* Timber may be cut under approved permit when actually needed for firewood, fencing, building, or other agricultural, mining, manufacturing, and domestic purposes.

(e) *Exportation of timber.* Timber may not be exported from the State in which it is cut except:

(1) Timber from a specified area in Wyoming may be exported into Idaho (Act of July 1, 1898, 30 Stat. 618; 16 U.S.C. 607, 611);

(2) Timber from a specified area in Montana may be exported into Wyoming (Act of March 3, 1901, 31 Stat. 1439; 16 U.S.C. 607, 613);

(3) Under the Act of March 3, 1919 (40 Stat. 1321; 16 U.S.C. 608), citizens of Malheur County, Oregon, may cut timber in Idaho and remove such timber to Malheur County, Oregon;

(4) Under the Act of March 3, 1919 (40 Stat. 1322; 16 U.S.C. 609), citizens of Modoc County, California, may cut timber in Nevada and remove such timber to Modoc County, California;

(5) Timber from a specified area in Arizona may be exported into Utah (Act of February 27, 1922, 42 Stat. 398; 16 U.S.C. 610);

(6) Citizens of Bear Lake County, Idaho, may cut timber from public lands in Lincoln County, Wyoming, and remove such timber to Bear Lake County, Idaho, but no live standing timber may be taken without compensation (Act of August 21, 1935, 49 Stat. 665; 16 U.S.C. 611a).

(f) *Application and permit*—(1) *Information to be furnished by applicant.* (i) Applications should be filed in duplicate and should set forth the names and post-office addresses of the applicants, and any agent or agents who may be employed to procure the timber. Where a corporation is the applicant, the State in which it was incorporated should also be shown.

(ii) Blank forms for making application may be procured from the State Director for the State in which the timber to be removed is located.

(iii) Applications should show the amount of timber required by each applicant; the use to be made thereof; a description of the land from which the timber is to be cut, by subdivision, section, township, and range, if surveyed, or by natural objects sufficient to identify the same if unsurveyed; and the date it is desired to begin cutting.

(2) *Duration of permit.* All rights and privileges under a permit shall terminate at the expiration of the period of 1 year from the date of approval of the permit.

(3) *Liability of applicant.* Where permits are secured by fraud, or where timber is not taken or used in accordance with the terms of the law or §§ 5510.0-3(a) and 5511.1-1(a) to § 5511.1-1(g) the Government may enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands. For criminal liability, see 18 U.S.C. 1852.

(g) *Agents*—(1) *Cutting of timber by agents.* Where one or more persons desire timber, and are not in a position to procure the same for themselves, an agent or agents may be appointed for that purpose. Such agent shall not be paid more than a fair recompense for the time, labor, and money expended in procuring the timber and manufacturing the same into lumber, and no charge shall be made for the timber itself. The said compensation must be set forth in a written contract to be entered into by the parties, and a copy thereof must be filed with the application.

(2) *Cutting of timber by agent who is a sawmill operator.* If the amount of timber applied for exceeds $50 in stumpage value, for any continuous period of 12 months, and the timber is

to be procured by an agent who is a sawmill operator, a bond equal to three times the amount of the stumpage value of the timber applied for will be required, conditioned upon the faithful performance of the requirements.

§ 5511.1-2 Use by settlers and homesteaders of timber on their pending claims.

This section is issued under the authority of R.S. 2478; 43 U.S.C. 1201.

(a) *Timber cutting on unperfected claims.* Homestead claimants who have made bona fide settlements upon public land, surveyed or unsurveyed, and who are living upon, cultivating, and improving the same in accordance with law and the rules and regulations of the Department of the Interior, with the intention of acquiring title thereto, are permitted to cut and remove, or cause to be cut and removed, from the portion thereof being cleared for cultivation, so much timber as is actually necessary for that purpose, or for buildings, fences, and other improvements on the land entered. (See 18 U.S.C. 1852.)

(b) *Clearing for cultivation.* In clearing for cultivation, should there be a surplus of timber over what is needed for the purposes above specified, the claimant may sell or dispose of such surplus; but it is not allowable to denude the land of its timber for the purpose of sale or speculation before the title has been conveyed to him by patent.

(c) *Abandonment of claim.* The abandonment of a claim after the timber has been removed is presumptive evidence that the claim was made for the primary purpose of obtaining the timber.

(d) *Exchange of timber for lumber.* A bona fide claimant is also permitted to exchange timber for lumber for improvements upon his claim, provided he exchanges timber for lumber of equal value, and only so much as is actually necessary for the required improvements, exclusive of the cost of cutting, sawing and hauling such timber or lumber to and from the mill. In other words, he has a right to cut as many trees as may be necessary to make or complete his improvements, whether 30, 40, or more, but any cutting in excess of the number of tree required for the improvements woul be unlawful.

§ 5511.1-3 Use of timber on lands covere by grazing leases, by lessees, an others.

(a) Before taking timber under lease issued under section 15 of th Taylor Grazing Act, as amended b the Act of June 26, 1936 (49 Stat. 197 43 U.S.C. 315m), the lessee should fil application for and procure a perm in accordance with the regulatio issued under the Acts of June 3, 187 (20 Stat. 88; 16 U.S.C. 604 throug 606), and March 3, 1891 (26 Stat. 109 16 U.S.C. 607), §§ 5510.0-3(a) an 5511.1-1(a) to 5511.1-1(g).

(b) Where application is made by person other than the lessee to tak timber from lands embraced in a gra ing lease issued under section 15 of th said Act, investigation should be mad to ascertain the facts in the case an whether or not the cutting of th timber applied for would adversel affect the lands for grazing purpose If no objection appears, the perm may issue but should contain a prov sion that the timber cutting thereu der must be done in such manner will not interfere with the rights the lessee.

(c) All applications for timber shou be filed with the State Director f the State in which the timber to cut is located and should comply wit the regulations contained in § 5511. 1.

(Sec. 1, 20 Stat. 88, as amended, 26 St 1003, as amended; 16 U.S.C. 604, 607)

§ 5511.1-4 Free use of timber upon oil a gas leases.

(a) *Application*—(1) *Where to app* Any oil and gas lessee, or assignee, d siring timber to be used for fuel drilling operations on a lease n within a national forest, shall file a plication therefor, on the prescrib form with the officer who issued t lease.

(2) *Notice of rejection of applicatio right of appeal.* The applicant shall notified by registered mail in all ca where the permit applied for is n granted and he shall be allowed

days from service of notice within which to appeal from such decision to the Director of the Bureau of Land Management.

(3) *Notice by applicant to settler or entryman.* Where the land involved in the oil and gas lease is occupied by a settler or is embraced in an unperfected homestead entry, the applicant must serve notice by registered mail, on the settler, or entryman, showing the amount and kind of timber he has applied for.

(i) Evidence of service of such notice must be furnished.

(ii) The settler or entryman shall be allowed 30 days from service of notice within which to show cause why the permit should not be granted.

(iii) Permits in such cases will be issued only where there is an abundance of timber on the land, and the removal thereof will not materially affect the use of the land by the agricultural claimant.

(4) *Notice of action on application.* The applicant shall be notified by registered mail in all cases where the permit applied for is not granted and the settler or homestead entryman shall be notified in a like manner before the issuance of the permit in all cases where protests are filed against the issuance of such permit.

(b) *Land subject to permit.* A permit granted under this section shall not embrace any land not included in the oil and gas lease, issued or assigned to the applicant. No permit will be issued where title to the surface has passed from the United States.

(c) *Termination of right to cut timber.* All rights and privileges under a permit issued under these instructions, shall terminate upon the expiration or cancellation of the oil and gas lease, or upon the discovery of oil in sufficient quantity for use as fuel in drilling operations.

(d) *Cutting and use of timber.* Timber cut under a permit issued under this section may be used for fuel in drilling operations conducted on the land embraced in the oil and gas lease, and all brush, tops, lops, and other debris made in felling and removing the timber shall be disposed of as best adapted to the protection of the remaining growth, and in such manner as shall be prescribed by the authorized officer and failure on the part of the permittee to comply with this requirement will render him liable for all expenses incurred in putting this regulation into effect.

(e) *Liability of permittee.* Where permits are secured by fraud or timber is not used in accordance with this section, the Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

(f) *Unauthorized cutting.* The cutting of timber for sale and speculation, or for use by others than the permittee, is strictly prohibited.

§ 5511.2 Act of 1898 (Alaska).

§ 5511.2–1 Free use privilege; cutting by agent.

(a) Except as provided in § 5511.2–4 the only timber which may be cut under §§ 5511.2–1 to 5511.2–6 for free use in Alaska is timber on vacant public lands in the State not reserved for national forest or other purposes. The timber so cut may not be sold or bartered. The free use privilege does not extend to associations or corporations, except churches, hospitals, and charitable institutions. Any applicant entitled to the free use of timber may procure it by agent, if desired, but no part of the timber may be used in payment for services in obtaining it or in manufacturing it into lumber. Timber may not be cut by an applicant under this section after the land has been included in a valid homestead settlement or entry or other claim, except that any applicant for the free use of timber who has been granted a permit to cut as hereinafter provided, will have the right to cut the timber while the permit remains in force as against a subsequent applicant who may wish to obtain the same timber by purchase, except as provided in § 5490.1–5(b).

(b) Free use permits will not be issued where the applicant owns or controls lands having an adequate supply of timber to meet his needs.

§ 5511.2-2 Free use of timber for Government purposes.

Persons contracting with Government officials to furnish firewood or timber for United States Army posts or for other authorized Government purposes may procure it from the vacant and unreserved public lands in Alaska free of charge, provided the contracts do not include any charge for the value of the firewood or timber. Where it is desired to procure timber for such use, an application for permit in duplicate on a form approved by the Director must be filed, as in other cases, and a copy of the contract must be attached to the application.

§ 5511.2-3 Permits.

(a) *Application for permit.* Before timber is cut for free use, an application for permit in duplicate on a form approved by the Director must be filed in an office or with an employee of the Bureau of Land Management in Alaska.

(b) *Issuance and cancellation of permit; removal of timber; bond.* (1) A permit may be issued and shall incorporate the provisions, if any, governing the selection, removal, and use of the materials. One copy of the official form shall be returned to the applicant showing the approval or rejection of such application.

(2) The authorized officer may cancel a permit if the permittee fails to observe its terms and conditions, or the regulations in §§ 5511.2-1 to 5511.2-6, or if the permit has been issued erroneously.

(3) No timber shall be removed until the permit is issued. If deemed necessary by the signing officer, a bond, satisfactory to him, may be required as a guarantee of faithful performance of the provisions of the permit and the regulations in §§ 5511.2-1 to 5511.2-6.

(c) *Cutting rules and restrictions.* All free-use timber shall be cut and removed in accordance with approved forestry and conservation practices so as to preserve to the maximum extent feasible all scenic, recreational, watershed, and other values of the land and resources. In the free-use disposal of timber, the cutting and removal shall be accomplished in such manner as to leave the stand in condition for continuous production. Moreover, no green timber shall be cut within 300 feet of either side of the center line of a highway or public road, or bordering streams or the shores of lakes designated for recreational use unless specifically authorized by the authorized officer, to prevent or control fungus infection or insect attacks, or for other reasons found sufficient to justify such cutting.

(d) *Amount of timber which may be cut.* During each calendar year each applicant entitled to the benefits of section 11 of the Act of May 14, 1898, may take a total of 100,000 feet board measure or 200 cords in saw logs, piling, cordwood, or other timber. This amount may be taken in whole in any one of such classes of timber or in part of one kind and in part of another kind or other kinds. Where a cord is the unit of measure, it shall be estimated in relation with saw timber in the ratio of 500 feet board measure to the cord. Permits to take timber in excess of the amount stated may be granted to churches, hospitals, and charitable institutions upon a showing of special necessity therefor, and with the approval of the authorized officer.

(e) *Notice of completion of timber cutting operations.* Upon completion of the cutting and the removal of the timber, the permittee must notify the State Director, or other forest officer, stating when the work was completed, the land from which the timber was taken, the amount and kind of timber which was cut and removed, and the use to which the timber was put.

(f) *Termination of permit; extensions.* Permits shall be granted for periods not to exceed one year and shall terminate on the expiration dates shown therein unless extended by the signing officer.

§ 5511.2-4 Timber on withdrawn lands.

Sections 5511.2-1 to 5511.2-6 are inapplicable to timber on withdrawn areas unless the order of withdrawal so permits.

§ 5511.2-6 Trespass; penalty for unauthorized cutting of timber.

The cutting of timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2-1 to 5511.2-6 will render the persons responsible liable to the United States in a civil action for trespass and such persons may be prosecuted criminally under Title 18, U.S. Code, or under State law.

§ 5511.2-7 Governing regulations for free use by oil and gas claimants.

The free use of timber upon oil and gas leases by lessees, authorized by the Secretary of the Interior under authority of section 32 of the Act of February 25, 1920 (41 Stat. 450; 30 U.S.C. 189), is governed by § 5511.2-4.

§ 5511.3 Act of 1947.

§ 5511.3-1 Free use of timber under other statutes.

Free use will be allowed under the following circumstances:

(a) In certain States by settlers on public lands, citizens and bona fide residents of the State, and corporations doing business in the State (§ 5511.1), and

(b) In Alaska by actual settlers, residents, individual miners, prospectors for minerals, churches, hospitals and charitable institutions (§ 5511.2).

(c) Free-use of timber by Governmental units, nonprofit organizations, and certain mining claimants may be authorized under the act and these regulations only when such applicants cannot qualify under the provisions of §§ 5511.1 to 5511.1-4 and § 5511.2.

§ 5511.3-2 Permits.

(a) *Application for permit.* An application for permit in duplicate, must be made on a form approved by the Director and filed in any office or with any employee of the Bureau of Land Management authorized to issue a permit. A free-use permit may be applied for without formal application for the removal of not more than three Christmas trees upon oral or written request.

(b) *Issuance and cancellation of free-use permits; bond.* (1) A free-use permit, on a form approved by the Director, shall incorporate the provisions, if any, governing the selection, removal, and use of timber. Free-use permits shall not be issued when the applicant owns or controls an adequate supply of the material to meet his needs. Timber applied for must be for the applicant's own use and may not be bartered or sold. No timber may be cut or removed until the permit is issued.

(2) The authorized officer may cancel a permit if the permittee fails to observe its terms and conditions or the regulations, or if the permit has been issued erroneously.

(3) A bond satisfactory to the authorized officer may be required as a guarantee of faithful performance of the provisions of the permit and applicable regulations.

(4) A free-use permit issued under this part may not be assigned.

(c) *Duration, extension, and termination of permit.* (1) Permits shall be granted for periods not to exceed 6 months and shall terminate on the expiration dates shown therein unless extended by the authorized officer. An extension not to exceed 3 months may be granted by the authorized officer. The permittee must notify the officer-in-charge upon the completion of removal.

(2) Permits issued for the benefit of a mining claimant under authority of the act shall terminate upon transfer of the ownership of the claim by any means. Reapplication must be made by the new claimants.

§ 5511.3-3 Conservation practices.

All free-use timber disposed of under the act shall be severed, or removed in accordance with sound forestry and conservation practices so as to preserve to the maximum extent feasible all scenic, recreational, watershed and other values of the land and resources. In the free-use disposal of timber, cutting and removal shall be accomplished in such a manner as to leave the stand in condition for continuous production.

§ 5511.3-4 Removal by agent.

A free-use permittee may procure the timber by agent. Such agent shall not, however, be paid more than fair compensation for the time, labor and money expended in procuring timber and processing it, and no charge shall be made by such agent for the timber itself. No part of the timber may be used in payment for services in obtaining it or processing it.

§ 5511.3–5 Removal of improvements.

Upon expiration of the permit period the permittee will be given 90 days to remove equipment, personal property and any improvements he has placed on the land, except roads, culverts and bridges are to be left in place, in good condition and will become the property of the United States upon expiration of the 90-day removal period.

§ 5511.3–6 Permits to governmental units.

A free-use permit may be issued to a Federal or State agency, unit, or subdivision, including a municipality, only if the applicant makes a satisfactory showing to the authorized officer that such timber will be used for a public project. The right to remove timber under the permit is not revoked or terminated by (a) any subsequent claim or entry of the lands, (b) by any mining claim located prior to the issuance of the permit if such location was subsequent to July 23, 1955, nor (c) by any other mining claim as to which the Government's right to manage the surface resources has been established in accordance with Group 3800 of this chapter, or other proceedings.

§ 5511.3–7 Permits to nonprofit organizations.

A free-use permit issued to a nonprofit association or corporation may not provide for the disposition of more than $100 worth of timber to the permittee during any one calendar year. Such permittee is granted a right to remove timber as against a subsequent applicant who may wish to obtain the same timber by purchase. The timber may not be removed by the permittee after the land has been included in a valid claim by reason of settlement, entry, or similar rights obtained under the public land laws.

§ 5511.3–8 Permits to mining claimants.

(a) Free-use timber shall be granted under § 5510.0–3(b) to the record owner of a valid mining claim if such claim was located subsequent to July 23, 1955, or if the Government's right to manage the surface resources has been established in accordance with Group 3400 of this chapter, and he requires more timber than is available to him for prospecting, mining, or processing operations on his claim or claims after disposition of timber from his claim by the United States. The claimant shall be entitled to the free use of timber for such requirements from the nearest timber administered by the Bureau which is substantially equal in kind and quantity to the timber estimated by the authorized officer at the time of application to have been disposed of by the Bureau from the claim. Upon issuance of a patent to the mining claims, the free-use privilege will automatically terminate.

(b) The application required to be filed for free-use timber under this section must contain a statement that the timber applied for will be used for bona fide prospecting, mining, or prospecting operations on the claim or group of claims designated in the application. The applicant must also include a statement that he is the record owner of a valid mining claim or claims from which the timber was originally removed by the Government.

SUBCHAPTER F—WILDLIFE MANAGEMENT (6000)

PART 6220—PROTECTION AND PRESERVATION OF NATURAL VALUES

AUTHORITY: Secs. 1, 3, 5, 50 Stat. 874, 875; 43 U.S.C. 1181a, 1181c, 1181e; R.S. 2478; 43 U.S.C. 1201, 1202.

§ 6220.0–1 Purpose.

This part provides guidelines for the management; and criteria for the use, of lands to preserve, protect, and enhance areas of scenic splendor, natural wonder, scientific interest, primitive environment, and other natural values for the enjoyment and use of present and future generations.

[35 FR 9794, June 13, 1970]

SUBCHAPTER G (7000)—[RESERVED]

SUBCHAPTER H—RECREATON PROGRAMS

Group 8000—Recreation Programs

NOTE: The information collection requirements of 43 CFR part 8370 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1004-0119. The information will be used to determine whether applicants for Special Recreation Permits on public lands should be granted such permits. The obligation to respond is required to obtain a benefit.

SOURCE: 43 FR 40734, Sept. 12, 1978, unless otherwise noted.

Subpart 8000—General

§ 8000.0-1 Purpose.

The regulations in this subchapter H set forth procedures for the administration of recreation programs on public lands. The programs are cultural, resource management, natural history resource management, recreation management, visual resource management, wilderness management, and environmental education and protection.

§ 8000.0-2 Objective.

The objective is to manage the public lands and the recreation use of those lands to protect the health and safety of recreationists who use the public lands, to protect natural resource values on the public lands, and promote public use and enjoyment of the public lands.

§ 8000.0-3 Authority.

These regulations are issued under authorities provided in 16 U.S.C. 460(l-6a), 16 U.S.C. 670(g-n), 16 U.S.C. 1241 *et seq.*, 16 U.S.C. 1271 *et seq.*, 43 U.S.C. 1181(a) and 1181(e), 43 U.S.C. 1201, 43 U.S.C. 1334, 43 U.S.C. 1701 *et seq.*, and Executive Order 11644, as amended.

§ 8000.0-4 Responsibility.

The authority of the Secretary of the Interior to develop and manage the public lands for recreational purposes, to authorize recreation use, and specify terms and conditions of such use on public lands, and to otherwise enforce the regulations in this subchapter H has been delegated to the authorized officers of the Bureau of Land Management. Any exceptions are specifically provided for in regulations.

§ 8000.0-6 Policy.

(a) The recreation programs involving public lands shall be developed and managed in accordance with multiple-use management principles unless otherwise specified by law.

(b) State and local government and private agencies shall be encouraged to develop public recreation facilities when consistent with the long range management plans and programs of the Bureau of Land Management.

(c) Priority shall be given to these recreation programs:

(1) Recreation development and improvement as follows:

(i) Undeveloped sites now under heavy, uncontrolled use that threatens public health and safety or is damaging to natural, cultural, and historical resources;

(ii) Areas where public recreation demands exceed the opportunities and facilities now available; and

(iii) Areas that are near urban areas or bodies of water and unique scenic attractions that adjoin heavily traveled highway routes.

(2) Preservation and protection of natural and cultural resources, includ-

ing but not limited to scientific, scenic, historic, and archeological values, and primitive environments.

(d) Reasonable fees may be established and collected by the authorized officer in accordance with part 18 of this title 43.

Source: 43 FR 40735, Sept. 12, 1978, unless otherwise noted.

Subpart 8200—General

§ 8200.0-1 Purpose.

This part 8200 provides procedures and practices for the management and use of public lands that have ecological or other natural history values of scientific interest.

Subpart 8223—Research Natural Areas

§ 8223.0-1 Purpose.

The purpose of this part is to provide procedures for the management and protection of public lands having natural characteristics that are unusual or that are of scientific or other special interest.

§ 8223.0-5 Definitions.

(a) *Research natural area* means an area that is established and maintained for the primary purpose of research and education because the land has one or more of the following characteristics: (1) A typical representation of a common plant or animal association; (2) an unusual plant or animal association; (3) a threatened or endangered plant or animal species; (4) a typical representation of common geologic, soil, or water features; or (5) outstanding or unusual geologic, soil, or water features.

§ 8223.0-6 Policy.

Areas established as research natural areas shall be of sufficient number and size to adequately provide for scientific study, research, and demonstration purposes.

§ 8223.1 Use of research natural areas.

(a) No person shall use, occupy, construct, or maintain facilities in a research natural area except as permitted by law, other Federal regulations, or authorized under provisions of this subpart 8223.

(b) No person shall use, occupy, construct, or maintain facilities in a manner inconsistent with the purpose of the research natural area.

(c) Scientists and educators shall use the area in a manner that is nondestructive and consistent with the purpose of the research natural area.

Subpart 8224—Fossil Forest Research Natural Area

Authority: Sec. 103, San Juan Basin Wilderness Protection Act of 1984 (Pub. L. 98-603, 98 Stat. 3155), the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*), and 18 U.S.C. 641.

Source: 50 FR 42123, Oct. 17, 1985, unless otherwise noted.

§ 8224.0-1 Purpose.

The purpose of this subpart is to provide procedures for the management and use of the public lands in the Fossil Forest of New Mexico.

§ 8224.0-2 Objectives.

The objectives are management in accordance with the Federal Land Policy and Management Act of 1976 and for protection of the aesthetic, natural, educational, and scientific research values of the Fossil Forest, including paleontological study, excavation and interpretation projects within the Fossil Forest, until Congress determines otherwise.

§ 8223.0-3 Authority.

This subpart is issued under the authority of the San Juan Basin Wilderness Protection Act of 1984 (Pub. L. 98-603, 98 Stat. 3155), the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*), and 18 U.S.C. 641.

§ 8224.0-5 Definitions.

As used in this subpart, the term:

(a) *Authorized officer* means any employee of the Bureau of Land Management designated to perform the duties described in this subpart:

(b) *Fossil* means the remains or trace(s) of an organism or assemblage of organisms which have been preserved by natural processes in the earth's crust. The term does not mean energy minerals, such as coal, oil and gas, oil shale, bitumen, lignite, asphaltum and tar sands, even though they are of biologic origin:

(c) *Fossil Forest* or *Fossil Forest Research Natural Area* means those public lands as described in section 103(a) of the San Juan Basin Wilderness Protection Act of 1984 (Pub. L. 98-603, 98 Stat. 3155).

§ 8224.0-6 Policy.

No activities will be permitted within the Fossil Forest that would significantly disturb the land surface or impair the existing natural, educational, and scientific research values of the area.

§ 8224.1 Use of the Fossil Forest Research Natural Area.

(a) Fossils may be collected, excavated, or removed only under a permit issued under § 2920.2-2 of this title by the Director, New Mexico State Office, Bureau of Land Management, P.O. Box 1449, Santa Fe, NM 87504-1419. Permits shall be issued only to institutions and individuals engaged in research, museum, or educational projects that are approved by the authorized officer and that provide for detailed recordation, reporting, care of specimens, and availability of specimens to other scientists and museums.

(b) Petrified wood shall not be collected and removed from the Fossil Forest either for free use as permitted under § 3622.3 of this title or for commercial sale as permitted under § 3610.1.

(c) The Fossil Forest is closed to motorized use, except as permitted by the authorized officer.

(d) Except as otherwise provided in paragraphs (a), (b), and (c) of this section, the provisions of part 8360 of this title apply to recreational use in the Fossil Forest.

(e) Rights-of-way may be approved only for temporary projects which do not significantly disturb the surface of the land or impair the existing values of the area.

(f) The grazing of livestock where such use was established before October 30, 1984, shall be allowed to continue under the regulations on the grazing of livestock on public lands in part 4100 of this title, so long as it does not disturb the natural, educational, and scientific research values of the Fossil Forest. Grazing permits or leases may be modified under § 4130.6-3 of this title, if necessary to protect these resources.

(g) The lands in Fossil Forest shall not be sold or exchanged except as authorized by section 105(b) of the San Juan Basin Wilderness Protection Act of 1984 (Pub. L. 98-603, 98 Stat. 3157).

(h) The Fossil Forest is closed to the operation of the mining laws and to disposition under the mineral leasing laws and geothermal leasing laws, as of October 30, 1984, subject to valid existing rights.

(i) Operations on oil and gas leases issued before October 30, 1984, are subject to the applicable provisions of Group 3100 of this title, including those set forth in § 3162.5-1, and such other terms, stipulations, and conditions as the authorized officer deems necessary to avoid significant disturbance of the land surface or impairment of the area's existing natural, educational, and scientific research values, including paleontological study, excavation, and interpretation.

(j) The regulations in 43 CFR part 7 apply to the management and protection of archaeological resources in Fossil Forest.

(k) The paleontological resources of the Fossil Forest shall not be willfully destroyed, defaced, damaged, vandalized, or otherwise altered.

§ 8224.2 Penalties.

(a) Any person who willfully violates any prohibition under either § 8224.1(b), (c) or (k) of this title shall be subject to a fine not to exceed $1,000 or imprisonment of not to exceed 12 months, or both.

(b) Any person who willfully and without authorization collects or removes palentological resources whose value is greater than $100, for which a permit is required under § 8224.1(a) or (b) of this title, shall be subject to a fine not to exceed $10,000, or imprisonment not to exceed 10 years, or both (18 U.S.C. 641).

Group 8300—Recreation Management

Note: The information collection requirements contained in part 8370 of Group 8300 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance number 1004-0119. The information is being collected to permit the authorized officer to determine whether an application for use of the public lands for special recreation purposes should be granted. The information will be used to make this determination. A response is required to obtain a benefit.

[48 FR 40890, Sept. 12, 1983]

PART 8300—PROCEDURES

Authority: 16 U.S.C. 460(l-6a), 16 U.S.C. 670(g-n), 16 U.S.C. 1241, 16 U.S.C. 1271, 43 U.S.C. 1701 *et seq.*

Subpart 8300—General

§ 8300.0-1 Purpose.

(a) This group sets forth procedures and practices for the management and use of public lands for specific kinds of public recreation activities, resource conditions, outdoor recreation occupancy, and resource development.

(b) Guidelines are provided regarding access to public lands and limitations on travel across public lands.

[43 FR 40736, Sept. 12, 1978]

§ 8300.0-2 Objective.

The objectives are to provide access to the public lands for those who wish to use them, to minimize conflicts among users, and to prevent damage to natural resources by recreation activities.

[43 FR 40736, Sept. 12, 1978]

§ 8300.0-6 Policy.

(a) As appropriate for management and public identification purposes, lands having significant natural values may be designated under provisions of part 2070 of this chapter and segregated under applicable authorities.

(b) In cooperation with State and local government and private landholders, the Bureau of Land Management shall endeavor to provide for public access to public lands with outdoor recreation values.

SOURCE: 44 FR 34836, June 15, 1979, unless otherwise noted.

Subpart 8340—General

§ 8340.0–1 Purpose.

The purpose of this part is to establish criteria for designating public lands as open, limited or closed to the use of off-road vehicles and for establishing controls governing the use and operation of off-road vehicles in such areas.

§ 8340.0–2 Objectives.

The objectives of these regulations are to protect the resources of the public lands, to promote the safety of all users of those lands, and to minimize conflicts among the various uses of those lands.

§ 8340.0–3 Authority.

The provisions of this part are issued under the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*); the Taylor Grazing Act (43 U.S.C. 315a); the Endangered Species Act (16 U.S.C. 1531 *et seq.*); the Wild and Scenic Rivers Act (16 U.S.C. 1281c); the Act of September 15, 1960, as amended (16 U.S.C. 670 *et seq.*); the Land and Water Conservation Fund Act (16 U.S.C. 460 l-6a); the National Trails System Act (16 U.S.C. 1241 *et seq.*) and E.O. 11644 (Use of Off-Road Vehicles on the Public Lands), 37 FR 2877, 3 CFR part 74, 332, as amended by E.O. 11989 42 FR 26959 (May 25, 1977).

§ 8340.0–5 Definitions.

As used in this part:

(a) *Off-road vehicle* means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, excluding: (1) Any nonamphibious registered motorboat; (2) any military, fire, emergency, or law enforcement vehicle while being used for emergency purposes; (3) any vehicle whose use is expressly authorized by the authorized officer, or otherwise officially approved; (4) Vehicles in official use; and (5) any combat or combat support vehicle when used in times of national defense emergencies.

(b) *Public lands* means any lands the surface of which is administered by the Bureau of Land Management.

(c) *Bureau* means the Bureau of Land Management.

(d) *Official use* means use by an employee, agent, or designated representative of the Federal Government or one of its contractors, in the course of his employment, agency, or representation.

(e) *Planning system* means the approach provided in Bureau regulations, directives and manuals to formulate multiple use plans for the public lands. This approach provides for public participation within the system.

(f) *Open area* means an area where all types of vehicle use is permitted at all times, anywhere in the area subject to the operating regulations and vehicle standards set forth in subparts 8341 and 8342 of this title.

(g) *Limited area* means an area restricted at certain times, in certain areas, and/or to certain vehicular use. These restrictions may be of any type, but can generally be accommodated within the following type of categories: Numbers of vehicles; types of vehicles; time or season of vehicle use; permitted or licensed use only; use on existing roads and trails; use on designated roads and trails; and other restrictions.

(h) *Closed area* means an area where off-road vehicle use is prohibited. Use of off-road vehicles in closed areas may be allowed for certain reasons; however, such use shall be made only with the approval of the authorized officer.

(i) *Spark arrester* is any device which traps or destroys 80 percent or more of the exhaust particles to which it is subjected.

[44 FR 34836, June 15, 1979, as amended at 53 FR 31003, Aug. 17, 1988]

§ 8340.0–7 Penalties.

Any person who violates or fails to comply with the regulations of subparts 8341 and 8343 is subject to arrest, conviction, and punishment pursuant to appropriate laws and regulations. Such punishment may be a fine of not more than $1,000 or imprisonment for not longer than 12 months, or both.

§ 8340.0–8 Applicability.

The regulations in this part apply to all public lands, roads, and trails under administration of the Bureau.

Subpart 8341—Conditions of Use

§ 8341.1 Regulations governing use.

(a) The operation of off-road vehicles is permitted on those areas and trails designated as open to off-road vehicle use.

(b) Any person operating an off-road vehicle on those areas and trails designated as limited shall conform to all terms and conditions of the applicable designation orders.

(c) The operation of off-road vehicles is prohibited on those areas and trails closed to off-road vehicle use.

(d) It is prohibited to operate an off-road vehicle in violation of State laws and regulations relating to use, standards, registration, operation, and inspection of off-road vehicles. To the extent that State laws and regulations do not exist or are less stringent than the regulations in this part, the regulations in this part are minimum standards and are controlling.

(e) No person may operate an off-road vehicle on public lands without a valid State operator's license or learner's permit where required by State or Federal law.

(f) No person shall operate an off-road vehicle on public lands:

(1) In a reckless, careless, or negligent manner;

(2) In excess of established speed limits;

(3) While under the influence of alcohol, narcotics, or dangerous drugs;

(4) In a manner causing, or likely to cause significant, undue damage to or disturbance of the soil, wildlife, wildlife habitat, improvements, cultural, or vegetative resources or other authorized uses of the public lands; and

(5) During night hours, from a half-hour after sunset to a half-hour before sunrise, without lighted headlights and taillights.

(g) Drivers of off-road vehicles shall yield the right-of-way to pedestrians, saddle horses, pack trains, and animal-drawn vehicles.

(h) Any person who operates an off-road vehicle on public lands must comply with the regulations in this part, and in § 8341.2 as applicable, while operating such vehicle on public lands.

[44 FR 34836, June 15, 1979, as amended at 45 FR 47843, July 17, 1980]

§ 8341.2 Special rules.

(a) Notwithstanding the consultation provisions in § 8342.2(a), where the authorized officer determines that off-road vehicles are causing or will cause considerable adverse effects upon soil, vegetation, wildlife, wildlife habitat, cultural resources, historical resources, threatened or endangered species, wilderness suitability, other authorized uses, or other resources, the authorized officer shall immediately close the areas affected to the type(s) of vehicle causing the adverse effect until the adverse effects are eliminated and measures implemented to prevent recurrence. Such closures will not prevent designation in accordance with procedures in subpart 8342 of this part, but these lands shall not be opened to the type(s) of off-road vehicle to which it was closed unless the authorized officer determines that the adverse effects have been eliminated and measures implemented to prevent recurrence.

(b) Each State director is authorized to close portions of the public lands to use by off-road vehicles, except those areas or trails which are suitable and specifically designated as open to such use pursuant to subpart 8342 of this part.

[44 FR 34836, June 15, 1979, as amended at 53 FR 31003, Aug. 17, 1988]

Subpart 8342—Designation of Areas and Trails

§ 8342.1 Designation criteria.

The authorized officer shall designate all public lands as either open, limited, or closed to off-road vehicles. All designations shall be based on the protection of the resources of the public lands, the promotion of the safety of all the users of the public lands, and the minimization of conflicts among various uses of the public lands; and in accordance with the following criteria:

(a) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, air, or other resources of the public lands, and to prevent impairment of wilderness suitability.

(b) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats. Special attention will be given to protect endangered or threatened species and their habitats.

(c) Areas and trails shall be located to minimize conflicts between off-road vehicle use and other existing or proposed recreational uses of the same or neighboring public lands, and to ensure the compatibility of such uses with existing conditions in populated areas, taking into account noise and other factors.

(d) Areas and trails shall not be located in officially designated wilderness areas or primitive areas. Areas and trails shall be located in natural areas only if the authorized officer determines that off-road vehicle use in such locations will not adversely affect their natural, esthetic, scenic, or other values for which such areas are established.

§ 8342.2 Designation procedures.

(a) *Public participation.* The designation and redesignation of trails is accomplished through the resource management planning process described in part 1600 of this title. Current and potential impacts of specific vehicle types on all resources and uses in the planning area shall be considered in the process of preparing resource management plans, plan revisions, or plan amendments. Prior to making designations or redesignations, the authorized officer shall consult with interested user groups, Federal, State, county and local agencies, local landowners, and other parties in a manner that provides an opportunity for the public to express itself and have its views given consideration.

(b) *Designation.* The approval of a resource management plan, plan revision, or plan amendment constitutes formal designation of off-road vehicle use areas. Public notice of designation or redesignation shall be provided through the publication of the notice required by § 1610.5-1(b) of this Title. Copies of such notice shall be available to the public in local Bureau offices.

(c) *Identification of designated areas and trails.* The authorized officer shall, after designation, take action by marking and other appropriate measures to identify designated areas and trails so that the public will be aware of locations and limitations applicable thereto. The authorized officer shall make appropriate informational material, including maps, available for public review.

[53 FR 31003, Aug. 17, 1988]

§ 8342.3 Designation changes.

Monitoring use. The authorized officer shall monitor effects of the use of off-road vehicles. On the basis of information so obtained, and whenever the authorized officer deems it necessary to carry out the objectives of this part, designations may be amended, revised, revoked, or other actions taken pursuant to the regulations in this part.

Subpart 8343—Vehicle Operations

§ 8343.1 Standards.

(a) No off-road vehicle may be operated on public lands unless equipped with brakes in good working condition.

(b) No off-road vehicle equipped with a muffler cutout, bypass, or similar device, or producing excessive noise exceeding Environmental Protection Agency standards, when established, may be operated on public lands.

(c) By posting appropriate signs or by marking a map which shall be available for public inspection at local

Bureau offices, the authorized officer may indicate those public lands upon which no off-road vehicle may be operated unless equipped with a properly installed spark arrester. The spark arrester must meet either the U.S. Department of Agriculture—Forest Service Standard 5100–1a, or the 80-percent efficiency level standard when determined by the appropriate Society of Automotive Engineers (SAE) Recommended Practices J335 or J350. These standards include, among others, the requirements that: (1) The spark arrester shall have an efficiency to retain or destroy at least 80 percent of carbon particles for all flow rates, and (2) the spark arrester has been warranted by its manufacturer as meeting this efficiency requirement for at least 1,000 hours subject to normal use, with maintenance and mounting in accordance with the manufacturer's recommendation. A spark arrester is not required when an off-road vehicle is being operated in an area which has 3 or more inches of snow on the ground.

(d) Vehicles operating during night hours, from a half-hour after sunset to a half-hour before sunrise, shall comply with the following:

(1) Headlights shall be of sufficient power to illuminate an object at 300 feet at night under normal, clear atmospheric conditions. Two- or three-wheeled vehicles or single-tracked vehicles will have a minimum of one headlight. Vehicles having four or more wheels or more than a single track will have a minimum of two headlights, except double tracked snowmachines with a maximum capacity of two people may have only one headlight.

(2) Red taillights, capable of being seen at a distance of 500 feet from the rear at night under normal, clear atmospheric conditions, are required on vehicles in the same numbers as headlights.

Subpart 8344—Permits

§ 8344.1 Permit requirements.

Permits are required for certain types of ORV use and shall be issued in accordance with the special recreation permit procedures under subpart 8372 of this chapter.

PART 8350—MANAGEMENT AREAS

Subpart 8351—Designated National Area

AUTHORITY: 16 U.S.C. 1241, 16 U.S.C. 1271, 43 U.S.C. 1701 *et seq.*

SOURCE: 43 FR 40736, Sept. 12, 1978, unless otherwise noted.

Subpart 8351—Designated National Area

§ 8351.0–1 Purpose.

To provide procedures for the management of lands administered under provisions of the Wild and Scenic Rivers Act and the National Trails System Act.

§ 8351.0–2 Objective.

To assure that all public lands administered under provisions of the Wild and Scenic Rivers Act and the National Trails System Act are managed in a manner consistent with the purposes of these Acts.

### § 8351.0–3 Authority.

The Wild and Scenic Rivers Act of 1968 (16 U.S.C. 1271 *et seq.*).

The National Trails System Act of 1968 (16 U.S.C. 1241 *et seq.*).

§ 8351.0–6 Policy.

(a) Hiking, horse riding, and motor trails shall be located, constructed, and maintained where they are found to be feasible and would improve recreation opportunity and quality. Established trails shall be marked or signed and made known to the public by other means.

(b) Certain rivers and sections of rivers that are flowing free of the influence of dams or other major man-made alterations and that possess outstanding scenic, recreational, geological, biological, cultural, or historical features shall be preserved as free flowing streams. The immediate river area shall be managed to protect the natural, cultural, or historical features that make the river or river segment outstanding.

§ 8351.1 National trails systems.

§ 8351.1-1 National scenic trails.

(a) *Motorized vehicle use.* No one shall operate a motorized vehicle along a national scenic trail except:

(1) When motorized vehicular use is necessary to meet emergencies involving health, safety, fire suppression, or law enforcement; or

(2) Where the authorized officer determines that adjacent landowners and land users have a need for reasonable access to their lands, interests in lands, or timber rights; or

(3) On roads that are designated segments of the National Scenic Trail System and are posted as open to motorized vehicles.

(b) *Penalties.* In accordance with section 7(i) of the National Trails System Act of 1968, as amended (16 U.S.C. 1246), anyone convicted of violating this regulation is subject to a fine not to exceed $500 and/or imprisonment not to exceed six months.

[47 FR 23103, May 26, 1982]

§ 8351.2 Rivers.

[45 FR 51741, Aug. 4, 1980]

§ 8351.2-1 Special rules.

(a) The authorized officer may issue written orders which close or restrict the use of the lands and water surface administered by the Bureau of Land Management within the boundary of any component of the National Wild and Scenic River System when necessary to carry out the intent of the Wild and Scenic Rivers Act. Each order shall:

(1) Describe the lands, road, trail or waterway to which the order applies;

(2) Specify the time during which the closure or restriction applies;

(3) State each prohibition which is applied; and

(4) Be posted in accordance with paragraph (d) of this section.

(b) A written order may exempt any of the following persons from any of the prohibitions contained in the order:

(1) Persons with written permission authorizing the otherwise prohibited act or omission. The authorized officer may include in any written permission such conditions considered necessary for the protection of a person, or the lands or water surface and resources or improvements located thereon.

(2) Owners or lessees of property within the boundaries of the designated wild and scenic river area.

(3) Residents within the boundaries of the designated wild and scenic river area.

(4) Any Federal, State, or local government officer or member of an organized rescue or fire suppression force in the performance of an official duty.

(5) Persons in a business, trade or occupation within the boundaries of the designated wild and scenic river area.

(c) The violation of the terms or conditions of any written permission issued under paragraph (b)(1) of this section is prohibited.

(d) Posting is accomplished by:

(1) Placing a copy of an order in each local office having jurisdiction over the lands affected by the order; and

(2) Displaying each order near and/or within the affected wild and scenic river area in such locations and manner as to reasonably bring the prohibitions contained in the order to the attention of the public.

(e) When provided by a written order, the following are prohibited:

(1) Going onto or being upon land or water surface;

(2) Camping;

(3) Hiking;

(4) Building, maintaining, attending or using a fire;

(5) Improper disposal of garbage, trash or human waste;

(6) Disorderly conduct; and

(7) Other acts that the authorized officer determines to be detrimental to the public lands or other values of a wild and scenic river area.

(f) Any person convicted of violating any prohibition established in accordance with this section shall be punished by a fine of not to exceed $500 or by imprisonment for a period not to exceed 6 months, or both, and shall be adjudged to pay all costs of the proceedings.

(16 U.S.C. 1281(c), 16 U.S.C. 3)

[45 FR 51741, Aug. 4, 1980]

Subpart 8352—Established Areas

§ 8352.0-1 Purpose.

To establish procedures for the management of recreation use to protect (a) lands that have unusual natural characteristics and (b) lands that are primitive in character.

§ 8352.0-2 Objectives.

(a) *Outstanding natural areas.* The objective is to manage for the maximum amount of recreation use possible on outstanding natural areas without damage to the natural features that make the areas outstanding.

(b) *Primitive areas.* The objective is to manage for the maximum amount of recreation use possible on primitive areas with a minimum of interference with natural ecological processes and to preserve the primitive recreation values of solitude, inspiration, and mental and physical challenge.

§ 8352.0-5 Definitions.

As used in this part the term:

(a) *Outstanding natural area* means an area of unusual natural characteristics where management of recreation activities is necessary to preserve those characteristics.

(b) *Primitive area* means an area that is composed of natural, undeveloped lands that are essentially unaffected by civilization and located where the natural environment can be preserved by management of recreation activities and exclusion of additional roads and commercial developments.

§ 8352.0-6 Policy.

(a) *Outstanding natural areas.* Outstanding natural areas shall be large enough to provide for protection of the outstanding natural features through management of recreation activities in the area.

(b) *Scenic areas.* Scenic areas established along highways, roads, trails, streams, or larger water bodies shall be managed to protect and enhance the scenic qualities that led to the establishment of the area.

(c) *Primitive areas.* Public use of primitive areas for recreation purposes shall be encouraged to the extent possible consistent with the objective of maintaining the primitive environment.

§ 8352.1 Use of outstanding natural areas.

(a) Facilities may be used, occupied, constructed, or maintained in an outstanding natural area only as permitted by law, other Federal regulations, or authorized under this subpart 8352.

(b) No person shall use, occupy, construct, or maintain authorized facilities in a manner that unnecessarily detracts from the quality of the outstanding natural features of the area.

§ 8352.2 Use of recreation lands. [Reserved]

§ 8352.3 Use of scenic areas. [Reserved]

§ 8352.4 Use of primitive areas.

(a) With the exception of essential search and rescue, fire control, or other emergency or administrative operations, no person shall travel in primitive areas except by nonmechanized means. With the exception noted, this provision prohibits the landing of aircraft in a primitive area.

(b) No person shall construct facilities in or on a primitive area except in connection with authorized nonrecreation uses of the lands and as necessary to the protection and administration of the area.

(c) No person shall conduct nonrecreational authorized activities except under conditions specified by the authorized officer to preserve the primitive characteristics of the area.

SOURCE: 48 FR 36384, Aug. 10, 1983, unless otherwise noted.

Subpart 8360—General

§ 8360.0-3 Authority.

The regulations of this part are issued under the provisions of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*), the Sikes Act (16 U.S.C. 670g), the Taylor Grazing Act (43 U.S.C. 315a), the Wild and Scenic Rivers Act (16 U.S.C. 1281c), the Act of September 18, 1960, as amended, (16 U.S.C. 877 *et seq.*), the Land and Water Conservation Fund Act (16 U.S.C. 460*l*-6a) and the National Trails System Act (16 U.S.C. 1241 *et seq.*).

§ 8360.0-5 Definitions.

As used in this part, the term:

(a) *Authorized officer* means any employee of the Bureau of Land Management who has been delegated the authority to perform the duties described in this part.

(b) *Campfire* means a controlled fire occurring out of doors, used for cooking, branding, personal warmth, lighting, ceremonial or aesthetic purposes.

(c) *Developed sites and areas* means sites and areas that contain structures or capital improvements primarily used by the public for recreation purposes. Such sites or areas may include such features as: delineated spaces for parking, camping or boat launching; sanitary facilities; potable water; grills or fire rings; tables; or controlled access.

(d) *Public lands* means any lands and interests in lands owned by the United States and administered by the Secretary of the Interior through the Bureau of Land Management without regard to how the United States acquired ownership.

§ 8360.0-7 Penalties.

Violations of any regulations in this part by a member of the public, except for the provisions of § 8365.1-7, are punishable by a fine not to exceed $1,000 and/or imprisonment not to exceed 12 months. Violations of supplementary rules authorized by § 8365.1-6 are punishable in the same manner.

Subpart 8361—Emergency Services [Reserved]

best copy available

Subpart 8362—Interpretive Services [Reserved]

Subpart 8363—Resource and Visitor Protection [Reserved]

Subpart 8364—Closures and Restrictions

§ 8364.1 Closure and restriction orders.

(a) To protect persons, property, and public lands and resources, the authorized officer may issue an order to close or restrict use of designated public lands.

(b) Each order shall:

(1) Identify the public lands, roads, trails or waterways that are closed to entry or restricted as to use;

(2) Specify the uses that are restricted;

(3) Specify the period of time during which the closure or restriction shall apply;

(4) Identify those persons who are exempt from the closure or restrictions;

(5) Be posted in the local Bureau of Land Management Office having jurisdiction over the lands to which the order applies;

(6) Be posted at places near and/or within the area to which the closure or restriction applies, in such manner and location as is reasonable to bring prohibitions to the attention of users;

(7) Include a statement on the reasons for the closure; and

(c) In issuing orders pursuant to this section, the authorized officer shall publish them in the FEDERAL REGISTER.

(d) Any person who fails to comply with a closure or restriction order issued under this subpart may be subject to the penalties provided in § 8360.0–7 of this title.

Subpart 8365—Rules of Conduct

§ 8365.0–1 Purpose.

The purpose of this subpart is to set forth rules of conduct for the protection of public lands and resources, and for the protection, comfort and well-being of the public in its use of recreation areas, sites and facilities on public lands.

§ 8365.0–2 Objectives.

The objective of this subpart is to insure that public lands, including recreation areas, sites and facilities, can be used by the maximum number of people with minimum conflict among users and minimum damage to public lands and resources.

§ 8365.1 Public lands—general.

The rules in this subsection shall apply to use and occupancy of all public lands under the jurisdiction of the Bureau of Land Management. Additional rules for developed sites and areas are found in § 8365.2 of this title.

§ 8365.1–1 Sanitation.

(a) Whenever practicable, visitors shall pack their trash for disposal at home.

(b) On all public lands, no person shall., unless otherwise authorized:

(1) Dispose of any cans, bottles and other nonflammable trash and garbage except in designated places or receptacles;

(2) Dispose of flammable trash or garbage except by burning in authorized fires, or disposal in designated places or receptacles;

(3) Drain sewage or petroleum products or dump refuse or waste other than wash water from any trailer or other vehicle except in places or receptacles provided for that purpose;

(4) Dispose of any household, commercial or industrial refuse or waste brought as such from private or municipal property;

(5) Pollute or contaminate water supplies or water used for human consumption; or

(6) Use a refuse container or disposal facility for any purpose other than for which it is supplied.

§ 8365.1–2 Occupancy and use.

On all public lands, no person shall:

(a) Camp longer than the period of time permitted by the authorized officer; or

(b) Leave personal property unattended longer than 10 days (12 months in Alaska), except as provided under

§ 8365.2-3(b) of this title, unless otherwise authorized. Personal property left unattended longer than 10 days (12 months in Alaska), without permission of the authorized officer, is subject to disposition under the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 484(m)).

§ 8365.1-3 Vehicles.

When operating a vehicle on the public lands, no person shall exceed posted speed limits, willfully endanger persons or property, or act in a reckless, careless or negligent manner.

§ 8365.1-4 Public health, safety and comfort.

(a) No person shall cause a public disturbance or create a risk to other persons on public lands by engaging in activities which include, but are not limited to, the following:

(1) Making unreasonable noise;

(2) Creating a hazard or nuisance;

(3) Refusing to disperse, when directed to do so by an authorized officer;

(4) Resisting arrest or issuance of citation by an authorized officer engaged in performance of official duties; interfering with any Bureau of Land Management employee or volunteer engaged in performance of official duties; or

(5) Assaulting, committing a battery upon, or

(6) Knowingly giving any false or fraudulent report of an emergency situation or crime to any Bureau of Land Management employee or volunteer engaged in the performance of official duties.

(b) No person shall engage in the following activities on the public lands:

(1) Cultivating, manufacturing, delivering, distributing or trafficking a controlled substance, as defined in 21 U.S.C. 802(6) and 812 and 21 CFR 1308.11 through 1308.15, except when distribution is made by a licensed practitioner in accordance with applicable law. For the purposes of this paragraph, delivery means the actual, attempted or constructive transfer of a controlled substance whether or not there exists an agency relationship; or

(2) Possessing a controlled substance, as defined in 21 U.S.C. 802(6) and 812 and 21 CFR 1308.11 through 1308.15, unless such substance was obtained, either directly or pursuant to a valid prescription or order or as otherwise allowed by Federal or State law, by the possessor from a licensed practitioner acting in the course of professional practice.

[48 FR 36384, Aug. 10, 1983; 48 FR 52068, Nov. 16, 1983, as amended at 54 FR 21626, May 19, 1989]

§ 8365.1-5 Property and resources.

(a) On all public lands, unless otherwise authorized, no person shall:

(1) Willfully deface, disturb, remove or destroy any personal property, or structures, or any scientific, cultural, archaeological or historic resource, natural object or area;

(2) Willfully deface, remove or destroy plants or their parts, soil, rocks or minerals, or cave resources, except as permitted under paragraph (b) or (c) of this paragraph; or

(3) Use on the public lands explosive, motorized or mechanical devices, except metal detectors, to aid in the collection of specimens permitted under paragraph (b) or (c) of this paragraph.

(b) Except on developed recreation sites and areas, or where otherwise prohibited and posted, it is permissible to collect from the public lands reasonable amounts of the following for noncommercial purposes:

(1) Commonly available renewable resources such as flowers, berries, nuts, seeds, cones and leaves;

(2) Nonrenewable resources such as rocks, Minerals specimens, common invertebrate fossils and semiprecious gemstones;

(3) Petrified wood as provided under subpart 3622 of this title;

(4) Mineral materials as provided under subpart 3621 of this title; and

(5) Forest products for use in campfires on the public lands. Other collection of forest products shall be in accordance with the provisions of Group 5500 of this title.

(c) The collection of renewable or nonrenewable resources from the public lands for sale or barter to commercial dealers may be done only after obtaining a contract or permit from an authorized officer in accordance with part 3610 or 5400 of this title.

§ 8365.1-6 Supplementary rules.

The State Director may establish such supplementary rules as he/she deems necessary. These rules may provide for the protection of persons, property, and public lands and resources. No person shall violate such supplementary rules.

(a) The rules shall be available for inspection in each local office having jurisdiction over the lands, sites or facilities affected;

(b) The rules shall be posted near and/or within the lands, sites or facilities affected;

(c) The rules shall be published in the FEDERAL REGISTER; and

(d) The rules shall be published in a newspaper of general circulation in the affected vicinity, or be made available to the public by such other means as deemed most appropriate by the authorized officer.

§ 8365.1-7 State and local laws.

Except as otherwise provided by Federal law or regulation, State and local laws and ordinances shall apply and be enforced by the appropriate State and local authorities. This includes, but is not limited to, State and local laws and ordinances governing:

(a) Operation and use of motor vehicles, aircraft and boats;

(b) Hunting and fishing;

(c) Use of firearms or other weapons;

(d) Injury to persons, or destruction or damage to property;

(e) Air and water pollution;

(f) Littering;

(g) Sanitation;

(h) Use of fire;

(i) Pets;

(j) Forest products; and

(k) Caves.

§ 8365.2 Developed recreation sites and areas.

The rules governing conduct and use of a developed recreation site or area shall be posted at a conspicuous location near the entrance to the site or area.

§ 8365.2-1 Sanitation.

On developed recreation sites and areas, no person shall, unless otherwise authorized:

(a) Clean fish, game, other food, clothing or household articles at any outdoor hydrant, pump, faucet or fountain, or restroom water faucet;

(b) Deposit human waste except in toilet or sewage facilities provided for that purpose; or

(c) Bring an animal into such an area unless the animal is on a leash not longer than 6 feet and secured to a fixed object or under control of a person, or is otherwise physically restricted at all times.

§ 8365.2-2 Audio devices.

On developed recreation sites or areas, unless otherwise authorized, no person shall:

(a) Operate or use any audio device such as a radio, television, musical instrument, or other noise producing device or motorized equipment in a manner that makes unreasonable noise that disturbs other visitors;

(b) Operate or use a public address system;

(c) Construct, erect or use an antenna or aerial for radiotelephone, radio or television equipment, other than on a vehicle or as an integral part of such equipment.

§ 8365.2-3 Occupancy and use.

In developed camping and picnicking areas, no person shall, unless otherwise authorized:

(a) Fail to pay any fees imposed in accordance with 36 CFR part 71.

(b) Pitch any tent, park any trailer, erect any shelter or place any other camping equipment in any area other than the place designed for it within a designated campsite;

(c) Leave personal property unattended for more than 24 hours in a day use area, or 72 hours in other areas. Personal property left unattended beyond such time limit is subject to disposition under the Federal Property and Administration Services Act of 1949, as amended (40 U.S.C. 484(m));

(d) Build any fire except in a stove, grill, fireplace or ring provided for such purpose;

(e) Enter or remain in campgrounds closed during established night periods except as an occupant or while visiting persons occupying the campgrounds for camping purposes;

(f) Enter or use a site or a portion of a site closed to public use; or

(g) Occupy a site with more people than permitted within the developed campsite. Limits on the number of occupants permitted at any site shall be clearly posted near the entrance of the developed campsite or facility in such a manner as to bring it to the reasonable attention of the user.

(h) Move any table, stove, barrier, litter receptacle or other campground equipment.

§ 8365.2-4 Vehicles.

Unless otherwise authorized, no motor vehicle shall be driven within developed recreation sites or areas except on roads or places provided for this purpose.

§ 8365.2-5 Public health, safety and comfort.

On developed recreation sites and areas, unless otherwise authorized, no person shall:

(a) Discharge or use firearms, other weapons, or fireworks; or

(b) Bring an animal, except a Seeing Eye or Hearing Ear dog, to a swimming area.

PART 8370—USE AUTHORIZATIONS

NOTE: The information collection requirements of 43 CFR part 8370 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1004-0119. The information will be used to determine whether applicants for Special Recreation Permits on public lands should be granted such permits. The obligation to respond is required to obtain a benefit.

Subpart 8371—Recreation Use Permits, Developed Sites [Reserved]

Subpart 8372—Special Recreation Permits Other Than on Developed Recreation Sites

§ 8372.0-1 Purpose.

This subpart sets forth the procedures for authorizing certain recreational uses of lands and waters administered by the Bureau.

§ 8372.0-2 Objective.

To establish a permit and fee system for certain recreation uses of lands and waters administered by Bureau.

§ 8372.0-3 Authority.

The rules in this subpart are issued pursuant to: 43 U.S.C. 1201; 43 U.S.C. 1701 *et seq.*; 43 U.S.C. 1181a; 16 U.S.C. 460*l*-6a; 16 U.S.C. 670g-n; 16 U.S.C. 1271-1287; 16 U.S.C. 1241 through 1249.

[43 FR 40738, Sept. 12, 1978, as amended at 49 FR 34337, Aug. 29, 1984]

§ 8372.0-5 Definitions.

For the purposes of this subpart:

(a) *Commercial use* is recreational use of the public lands for business or financial gain. When any permittee, employee or agent of a permittee, operator, or participant makes or attempts to make a profit, salary, increase his business or financial standing, or supports, in any part, other progams or activities from amounts received from or for services rendered to customers or participants in the permitted activity, as a result of having the special recreation permit, the use will be considered commercial. Subsistence activities of Alaskan Natives (as defined in the Alaska Native Claims Settlement Act) in Alaska are not considered recreational use. The collection by a permittee or his agent of any fee, charge, or other compensation which is not strictly a sharing of, or is in excess of, actual expenses incurred for the purposes of the activity or use shall make the activity or use commercial. Use by educational and therapeutic institutions is considered commercial when the above criteria are met. Profit making organizations are automatically classified as commercial, even if that part of their activity covered by the permit is not profit making. Nonprofit status of any group or organization under the Internal Revenue or Postal Laws or regulations does not in itself determine whether an event or activity arranged by such a group or organization is noncommercial. Any person, group, or organization seeking to qualify as noncommercial shall have the burden of establishing to the satisfaction of the authorized officer that no financial or business gain will be derived from the proposed use.

(b) *Actual expenses* are expenses necessarily incurred for the permitted activity or use. These include, but are not limited to, the actual costs of such items as expendable equipment and supplies. Actual expenses do not include any salaries, profit, increase of capital worth, allowances, or subsidies of any other activities of the permittee or sponsor, the purchase or amortization of nonexpendable supplies or equipment, any allowance for undersubscribed events or any monetary compensation for sponsors or participants.

(c) *Competitive use* is any formally organized or structured use, event, or activity on public land in which there are the elements of competition between two or more contestants, registration of participants, and/or a predetermined course or area is designated. The term also applies to one or more individuals contesting an established record such as speed or endurance.

(d) An *event* is a single, structured, organized, consolidated, or scheduled meeting or occurrence for the purpose of recreational use of the public lands. An event may be composed of several related activities.

(e) *Educational use* is an academic activity sponsored by an accredited institution of learning.

(f) An *operator* is a group, association, individual, corporation, or organization which provides recreational services.

(g) A *special area* is an area established as a component of the National Trails System, the National Wild and Scenic Rivers System, the National Wilderness System, an area covered by joint agreement between the Bureau of Land Management and a State government as provided for in Title II of the Sikes Act, or any other area where the authorized officer determines that the resources require special management and control measures for their protection.

(h) A *User day* is any calendar day, or portion thereof, for each individual accompanied or serviced by an operator or permittee on the public lands. Passenger day is synonymous with user day.

(i) An *off-road vehicle* is any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain excluding: (1) Any nonamphibious registered motorboat; (2) any military, fire, emergency, or law enforcement vehicle while being used for emergency purposes; (3) any vehicle whose use is specifically authorized by the authorized officer or otherwise officially approved; (4) official use; or (5) any combat or combat support vehicle when used in times of national defense emergencies.

[43 FR 40738, Sept. 12, 1978, as amended at 49 FR 34337, Aug. 29, 1984]

§ 8372.0-7 Enforcement.

(a) *Prohibited acts.* On all public lands and related waters, it is prohibited to: (1) Fail to obtain a permit and pay any fee required by this subpart; (2) violate stipulations or conditions of a permit issued under authority of this subpart; (3) participate knowingly in an event or use subject to the permit requirements of this subpart where no such permit has been issued; (4) fail to post a copy of any commercial or competitive permit where all participants have the opportunity to read it; and (5) fail to show a copy of the special recreation permit to a Bureau of Land Management employee or a participant upon request.

(b) *Penalties.* (1) Any person convicted of committing any prohibited act in this subpart, and violators of regulations or permit terms or stipulations, may be subject to a fine not to exceed $1,000 and/or imprisonment not to exceed 12 months. (2) Authorized as well as unauthorized users may be subject to civil action for unauthorized use of the public lands or related waters and their resources, or violations of the permit terms or stipulations.

[49 FR 34337, Aug. 29, 1984]

§ 8372.1 Permits required.

§ 8372.1-1 Public lands, general.

Special recreation permits are required for (a) commercial use, (b) competitive use, (c) off-road vehicle events involving 50 or more vehicles, and (d) special area use where the authorized officer determines the criteria of the Land and Water Conservation Fund Act, as amended, the Sikes Act, the Wild and Scenic Rivers Act, Federal Land Policy and Management Act, the Taylor Grazing Act, or National Trails Act require their issuance.

§ 8372.1-2 Special areas.

With the exception of use in special areas, special recreation permits are not required for recreational use by individuals, or individual immediate families. Notice will be given in the Federal Register and regional news media when special recreation permits are required for recreational use other than commercial, competitive, and off-road vehicle use in a special area. Access points in special areas will also be posted notifying the public of required permits for recreational use, other than commercial, competitive, and off-road vehicle use.

§ 8372.1-3 Exceptions.

(a) Special Recreation Permits are not required for uses that are sponsored or co-sponsored by the Bureau of Land Management.

(b) The authorized officer may determine that permits and fees are unnecessary where a use or event begins and ends on non-public lands or related waters, traverses less than 1 mile of public lands or 1 shoreline mile, and poses no threat of significant damage to public land or water resource values.

(c) The authorized officer may waive permit and fee requirements for competitive events that are not commercial when the events comply with off-road vehicle designations for the use area, no cash prizes are awarded, fewer than 50 vehicles including those of participants and spectators are involved, there is no public advertising for the event and there is no likelihood of significant damage to public land or water resource values or need for monitoring.

[49 FR 34337, Aug. 29, 1984]

§ 8372.2 Applications.

(a) *Forms and maps.* Applications for special recreation permits shall be made to the authorized officer on forms approved by the Director, Bureau of Land Management. Applications shall include a map of sufficient scale and detail to allow identification of the proposed use area on the ground. The authorized officer may waive the requirement for maps where appropriate.

(b) *Supplemental information.* The authorized officer may require the applicant to submit supplemental information in sufficient detail to evaluate the impact of the proposed event upon the lands and environment, including measures the applicant would take to mitigate impacts on the lands and environment.

(c) *Filing.* (1) The application shall be filed in the office of the Bureau having jurisdiction over the lands to be used. The application shall be filed a minimum of 120 days in advance of intended use unless a shorter time is authorized by the authorized officer. Applications may be filed by mail or in person.

(2) Within 30 days of the filing date or within 15 days of the desired use date, whichever is earliest, the authorized officer shall inform the applicant if the decision on issuing the permit will be delayed.

(3) The authorized officer may establish a maximum time by which applications will be accepted prior to date of proposed use.

§ 8372.3 Issuance of permits.

The approval of an application and subsequent issuance of a special recreation permit is discretionary with the authorized officer.

§ 8372.4 Fees.

(a) *Fees.* (1) Fees for Special Recreation Permits shall be established and maintained by the Director, Bureau of Land Management, and may be adjusted from time to time to reflect changes in costs. The fee schedule shall be incorporated in the Manual of the Bureau of Land Management, published periodically in the FEDERAL REGISTER and otherwise made generally available to the public.

(2) Actual costs to the United States shall be charged in lieu of the fees provided in the schedule when the estimated cost of issuing and monitoring the permit (estimated at the time of application) exceeds $5,000, except when the total estimated fees from the schedule over the term of the permit exceed the estimated actual cost. In that case, the fees from the schedule shall be charged. The authorized officer shall notify the applicant in writing of such charges within 30 days of receipt of the permit application and shall not process said application until payment has been made for such charges.

(b) *Payment of use fees.* (1) Payment of fees will be required at the time a permit is issued.

(2) Where the amount of intended use is precisely specified in the application, the fee shall be nonrefundable. However, on receipt by the authorized officer of notification from the applicant of the intention not to use the permit in whole or in part, in sufficient time to allow reallocation of use to others, the authorized officer may refund the fee, less a minimum amount for permit processing.

(3) Where the amount of intended use cannot be precisely determined, the fee will be based on an estimation and payment will be required of that amount. The fee will be adjusted, based on actual use, after use is made. Refunds will be made or additional payment will be required to the extent the payment requirement for actual use varies from the initial amount paid by $10.

(4) If an applicant is unable to pay the fee in advance, the authorized officer may allow the posting of a payment bond or other guarantee in an amount equal to the actual or estimated fee. The authorized officer will establish a payment date which is no later than 15 days following the use period.

(c) *Exceptions, exclusions, and exemptions.* (1) Nothing contained herein shall authorize Federal hunting, trapping, or fishing licenses, permits, or fees.

(2) Fees under provisions of this part shall not be charged and permits shall not be required for commercial or other activities not related to recreation. Permits may be required but fees shall not be charged for uses including, but not limited to, organized tours or outings conducted for educational or scientific purposes related to the resources of the area visited by bona fide institutions established for these purposes.

(3) Applicants for waiver of fees on this basis may be required to provide documentation of their official recognition as educational or scientific institutions by Federal, State or local government bodies or any other documentation necessary to demonstrate educational use as defined in § 8372.0-5(e)

of this title. The use of recreational resources for which a waiver on this basis is requested shall relate directly to scientific or educational purposes and shall not be primarily for recreational purposes.

[43 FR 40738, Sept. 12, 1978, as amended at 49 FR 34337, Aug. 29, 1984]

§ 8372.5 Terms.

(a) *General.* (1) The authorized officer may suspend a special recreation permit if necessary to protect public health, public safety, or the environment. The terms of the permit shall continue to run during any such suspension.

(2) Permits may be issued for a day, season of use, or such other time period considered appropriate by the authorized officer for the use involved.

(3) A special recreation permit will not be issued for an area larger than the authorized officer determines is necessary for the contemplated use. The land may be surveyed or unsurveyed.

(4) The operator or permittee shall allow the authorized officer, or other duly authorized representative of the Bureau, to have access to and the right to examine any directly pertinent books, documents, papers, and records of the operator or permittee involving transactions related to the permit. The operator or permittee also will allow the authorized officer, or other duly authorized representative of the Bureau, to have access to and the right to examine any directly pertinent books, documents, papers, and records of any employee or agent of the permittee or operator. These allowances and rights terminate 3 years after the expiration of the permit.

(b) *Stipulations.* A special recreation permit will contain such stipulations as the authorized officer considers necessary to protect the lands and resources involved and the public interest in general.

(c) *Bonds.* In addition to a payment bond, the authorized officer may require the posting of a cash or surety bond or other guarantee in such form and in such amount as the authorized officer determines to be sufficient to defray the costs of restoration and rehabilitation of the lands affected by the permitted use. Bonds and guarantees will be returned to the permittee upon satisfactory compliance with all permit stipulations, including restoration and rehabilitation requirements.

(d) *Insurance.* The authorized officer shall require all commercial and competitive applicants, and may require other applicants, to obtain and submit a property damage, personal injury, and public liability insurance policy which he judges sufficient to protect the public and the United States. The policy shall name the U.S. Government as a co-insured and stipulate that the authorized officer of the Bureau of Land Management shall be notified 30 days in advance of the termination or modification of the policy.

(e) *Liability.* The permittee shall indemnify the United States against any responsibility or liability for damage, injury, or loss to persons and property which may occur during the permitted use period or as a result of such use.

(f) *Violation of law.* The conviction of a violation of any Federal or State law or regulation concerning the conservation or protection of natural resources, the environment, endangered species, or antiquities that is related to said special recreation permit may result in the cancellation of the permit.

§ 8372.6 Appeals.

(a) Any person adversely affected by a decision of the authorized officer under this part may appeal under part 4 of this title from any final decision of the authorized officer.

(b) All decisions of the authorized officer under this part shall remain effective pending appeal unless the Secretary rules otherwise. Petitions for stay of decisions shall be filed with the Office of Hearings and Appeals, Department of the Interior.

Subpart 8560—Management of Designated Wilderness Areas

§ 8560.0-1 Purpose.

The purpose of this part is to provide procedures for the management of public land designated by Congress as part of the National Wilderness Preservation System and administered under provisions of the Wilderness Act of 1964.

§ 8560.0-2 Objective.

The objective of these regulations is management of the public lands designated as part of the National Wilderness Preservation System to preserve and protect their wilderness character, provide for their use and enjoyment by the American people in a manner that will leave them unimpaired for future use and enjoyment as wilderness, and allow for recreational, scenic, scientific, educational, conservation and historical use.

§ 8560.0-3 Authority.

This part is issued under the authority of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*), and the Wilderness Act of 1964 (16 U.S.C. 1131 *et seq.*).

§ 8560.0-5 Definitions.

As used in this part, the term:

(a) *Adequate access* means the combination of routes and modes of travel to non-Federal inholdings that will, as determined by the authorized officer, serve the reasonable purposes for which the non-Federal lands are held or used, and at the same time, cause impacts of least duration and degree on their wilderness character.

(b) *Authorized officer* means any employee of the Bureau of Land Management who has been delegated the authority to perform the duties described in this part.

(c) *Bureau* means the Bureau of Land Management.

(d) *Mechanical transport* means (1) any device for transporting personnel or material with wheels, tracks or skids, or by flotation, for traveling over land, water or snow, and is propelled by a nonliving power source contained or carried on or within the device, or (2) a bicycle or hang-glider.

(e) *Motorized equipment* means any machine activated by a nonliving power source except small battery-powered, handcarried devices such as flashlights, shavers, Geiger counters and cameras.

(f) *Motor vehicle* means any vehicle which is self-propelled or any vehicle which is propelled by electric power obtained from batteries.

(g) *Mining operations* means all functions, work and activities in connection with prospecting, exploration, development, mining or processing of mineral resources and all uses of the land reasonably incident thereto, including roads and other means of access on lands subject to the regulations in this part, regardless of whether said operations take place on or off mining claims.

(h) *Primitive and unconfined recreation* means nonmotorized types of outdoor recreation activities that do not require developed facilities.

(i) *Public lands* means any lands and interests in lands owned by the United States and administered by the Secretary of the Interior through the Bureau of Land Management without regard of how the United States acquired ownership.

(j) *Solitude* means the state of being alone or remote from habitation; isolation; also, a lonely, unfrequented, or secluded place.

(k) *Visitor use* means on-site use of the wilderness area for recreation, inspiration, stimulation, solitude, relaxation, education, scientific research, pleasure or satisfaction.

(l) *Wilderness* is defined in the same way as in section 2(c) of the Wilderness Act of 1964, 16 U.S.C. 1131(c).

(m) *Wilderness character or characteristics* are defined in the same way as in section 2(c) of the Wilderness Act of 1964, 16 U.S.C. 1131(c).

§ 8560.0-6 Policy.

Wilderness areas shall be managed to promote, perpetuate and, where necessary, restore the wilderness character of the land and its specific values of solitude, physical and mental challenge, scientific study, inspiration, primitive recreation, watersheds and water yield, wildlife habitat, natural plant communities, and similar natural and recreational values.

(a) Natural ecological succession shall be allowed to operate freely to the extent permitted by the Wilderness Act:

(b) Wilderness shall be made available for human use to the optimum extent consistent with the maintenance of wilderness character:

(c) In resolving conflicts in resource use, wilderness values shall be primary to the extent provided by the Wilderness Act or subsequent establishing legislation.

§ 8560.1 Uses and prohibited acts.

§ 8560.1-1 Permits for and restrictions on use.

(a) Unless otherwise designated by the authorized officer, all wilderness areas shall be open to uses consistent with the preservation of their wilderness character and their future use and enjoyment by the American people as wilderness, including, but not limited to, primitive recreation and scientific study. The authorized officer may require permits for any use of particular wilderness areas, including, but not limited to, camping, campfires and grazing of recreation livestock, and may issue written orders to close or restrict the use of lands and water surface administered by the Bureau within the boundary of any component of the National Wilderness Preservation System when necessary to carry out the provisions of the Wilderness Act. Each order shall:

(1) Describe the lands, trail or waterway to which the order applies;

(2) Specify the time during which the closure or restriction applies;

(3) State each prohibition that is applied;

(4) Specify the reason for the closure, restriction or prohibition: and

(5) Specify any person exempted from any of the prohibitions contained in the order.

(b) An order to close or to restrict the use of lands and water surface shall be effective upon posting. Posting shall be by:

(1) Placing a copy of the order in each local office of the Bureau having jurisdiction over lands affected by the order, and

(2) Displaying each order near and or within the affected wilderness area in such reasonable locations and in such a manner as to bring the prohibitions contained in the order to the attention of the public.

(c) The authorized officer may publish in the Federal Register, and/or in a newspaper of general circulation in the area of the affected lands, a copy of the order to close or restrict the use of lands or water surface.

(d) Permits may be requested from the Bureau office exercising field-level jurisdiction over the wilderness areas for which use permits are required by the authorized officer.

(e) When a permit for use is required by the authorized officer, applications for recreation uses shall be completed in accordance with the provisions of 43 CFR part 8372.

§ 8560.1-2 Prohibited acts.

Except as provided in the Wilderness Act or subsequent legislation establishing a particular wilderness area, or as specifically provided for elsewhere in this subpart, and subject to valid existing rights, the following are prohibited in wilderness areas managed by the Bureau:

(a) Commercial enterprises;

(b) Temporary or permanent roads;

(c) Aircraft landing strips, heliports, or helispots;

(d) Use of motorized equipment, motor vehicles, motorboats or other forms of mechanical transport;

(e) Landing of aircraft;

(f) Dropping of materials, supplies or persons from aircraft;

(g) Structures or installations, including motels, summer homes, stores, resorts, organization camps, hunting and fishing lodges, electronic installations, and similar structures and uses;

(h) Cutting of trees;

(i) Violating any order or regulation established by the authorized officer;

(j) Entry into or use of wilderness areas without a permit, where such permits are required by the authorized officer.

§ 8560.2 Special provisions applicable to Alaska. [Reserved]

§ 8560.3 Administrative and emergency functions.

To the extent authorized by law, the authorized officer may:

(a) Use, construct or install motorized equipment, mechanical transport, aircraft, aircraft landing strips, heliports, helispots, installations or strucures in designated wilderness areas, and prescribe conditions under which uch items may be used, transported r installed by other Federal, State or ounty agencies or their agents, to meet the minimum requirements for protection and administration of the wilderness area and its resources.

(b) Authorize occupancy and use of wilderness areas by officers, employees, agencies or agents of the Federal, State and local governments to carry out the purposes of the Wilderness Act.

(c) Prescribe measures to be taken, as necessary, to control fire, insects and diseases where these threaten human life, property or high value resources within the wilderness area or on adjacent nonwilderness lands.

(d) Prescribe measures which may be used in emergencies involving the health and safety of persons or damage to property, including the conditions for use of motorized equipment, mechanical transport, aircraft, installations and structures.

§ 8560.4 Nonconforming uses.

All uses specifically permitted in wilderness areas by the Wilderness Act and subsequent laws shall be conducted in a manner that will preserve the wilderness character of the land, except as otherwise provided in the Wilderness Act and this part.

§ 8560.4-1 Livestock grazing.

(a) The grazing of livestock, where such use was established before the date of the establishment of the area as a unit of the National Wilderness Preservation System, shall be permitted to continue under the regulations on the grazing of livestock on public lands in part 4100 of this chapter and in accordance with any special provisions covering grazing use in wilderness areas that the Director may prescribe.

(b) Grazing activities may include the construction, use and maintenance of livestock management improvements and facilities associated with grazing that are in compliance with wilderness area management plans provided for in the Wilderness Management Policy (46 FR 47180, September 24, 1981) approved by the authorized officer.

§ 8560.4-2 Aircraft and motorboats.

The authorized officer may permit the landing of aircraft and use of motorboats at places within any wilderness area where these uses were established before the date the area was designated by Congress as a unit of the National Wilderness Preservation System, and where such uses have continued, subject to such restrictions as he/she finds necessary. The authorized officer may also permit the maintenance of aircraft landing strips, heliports or helispots that existed when the area was designated a unit of the National Wilderness Preservation System.

§ 8560.4-3 Access.

(a) States or persons, and their successors in interest, who own lands completely surrounded by a wilderness area shall be given such rights as may be necessary to assure adequate access to such lands, or the private or State land shall be exchanged for federally owned land of approximately equal value within the same State under authorities available to the Secretary of the Interior.

(b) Persons with valid mining claims or other valid occupancies wholly within wilderness areas shall be permitted access to such surrounded occupancies by means that are consistent with the preservation of such wilderness and that have been or are being customarily used with respect to other such occupancies surrounded by wilderness. Permits issued under 43 CFR part 2800 or 2880, or plans approved under 43 CFR subpart 3809 by the authorized officer shall prescribe the routes of travel to and from the occupancies surrounded by wilderness, the mode of travel, and other conditions reasonably necessary to preserve the wilderness areas.

(c) No roads shall be constructed across wilderness areas unless permitted by the authorized officer. Access by routes or modes of travel not available to the general public may, when fully justified, be permitted by written authorization of the authorized officer. The authorization shall prescribe routes and modes of travel which will result in impacts of least duration and degree on wilderness characteristics and, at the same time, serve the reasonable purposes for which the lands are held or used.

§ 8560.4-4 Commercial services.

The authorized officer may perm temporary structures and commercia services such as those provided b packers, outfitters and guides withi wilderness areas to the extent he/sh finds necessary for activities appropriate for realizing the recreational o other wilderness purposes of the area

§ 8560.4-5 Gathering information abou resources.

(a) Any person desiring to conduc any activity for purposes of gatherin information about natural resources i wilderness may do so provided it is carried on in a manner compatible wit the preservation of the wilderness environment. Where required by othe law or regulation, such person sha obtain the necessary permits or authorizations. The authorized officer i granting such permits or authorizations shall allow such activities, subject to such restrictions as he/she ma impose to insure that they are carrie on in a manner compatible with th preservation of the wilderness environment. This section shall not apply t mineral prospecting under the mining or mineral leasing laws conducted prior to the date when th mining and mineral leasing laws cea to apply to the respective compone of the system. (See § 8560.4-6.)

(b) Any person desiring to use moto vehicles, motorized equipment, mechanized transport, or to land aircraft fo mineral prospecting or for gatherin information about resources, sha notify the Bureau in writing. No for of overland mechanical transport ma be used unless approved in accordanc with subparts 2920, 3045, 3209 or 35 of this title. If a permit is required, shall provide for the protection o public land resources, including wilderness characteristics, protection o the public and restoration of disturbe areas, and may provide for the postin of performance bonds.

§ 8560.4-6 Mining law administration.

The United States mining laws sha apply to each wilderness area unde the jurisdiction of the Bureau for th period specified in the Wilderness Ac and subsequent establishing legis tion to the same extent they were applicable immediately prior to the designation of the area as part of the National Wilderness Preservation System.

(a) No person shall obtain any right or interest in or to any mineral deposits that may be discovered through prospecting or other information-gathering activity after the date on which the United States mining laws cease to apply to the specific wilderness area.

(b) No mining operations shall be conducted on Bureau-administered wilderness areas without an approved plan of operations where required by subpart 3809 of this chapter.

(c) Holders of valid mining claims established on any Bureau-administered wilderness area before the date such unit was included in the National Wilderness Preservation System shall be accorded the rights provided by the United States mining laws then applicable to the public lands involved.

(d) Any person prospecting or locating a mining claim in a Bureau-administered wilderness area on or after the date the wilderness area was included in the National Wilderness Preservation System, but prior to the date on which the mining laws cease to apply to that area, shall have the rights provided by the United States mining laws, subject to the provisions of the Wilderness Act and subsequent establishing legislation.

(e) All mining claimants shall comply with the reasonable stipulations established by the authorized officer for the protection of resources in accordance with the general purposes of maintaining the National Wilderness Preservation System unimpaired for future use and enjoyment as wilderness and preserving its wilderness character, consistent with the use of the lands for mineral exploration, development, drilling and production, and for transmission lines, water lines, telephone lines or facilities necessary in exploring, drilling, producing, mining and processing operations. Where the use of mechanized transport, aircraft and motorized equipment is essential, these stipulations shall control their use.

(f) As soon as feasible after mining operations cease, but no more than one year thereafter, the operator shall remove all structures, equipment and other facilities and, no more than 6 months thereafter, commence reclamation. Reclamation, including appropriate revegetation, shall be completed within a reasonable time as determined by the authorized officer. Whenever possible and feasible, reclamation shall restore the surface to a contour which appears to be natural, although this may not be the original contour. Where such measures are impractical or impossible, as determined by the authorized officer, reclamation shall provide the maximum achievable slope stability.

(g) The authorized officer may require the posting of a cash or surety bond or other guarantee in such amount as the authorized officer determines to be sufficient to defray the costs of reclamation.

(h) In the development and operation of mining claims, claimants shall, to extent practicable as determined by the authorized officer and consistent with the use of lands for mineral development, prevent erosion, deterioration of the lands, impairment of their wilderness character, and the obstruction, pollution, or siltation of the streams, lakes and springs.

(i) The owner of patented mining claims located after the lands were included in the National Wilderness Preservation System may cut and use as much of the mature timber as is needed in the extraction, removal and beneficiation of the mineral deposits, if needed timber is not otherwise reasonably available. The cutting shall comply with sound principles of forest management as set forth in stipulations issued by the authorized officer.

(j) Where there exists no current approved mineral examination report concluding that unpatented mining claims are valid, prior to approving plans of operations or allowing previously approved operations to continue on unpatented mining claims after the date on which the lands were withdrawn from appropriation under the mining laws, the authorized officer shall cause a mineral examination of the unpatented mining claim to be conducted by a Bureau of Land Management mineral examiner to determine whether or not the claim was valid prior to the withdrawal and remains valid. If the approved mineral examination report concludes that the claim lacks a discovery of a valuable mineral deposit, or is invalid for any other reason, the authorized officer shall either deny the plan of operation or, in the case of an existing approved operation, issue a notice ordering the cessation of operations and shall promptly initiate contest proceedings to determine the status of the claim conclusively. However, neither the adverse conclusions of an approved mineral examination report nor the pendency of contest proceedings shall constitute grounds to disallow a plan of operations to the extent the plan proposes operations that will cause only insignificant surface disturbance and are for the purpose of: (1) Taking samples or gathering other evidence of claim validity to confirm and corroborate mineral exposures which are physically disclosed and existing on the claim prior to the withdrawal date, or (2) performing the minimum necessary annual assessment work as required by § 3851.1 of this title. Surface disturbance exceeding the insignificant level is permissible only when it is the minimum disturbance necessary to remove mineral samples to confirm and corroborate preexisting exposures of a valuable mineral deposit discovered prior to the withdrawal. The requirement in this subsection for a mineral examination shall not cause a suspension of the time limitations governing approval of operating plans contained in § 3809.1-6 of this title. Once a final administrative decision is rendered declaring a claim to be null and void, all operations, except required reclamation work, shall be disallowed and shall cease unless and until such decision is reversed in a judicial review action.

(k) Activities, including prospecting under the United States mining laws, for the purpose of gathering information about minerals in wilderness, shall be allowed, except that any such activity for gathering mineral information after the date on which the United States mining laws cease to apply shall be conducted in a manner compatible with the preservation of the wilderness environment. After such date, mining claims shall not b located in wilderness areas.

[50 FR 7708, Feb. 25, 1985, as amended at 5 FR 15893, Apr. 29, 1986]

§ 8560.4-7 Mineral leases and mineral pe mits.

(a) No mineral leases shall be issue under the mineral leasing laws in an wilderness area or public lands.

(b) Holders of valid mineral lease established on any Bureau-administered wilderness area before the da such unit was included in the Nationa Wilderness Preservation System sha be accorded the rights granted by th terms and conditions of the specifi leases.

(c) Subject to valid existing rights, no person shall obtain any right or interest in or to any mineral deposi that may be discovered in a wildernes area through prospecting or other information-gathering activity after th date on which the laws pertaining t mineral leasing cease to apply to th specific wilderness area.

(d) Permits shall not be issued fo the removal of mineral materials commonly known as common varietie under the Materials Act of July 3 1947, as amended and supplemente (30 U.S.C. 601, 604).

§ 8560.4-8 Water and power resources.

Prospecting for water resources an the establishment of new reservoirs water-conservation works, powe projects, transmission lines and othe facilities needed in the public interest and the subsequent maintenance o such facilities, all pursuant to section 4(d)(4)(1) of the Wilderness Act, ma be permitted if specifically authorize by the President.

§ 8560.5 Penalties.

(a) Any person who knowingly an willfully violates the regulations i § 8560.1-2 is subject to arrest, convi tion and punishment by a fine of no more than $1,000 or imprisonment fo not more than 12 months, or both.

(b) At the request of the Secretar of the Interior, the Attorney Gener may institute a civil action in an United States district court for an i junction or other appropriate order to prevent any person from utilizing public lands in violation of the regulations of this part.

SUBCHAPTER I—TECHNICAL SERVICES (9000)

Group 9100—Engineering

NOTE: The information collection requirements contained in part 9180 of Group 9100 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance number 1004-0033. The information is being collected to permit the authorized officer to determine whether an application for survey of islands or other omitted lands that are part of the public lands should be granted. The information will be used to make this determination. A response is required to obtain a benefit.

Subpart 9180—Cadastral Surveys; General

SOURCE: 35 FR 9797, June 13, 1970, unless otherwise noted.

§ 9180.0-2 Objectives.

(a) *Alaska; existing surveys and extension thereof.* The surveys up to the present time have been confined to known agricultural areas, the coal fields, and such other lands as have been considered to be suitable for development by settlers or otherwise. The extensions of the surveys to other areas will be governed largely by the character of the lands and their suitability for use, development, and administration under the public land laws applicable to Alaska.

(b) *Resurveys.* The real interest of the Government in the resurvey of the public lands is well stated in the said Act of March 3, 1909, "to properly mark the boundaries of the public lands remaining undisposed of." Its duty being thus defined, the Bureau of Land Management will refrain from attempting to do more in the relocation of the corners of privately owned lands in a township being resurveyed than to reestablish such corners from the best available evidence of the original survey.

§ 9180.0-3 Authority.

(a) *Delegation to Director, Bureau of Land Management.* (1) In the establishment of the Bureau of Land Management by Reorganization Plan No. 3 of 1946, the office of Supervisor of Surveys was abolished and the functions and powers thereof were transferred to the Secretary of the Interior to be performed by such officers or agencies of the Department as might be designated by the Secretary. Under that authority, the functions and powers formerly exercised by the Supervisor of Surveys were delegated to the Chief Cadastral Engineer, subject to the supervision of the Director, Bureau of Land Management. In the general reorganization and realignment of functions of the Bureau, the office of Chief Cadastral Engineer has been abolished, and the functions of that office have been delegated to the Director.

(2) By this sequence, the cadastral surveying work of the Bureau of Land

Management has been placed under the immediate jurisdiction of the Director, subject to the direction and control of the Secretary of the Interior. Certain functions relating to specific phases of the cadastral surveying work have been delegated to the State Director.

(b) *Alaska.* The rectangular system of survey of the public lands was extended to the State of Alaska by the Act of March 3, 1899 (30 Stat. 1098; 48 U.S.C. 351). The regular township surveys in Alaska conform to that system, but departures therefrom are permitted under the conditions stated in the Act of April 13, 1926 (44 Stat. 243; 48 U.S.C. 379), and in certain other cases, such as special surveys for trade and manufacturing sites, headquarters sites, and homesites under section 10 of the Act of May 14, 1898 (30 Stat. 413; 48 U.S.C. 461), as amended; for soldiers additional entries, pursuant to sections 2306 and 2307 of the Revised Statutes (43 U.S.C. 274, 278); and for small tracts under the Act of June 1, 1938 (52 Stat. 609; 43 U.S.C. 682a), as amended.

(1) Administration of the public land surveying activities in Alaska is under the general supervision of the State Director, Bureau of Land Management, at Anchorage, Alaska. The office, in which the records relating to the public land surveys in the State are maintained, is located at Anchorage, Alaska. Correspondence relating to local survey matters should be addressed to the State Director, Juneau, Alaska.

(c) *Resurvey of township*—(1) *Without cost to applicant when title to at least 50 percent of the area is in the United States.* The Act of March 3, 1909 (35 Stat. 845), as amended by the Joint Resolution of June 25, 1910 (36 Stat. 884; 43 U.S.C. 772), authorizes the Secretary of the Interior to cause to be made such resurveys of the public lands as after full investigation he may deem essential to properly mark the boundaries of the public lands remaining undisposed of.

(2) *Cost to be prorated between applicants and United States, when more than 50 percent of the area is privately owned.* (i) The Act of September 21, 1918 (40 Stat. 965; 43 U.S.C. 773), provides authority for the resurvey by the Government of townships heretofore held to be ineligible for resurvey under existing departmental regulations by reason of disposals in excess of 50 percent of the total area thereof.

(ii) Under the Act mentioned, and upon the application of the owners of three-fourths of the privately owned lands in any township previously surveyed, or upon the application of a court of competent jurisdiction, accompanied by a deposit of funds sufficient to cover the estimated cost, inclusive of the necessary office work, of the resurvey of all of the privately owned lands in such township, the State Director, Bureau of Land Management, is authorized, in his discretion, to cause to be made a resurvey of the township in question in accordance with the laws and regulations governing surveys and resurveys of the public lands; the cost of the resurvey of the residue of the public lands in such township to be paid by the Government from the current annual appropriation for the survey and resurvey of the public lands in addition to the portion thereof made available for resurveys and retracements by the provisions of the Act of March 3, 1909 (35 Stat. 845), as amended by Joint Resolution of June 25, 1910 (36 Stat. 884; 43 U.S.C. 772). The total cost of the resurvey of the township is thus divided between the Government and the petitioners in proportion to the extent of their respective holdings.

(iii) It is further provided that any portion of such deposit in excess of the actual cost of the field and office work incident to such resurvey of privately owned lands shall be repaid pro rata to the applicants for resurvey or to their legal representatives.

§ 9180.1 Interpretation of survey records.

§ 9180.1-1 Meridians.

(a) *Alaska.* The public land surveys in Alaska are governed by three principal meridians established as follows: The Seward Meridian, initiated just north of Resurrection Bay and extending to the Matanuska coal fields; the Fairbanks Meridian, commencing near the town of Fairbanks and controlling the surveys in that vicinity, including the Nenana coal fields; and the Copper River Meridian which lies in the valley of the Copper River and from which surveys have been executed as far north as the Tanana River and south to the Bering River coal fields and the Gulf of Alaska.

(b) *Copies of records.* Copies of plats of surveys in Alaska, or other records of the Public Survey Office, will be sold at the cost of production, in accordance with section 1 of the Act of August 24, 1912 (37 Stat. 497), as amended (5 U.S.C. 488), and § 2.3 of this title.

Subpart 9183—Special Surveys

§ 9183.0-2 Objectives.

Information respecting special surveys of soldier's additional entries, homesites, homesteads, and trade and manufacturing sites is given in subparts 2610, 2511, 2562, and 2730 of this chapter, respectively.

[35 FR 9798, June 13, 1970]

Subpart 9185—Instructions and Methods

SOURCE: 35 FR 9798, June 13, 1970, unless otherwise noted.

§ 9185.1 Applications.

§ 9185.1-1 Surveys.

(a) *Original surveys.* Application for the original extension of the rectangular system of public land surveys to include unsurveyed townships should be filed in duplicate with the State Director for the State in which the lands are situated. The application may be in letter form, and should describe the unsurveyed area by township and range of the public surveys, and should set forth the interest of the applicant in the land and the basis of need for extension of the surveys.

(b) *Lands omitted from original survey.* Application for the survey of an unsurveyed island or other land omitted from the orginal survey shall be made on Form 9600-2, or its equivalent, and filed in duplicate with the State director for the State in which lands are situated.

[35 FR 9798, June 13, 1970, as amended at 44 FR 41795, July 18, 1979]

§ 9185.1-2 Resurveys.

(a) *Filing of applications for survey without cost to applicant.* The application prepared in accordance with this part, should be submitted to the State Director for the State in which the lands are situated.

(b) *Filing of applications for survey with cost prorated.* Applications for resurvey based upon the provisions of the Act of September 21, 1918, prepared in accordance with this part should be submitted to the State Director for the State in which the lands are situated. Prior to filing formal application, however, the interested parties should obtain from the proper office, as above designated, an estimate of the cost of the proposed resurvey.

§ 9185.1-3 Mining claims.

(a) *Application for survey.* Application for the survey of a mining claim should be filed with the State Director for the State in which the claim is situated.

(b) *Mineral surveyors.* See § 3861.5-1 for the appointment of mineral surveyors pursuant to section 2334 of the Revised Statutes (30 U.S.C. 39).

[35 FR 9798, June 13, 1970, as amended at 38 FR 30001, Oct. 31, 1973]

§ 9185.2 Requirements for surveys.

§ 9185.2-1 [Reserved]

§ 9185.2-2 Lands omitted from original survey.

(a) *Notice of intended application.* Notice of intention to apply for survey of an island or other land omitted from the original survey shall be served on the adjacent land owners and the Attorney General and the Secretary of State for the State in which the land is situated, at least 3 days prior to the date of application for survey. Service may be had by return receipt mail or in person, evidence of which may consist of the return receipt or signed acknowledgment of service. A copy of each notice with proof of service thereof, shall be filed with the application. Failure to obtain evidence of service may be explained.

(b) *Form of notice.* No particular form of notice is prescribed. The notice must make it clear, however, that the land covered by the application is contended to be public land of the United States and subject to survey and administration as such, and that any protest against the proposed survey should be filed with the appropriate State Director. It must be shown what particular surveyed lands opposite the island, or adjoining the unsurveyed land, are owned by the adjacent land owner on whom the notice is served.

(c) *Evidence required as to character of land in existence at time of original survey.* An application for the survey of an island or other land omitted from the original survey must be accompanied by evidence showing that the land was in existence and above ordinary high-water elevation when the State was admitted into the Union, and when the adjacent lands were surveyed. Such evidence should consist of statements from at least two persons familiar with the land, as to its size, elevation, and appearance, and the species, size, and age of the timber growth thereon, or nature of other vegetation.

(d) *Diagram required with application.* A diagram showing the approximate configuration of the island or other land applied for, and its location with reference, to the public land surveys, must accompany the application.

(e) *Cost of survey.* In the event of approval of the application, the costs of the survey will be borne by the Government.

(f) *No preference right.* Should the island or other land be surveyed as public land, no preference right to acquire the same under the laws governing the disposal of public lands will be gained by the filing of the application for survey.

[35 FR 9798, June 13, 1970, as amended at 44 FR 41795, July 18, 1979]

§ 9185.2–3 Unsurveyed islands and omitted lands.

(a) Section 211(a) of the Federal Land Policy and Management Act of 1976 (90 Stat. 2758), provides for the conveyance under the Recreation and Public Purposes Act of unsurveyed islands determined by the Secretary to be public lands of the United States. The conveyance of any such island may be made without survey; however, such island shall be surveyed at the request of the qualified applicant. If the applicant requests that a survey be executed, the applicant shall be required to:

(1) Furnish a written statement identifying his choice of donation of money, services, or both for the survey.

(2) If the applicant elects to donate money, such donation shall equal the Bureau of Land Management's estimated cost of survey. The donated money shall be credited and expended in accordance with section 307(c) of the Act. A written estimate of such costs shall be furnished to the applicant by the Bureau.

(3) If the applicant elects to donate services, such services shall be conducted and performed pursuant to the criteria established by the Director of the Bureau of Land Management.

(b) Section 211(b) of the Act, provides for conveyance, under the Recreation and Public Purposes Act (43 U.S.C. 869), of lands other than islands determined by the Secretary by survey to be public lands of the United States erroneously or fraudulently omitted from the original surveys. An applicant may be required to donate money, services, or a combination thereof for such survey. The procedures contained in § 9185.2-3(a) of this title shall be followed.

[44 FR 41795, July 18, 1979]

§ 9185.3 Requirements for resurveys; without cost to applicant.

§ 9185.3–1 Eligibility.

(a) *Determined by ownership of land.* As a general rule, and in the absence of any particular governmental purpose to be subserved, no township is eligible for resurvey unless title to at least 50 percent of the area of the lands embraced therein remains in the United States. For the purpose of determining the eligibility of a township under this rule, lands covered by approved selections, school sections, and entries upon which final certificates or patents have been issued are to be considered as alienated lands. Townships within the primary limits of railroad land grants are generally ineligible.

(b) *Determined by physical character of remaining public land.* In general no resurvey will be undertaken unless the preliminary examination of the township develops evidence of existing settlement and agricultural possibilities sufficient to support the presumption that the unappropriated lands therein are such as to attract bona fide entrymen, thus eliminating townships which, although theoretically eligible, are of such a physical character that the resurvey thereof would serve no useful purpose.

(c) *Small areas.* In the application of the terms of the Act of March 3, 1909 (35 Stat. 845), as amended, is not intended that there shall be undertaken any work involving the mere reestablishment of lost or obliterated or misplaced corners in a limited area of a township, such work being within the province of the local surveyors, and the authority of the public survey office will be limited to the giving of advice in accordance with the circular for the restoration of lost or obliterated corners. Employees of the Bureau of Land Management are prohibited from participating in the resurvey of a township, the reestablishment of lost corners, or in the subdivision of sections for private parties, even if the expense is borne by the county or municipal authorities or by individuals.

§ 9185.3-2 Showing required.

(a) *Necessity.* The applicants for the resurvey of any township are required to present satisfactory prima facie evidence of the necessity for such action, based either upon general obliteration of evidences of the original survey or upon conditions so grossly defective as to preclude the possibility of a reasonably certain identification of the subdivisions of the subsisting survey or a satisfactory local restoration thereof.

(b) *Condition of original survey.* Applications for the resurvey of each township must be supported by evidence in the form of a statement, preferably from the county or other competent surveyor, showing in detail that the evidences of the original survey have been obliterated to such an extent as to make it impracticable to apply the suggestions of the circular issued by the Bureau of Land Management for the necessary restoration of the lines and corners in the proper identification of the legal subdivisions occupied by the present or prospective entrymen or that the obliteration of the original monuments has become so advanced that the land boundaries can be identified only through extensive retracements by experienced engineers of the Bureau of Land Management.

§ 9185.3-3 Majority of land owners.

A majority of the settlers in each township are required to join in the application, and, in addition, there must appear the endorsements of the entrymen and owners, including the State, whose holdings represent the major part of the area entered or patented, with a description opposite each name of the lands actually occupied, entered, or owned, and a statement as to whether the applicant is a settler, entryman, or owner thereof. Where an entryman or owner, including the State, has failed for any reason whatsoever to join in the application, evidence of service of notice upon him for at least 30 days in advance of the filing of the application is required in order that he may be afforded ample opportunity to make timely protest against the granting of such resurvey if in his opinion such action is undesirable.

§ 9185.4 Requirements for resurvey; with cost prorated.

§ 9185.4-1 Estimate of cost.

(a) The cost of resurvey procedure is as a rule considerably in excess of that incident to the execution of original surveys and may range between rather wide limits. Where the obliteration is not excessive and the evidences of the original survey are harmoniously related, extensive verifying retracements will be unnecessary and ordinary dependent methods of resurvey can usually be applied. If, however, the obliteration is general or total, many miles of preliminary retracement may be required in order to obtain technical control, and where, by reason of errors in the original survey, the existing evidences thereof are discordant and conflicting locations have resulted, the procedure required may, in the case of densely entered townships, involve an expense of $5,000 or more per township.

(b) The applicants for resurvey should understand, therefore, that although the estimate supplied will be as nearly correct as the available information will permit, its accuracy cannot be guaranteed, and, consequently, all such estimates are subject to revision, if necessary, as the work proceeds and the field conditions are more fully developed. Any deposit in excess of actual cost will be returned to the applicants as provided by law, but in cases where the cost exceeds the deposit made in accordance with the estimate, an additional deposit will be required, failing which, operations will be suspended.

(c) In the application of the terms of this Act it is not intended that there shall be undertaken any work involving the mere reestablishment of lost or obliterated or misplaced corners in a limited area of a township, such work being within the province of the local surveyor, and the authority of the State Director will be restricted to the giving of advice in accordance with the circular for the restoration of lost or obliterated corners. Employees of the Government are prohibited from participating in the resurvey of a township or the reestablishment of lost corners or in the subdivision of sections for private parties, even if the expense is borne by the county or State authorities or by individuals, except as such action is specifically authorized by the Director, Bureau of Land Management, in accordance with the provisions of existing statutes.

(d) Deposit required: The deposit required of the petitioners by law must accompany the application and must be made in the amount, at the place and in the manner prescribed by the instructions which will accompany the estimate.

§ 9185.4-2 Showing required.

(a) *Necessity.* The applicants for the resurvey of any township are required to present satisfactory prima facie evidence of the necessity for such action. In general, it must be shown that the evidences of the original survey are so widely obliterated or that the prevailing survey conditions are so grossly defective as to preclude the satisfactory identification of the subdivisions of the subsisting survey or that the evidences of the original survey are in such an advanced state of deterioration that action looking to their preservation and perpetuation is expedient as in the public interest.

(b) *Ownership of land.* The applicants for resurvey are required to preface their petition by the statement that the extent of privately owned lands within the township is in excess of 50 percent of the total area thereof. If necessary, information in this connection may be obtained by the petitioners from the manager of the land office having local jurisdiction. Failure to comply with the condition set forth in this section or material error in the showing made, will not only result in delaying action upon the petition, but may require its rejection if it is found that the township is not properly subject to resurvey under the terms of the governing Act.

§ 9185.4-3 Three-fourths of land owners.

The owners of three-fourths of the privately owned lands within the township are required to join in the application, and all petitioners in whom ownership is vested, either individuals, the State, or corporations such as railroad companies whose interests are involved, are further required to supply, following their respective signatures, an accurate description by legal subdivision, section, township, and range of the lands to which title is claimed. Moreover, it must appear that notice of the proposed resurvey has been served upon all owners who have for any reason failed to join in the petition, and, in addition, it is highly desirable that all record entrymen who, under the terms of the act are not required to become parties to the petition, be similarly informed to the end that their objections, if any, may be heard and subsequent protest based upon the plea of ignorance may, insofar as possible, be avoided.

Subpart 9212—Wildfire Prevention

§ 9212.0-1 Purpose.

The purpose of this subpart is to set forth procedures to prevent wildfires on the public lands.

§ 9212.0-2 Objective.

The objective of this subpart is to prevent wildfires on the public lands.

§ 9212.0-3 Authority.

This subpart is issued under the authority of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*).

§ 9212.0-5 Definitions.

As used in this subpart, the term:

(a) *Person* means individuals, corporations, companies, associations, firms, partnerships, societies or joint stock companies.

(b) *Authorized officer* means any employee of the Bureau of Land Management to whom has been delegated the authority to perform the duties described in this subpart.

(c) *Public lands* means any lands and interest in lands owned by the United States within the several States and administered by the Secretary of the Interior through the Bureau of Land Management, without regard to how the United States acquired ownership, except:

(1) Lands located on the Outer Continental Shelf; and

(2) Lands held for the benefit of Indians, Aleuts, and Eskimos.

(d) *Fire* means the burning of timber, trees, slash, brush, tundra, grass or other flammable material such as, but not limited to, petroleum products, trash, rubbish, lumber, paper, cloth or agricultural refuse occurring out of doors and includes *campfire* as defined in this section.

(e) *Campfire* means a controlled fire occurring out of doors used for cooking, branding, personal warmth, lighting, ceremonial or esthetic purposes.

(f) *Permit* means authorization in writing by the authorized officer.

(g) *Closed area* means public lands closed to entry by a Bureau of Land Management fire prevention order.

(h) *Wildlife* means any wildland fire that requires a suppression response.

(i) *Restricted area* means public lands restricted as to use(s) by a Bureau of Land Management fire prevention order.

§ 9212.0-6 Policy.

It is the policy of the Bureau of Land Management to take all necessary actions to protect human life, the public lands and the resources and improvements thereon through the prevention of wildfires. Wherever possible, the Bureau of Land Management's actions will complement and support State and local wildfire prevention actions.

§ 9212.1 Prohibited acts.

Unless permitted in writing by the authorized officer, it is prohibited on the public lands to:

(a) Cause a fire, other than a campfire, or the industrial flaring of gas, to be ignited by any source;

(b) Fire a tracer or incendiary device;

(c) Burn, timber, trees, slash, brush, tundra or grass except as used in campfires;

(d) Leave a fire without extinguishing it, except to report it if it has spread beyond control;

(e) Build, attend, maintain or use a campfire without removing all flammable material from around the campfire adequate to prevent its escape;

(f) Resist or interfere with the efforts of firefighter(s) to extinguish a fire;

(g) Enter an area which is closed by a fire prevention order, or

(h) perform any act restricted by a fire prevention order.

§ 9212.2 Fire prevention orders.

(a) To prevent wildfire or facilitate its suppression, an authorized officer may issue fire prevention orders that close entry to, or restrict uses of, designated public lands.

(b) Each fire prevention order shall:

(1) Identify the public lands, roads, trails or waterways that are closed to entry or restricted as to use;

(2) Specify the time during which the closure or restriction shall apply;

(3) Identify those persons who, without a written permit, are exempt from the closure or restrictions;

(4) Be posted in the local Bureau of Land Management office having jurisdiction over the lands to which the order applies; and

(5) Be posted at places near the closed or restricted area where it can be readily seen.

§ 9212.3 Permits.

(a) Permits may be issued to enter and use public lands designated in fire prevention orders when the authorized officer determines that the permitted activities will not conflict with the purpose of the order.

(b) Each permit shall specify:

(1) The public lands, roads, trails or waterways where entry or use is permitted;

(2) The person(s) to whom the permit applies;

(3) Activities that are permitted in the closed area;

(4) Fire prevention requirements with which the permittee shall comply; and

(5) An expiration date.

(c) An authorized officer may cancel a permit at any time.

§ 9212.4 Penalties.

Any person who knowingly and willfully violates the regulations at § 9212.1 of this title shall, upon conviction, be subject to a fine of not more than $1,000 or to imprisonment of not more than 12 months, or both.

SOURCE: 35 FR 9800, June 13, 1970, unless otherwise noted.

Subpart 9239—Kinds of Trespass

§ 9239.0-3 Authority.

(a) Sections 9239.0-3 to 9239.7 are issued under the authority of R.S. 2478; 43 U.S.C. 1201.

(b) In addition to liability for trespass on the public lands, as indicated in this part, persons responsible for such trespass may be prosecuted criminally under any applicable Federal law. Penalties are prescribed by the following statutes:

(1) Timber trespass. 18 U.S.C. 1852, 1853.

(2) Turpentine trespass. 18 U.S.C. 1854.

(3) Coal trespass. 18 U.S.C. 1851; 30 U.S.C. 201(b)(4).

[35 FR 9800, June 13, 1970, as amended at 42 FR 4460, Jan. 25, 1977]

§ 9239.0–7 Penalty for unauthorized removal of material.

The extraction, severance, injury, or removal of timber or mineral materials from public lands under the jurisdiction of the Department of the Interior, except when authorized by law and the regulations of the Department, is an act of trespass. Trespassers will be liable in damages to the United States, and will be subject to prosecution for such unlawful acts.

§ 9239.0–8 Measure of damage.

The rule of damages to be applied in cases of timber, coal, oil, and other trespass in accordance with the decision of the Supreme Court of the United States in the case of Mason et al. v. United States (260 U.S. 545, 67 L. ed. 396), will be the measure of damages prescribed by the laws of the State in which the trespass is committed, unless by Federal law a different rule is prescribed or authorized.

§ 9239.0–9 Sale, lease, permit, or license to trespassers.

(a) For the purpose of this section, a trespasser is any person, partnership, association, or corporation responsible for the unlawful use of, or injury to, property of the United States.

(b) The authorized officer may refuse to sell to a trespasser timber or materials, or to issue to him a lease, permit, or license if, after a demand for payment has been served by certified or registered mail on the trespasser, a satisfactory arrangement for payment of the debt due the United States has not been made within reasonable time, and there is reason for the authorized officer to believe payment will not be made. Satisfactory arrangement shall be deemed to have been made by:

(1) Payment by the trespasser of the amount found to be due by the authorized officer, by a final judgment of a court, or pursuant to a compromise settlement accepted by the United States; or

(2) Execution by the trespasser of a promissory note or installment agreement, satisfactory to the authorized officer, so long as the agreed-upon payments are made on schedule; or

(3) Delivery by the trespasser of a bond guaranteeing payment to the United States of the amount found to be due by the authorized officer or by a court of competent jurisdiction; or

(4) Cancellation of the debt due the United States by a discharge in bankruptcy.

(c) Notwithstanding the provisions of paragraph (b) of this section, the authorized officer may sell to a trespasser timber or materials or issue to him a lease, permit, or license for materials despite lack of a satisfactory arrangement for payment if such officer establishes in writing that:

(1) There is no other qualified bidder or no other qualified bidder will meet the high bid, and

(2) The sale, lease, permit, or license to the trespasser is necessary to protect substantial interests of the United States either by preventing deterioration of, or damage to, resources of the United States or by accepting an advantageous offer, and

(3) The timber management or other resource management program of the United States will not be adversely affected by the action.

§ 9239.1 Timber.

§ 9239.1–1 Unauthorized cutting of timber.

(a) The cutting or removing of the timber referred to in §§ 5511.1 to 5511.1–4 of this chapter in any other manner than that authorized by such sections will be considered a trespass.

(b) The cutting of timber for sale and speculation, or for use by others than the permittee, is strictly prohibited.

(c) Where permits are secured by fraud or timber is not used in accordance with § 5511.1–4 of this chapter the Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

§ 9239.1-2 Penalty for unauthorized cutting of timber.

The cutting of timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2 to 5511.2-6 of this chapter will render the persons responsible liable to the United States in a civil action for trespass and such persons may be prosecuted criminally under Title 18, U.S. Code, or under State law.

§ 9239.1-3 Measure of damages, when not prescribed by State law.

For timber trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(a) Where the trespass is willful, the full value of the property at the time and place of demand, or of suit brought, with no deduction for labor and expense.

(b) In case of innocent trespasses neither the trespassers nor their transferees shall be required to pay more than the stumpage value, or the value of the timber in standing trees taken by them as damages to the Government.

(c) In case of a purchase without notice of wrong from a willful trespasser, the value at the time of purchase.

§ 9239.2 Unlawful enclosures or occupancy.

§ 9239.2-1 Enclosures of public lands in specified cases declared unlawful.

(a) Section 1 of the Act of February 25, 1885 (23 Stat. 321; 43 U.S.C. 1061), declares any enclosure of public lands made or maintained by any party, association, or corporation who "had no claim or color of title made or acquired in good faith, or an asserted right thereto, by or under claim, made in good faith with a view to entry thereof at the proper land office under the general laws of the United States at the time any such enclosure was or shall be made" to be unlawful and prohibits the maintenance of erection thereof.

(b) Section 4 of the Taylor Grazing Act of June 28, 1934 (48 Stat. 1271; 43 U.S.C. 315c) provides:

> Fences * * * and other improvements necessary to the care and management of the permitted livestock may be constructed on the public lands within such grazing districts under permit issued by the authority of the Secretary, or under such cooperative arrangement as the Secretary may approve.

(c) Section 10, paragraph (4) of the Federal Range Code, § 4112.3 of this chapter, containing rules for the administration of grazing districts prohibits "Constructing or maintaining any kind of improvements, structures, fences, or enclosures on the Federal range, including stock driveways, without authority of law or a permit."

(d) Section 2 of the Taylor Grazing Act of June 28, 1934 (48 Stat. 1270; 43 U.S.C. 315a), provides that "any willful violation of the provisions of this act" or of "rules and regulations thereunder after actual notice thereof shall be punishable by a fine of not more than $500."

(e) Violations of any of the provisions of the Act of February 25, 1885, constitute a misdemeanor (Sec. 4, 23 Stat. 322; 35 Stat. 40; 43 U.S.C. 1064).

§ 9239.2-2 Duty of district attorney.

Section 2 of the Act of February 25, 1885 (23 Stat. 321; 43 U.S.C. 1062, 28 U.S.C. 41, Par. 21), provides that it shall be the duty of the district attorney of the United States for the proper district on affidavit filed with him by any citizen of the United States that such unlawful enclosure is being made or maintained, showing the description of the lands enclosed with reasonable certainty so that the enclosure may be identified, to institute a civil suit in the proper United States district or circuit court or territorial district court in the name of the United States and against the parties named or described who shall be in charge of or controlling the enclosure complained of.

§ 9239.2-3 Responsibility for execution of law.

The execution of this law devolves primarily upon the officers of the Department of Justice, but as it is the purpose to free the public lands from unlawful enclosures and obstructions, it is deemed incumbent upon the officers of the Department of the Interior to furnish the officers of the Department of Justice with the evidence necessary to a successful prosecution of the law.

§ 9239.2-4 Filing of charges or complaints.

All charges or complaints against unlawful enclosures or obstructions upon the public lands should be filed with the proper State Director. Such charges or complaints, when possible, should give the name and address of the party or parties making or maintaining such enclosure or obstruction and should describe the land enclosed in such a way that it may be readily identified. The section, township, and range numbers should be given, if possible.

§ 9239.2-5 Settlement and free passage over public lands not to be obstructed.

Section 3 of the Act of February 25, 1885 (23 Stat. 322; 43 U.S.C. 1063), provides that no person by force, threats, intimidation, or by any fencing or enclosing or any other unlawful means shall prevent or obstruct or shall combine or confederate with others to prevent or obstruct any person from peaceably entering upon or establishing a settlement or residence upon any tract of public land subject to settlement or entry under the public land laws of the United States or shall prevent or obstruct free passage or transit over or through the public lands.

§ 9239.3 Grazing, Alaska.

(a) *Reindeer.* (1) Any use of the Federal lands for reindeer grazing purposes, unless authorized by a valid permit issued in accordance with the regulations in subpart 4132 of this chapter, is unlawful and is prohibited.

(2) Any person who willfully violates any of the rules and regulations in subpart 4132 of this chapter shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by imprisonment for not more than one year, or by a fine of not more than $500.

(b) *Livestock.* (1) Grazing livestock upon, allowing livestock to drift and graze on, or driving livestock across lands that are subject to lease or permit under the provisions of this part or within a stock driveway, without a lease or other authorization from the Bureau of Land Management, is prohibited and constitutes trespass. Trespassers will be liable in damages to the United States for the forage consumed and for injury to Federal property, and may be subject to civil and criminal prosecution for such unlawful acts. A lessee who grazes livestock in violation of the terms and conditions of his lease by exceeding numbers specified, or by allowing the livestock to be on Federal land in an area or at a time different from that designated in his lease shall be in default and shall be subject to the provisions of § 4131.2-7 (g) and (h) of this chapter. Under section 2 of the Act, any person who willfully grazes livestock on public lands without authority, shall, upon conviction, be punished by a fine of not more than $500.

(2) Whenever it appears that a violation exists the authorized officer shall serve written notice upon the alleged violator. The notice shall set forth the act or omission constituting such violation and will allow the party involved a reasonable specified time from receipt of notice to demonstrate that there has been no violation or that he has since achieved compliance. If the showing is satisfactory to the authorized officer he will close the case. If satisfactory showing is not made within the time allowed, the violation alleged in the notice will be deemed to have been willful.

(3) Where the owner of the trespassing livestock, or his representative, is known, the authorized officer shall determine the amount of the damage to the public land and other property of the United States and shall make a demand for payment upon the alleged violator setting forth the foregoing values including the value of the forage consumed. Such forage value shall be computed at the commercial rates, if susceptible to proof by reasonably available and reliable data; otherwise, a minimum charge of $2 per animal unit month for trespass not clearly willful will be made. Where the trespasses are repeated and/or willful, a minimum charge of $4 per animal unit month for forage consumed will be charged. All offers for settlement for value of forage consumed and for

damage to the public land or to other property of the United States resulting from an alleged violation of any provision of the act or regulations found within § 4131.0-3 *et seq.* of this chapter in the amount of $2,000 or less may be accepted by the authorized officer. Offers for settlement in excess of $2,000 will be transmitted to the State Director for appropriate action. An offer of settlement will not constitute satisfaction of civil liability for consumed forage and damage involved until finally accepted by the authorized officer or the State Director, and in no event will it relieve the violator of criminal liability. No lease or permit will be issued or renewed until payment of any amount found to be due the United States under this section has been offered.

[35 FR 9800, June 13, 1970. Redesignated at 43 FR 29076, July 5, 1978]

§ 9239.5 Minerals.

§ 9239.5-1 Ores.

(a) For ores trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(1) Measure of damages is the same as in the case of coal. Benson Mining and Smelting Co. v. Alta Mining and Smelting Co. (145 U.S. 428, 36 L. ed. 762; Durant Mining Co. v. Percy Consolidated Mining Co. (93 Fed. 166)).

§ 9239.5-2 Oil.

For oil trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(a) *Innocent trespass.* Value of oil taken, less amount of expense incurred in taking the same.

(b) *Willful trespass.* Value of the oil taken without credit or deduction for the expense incurred by the wrongdoers in getting it. Mason v. United States (273 Fed. 135).

§ 9239.5-3 Coal.

(a) *Determination of payment in coal trespass.* For coal trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(1) For innocent trespass, payment must be made for the value of the coal in place before severance. United States v. Homestake Mining Company (117 Fed. 481).

(2) For willful trespass, payment must be made for the full value of the coal at the time of conversion without deduction for labor bestowed or expense incurred in removing and marketing the coal. Liberty Bell Gold Mining Company v. Smuggler-Union Mining Company (203 Fed. 795). The mining of coal in trespass is presumed to be willful, in the absence of persuasive evidence of the innocence and good faith of the trespasser. United States v. Ute Coal and Coke Company (158 Fed. 20).

(b) *Coal mined when there is no lease in effect.* Any mining of coal which is not pursuant to a coal lease in effect at the time of the mining shall constitute a trespass, and the coal so mined must be paid for on a trespass basis.

(c) *Coal mined by successful bidder at public sale.* The successful bidder at public sale for a coal leasing unit does not acquire any right to mine coal until he has complied with all the formalities required by the regulations, including the furnishing of a bond, and a lease has been issued to him. Coal mined by such applicant prior to the date of the issuance of a lease is in trespass and must be paid for on a trespass basis.

(d) *Coal permit, lease, or license not to issue until trespass account settled.* No coal permit, lease, or license will be issued to anyone known to have mined coal in trespass until the trespass account is settled.

(e) *Right of surface owner to mine coal for domestic use.* The owner of land patented with a reservation of the coal deposits, either under the act of March 3, 1909 (35 Stat. 844; 30 U.S.C. 81), or under the Act of June 22, 1910 (36 Stat. 583; 30 U.S.C. 83-85), has the right to mine coal for use upon the land for domestic purposes at any time prior to the disposal by the United States of the coal deposits.

(f) *Penalties for unauthorized exploration for coal.* (1) Any person who willfully conducts coal exploration for commercial purposes without an exploration license issued under subpart 3507 of this chapter shall be subject to a fine of not more than $1,000 for each day of violation.

(2) All data collected by said person on any Federal lands as a result of such violations shall immediately be made available to the Secretary, who shall make the data available to the public as soon as possible.

(3) No penalty under this section may be assessed unless such person is given notice and opportunity for a hearing with respect to such violation pursuant to part 4 of this chapter.

[36 FR 9800, June 13, 1970, as amended at 41 FR 36022, Aug. 26, 1976; 42 FR 4460, Jan. 25, 1977]

§ 9239.6 Materials.

§ 9239.6-1 Turpentine.

For turpentine trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(a) *Innocent trespass.* Value of the gum and injury done to the trees. United States v. Taylor (35 Fed. 484).

(b) *Willful trespass.* Value of the product manufactured from the crude turpentine by the settler, or any person into whose possession same may have passed, without credit for labor bestowed on the turpentine by the wrongdoer. Union Naval Stores Co. v. United States (240 U.S. 284, 60 L. ed. 644).

§ 9239.7 Right-of-way.

§ 9239.7-1 Public lands.

The filing of an application under part 2800, 2810, or 2880, of this chaper does not authorize the applicant to use or occupy the public lands for right-of-way purposes, except as provided at §§ 2800.0-5(m), 2802.1(d) and 2882.1, until written authorization has been issued by the authorized officer. Any unauthorized occupancy or use of public lands or improvements for right-of-way purposes constitutes a trespass against the United States for which the trespasser is liable for costs, damages, and penalties as provided in §§ 2801.3, 2812.1-3, and 2881.3, of this title. No new permit, license, authorization or grant of any kind shall be issued to a trespasser until:

(a) The trespass claim is fully satisfied; or

(b) The trespasser files a bond conditioned upon payment of the amount of damages determined to be due the United States; or

(c) The authorized officer determines in writing that there is a legitimate dispute as to the fact of the trespasser's liability or as to the extent of his liability and the trespasser files a bond in an amount determined by the authorized officer to be sufficient to cover payment of a future court judgment in favor of the United States.

Subpart 9260—Law Enforcement, General

§ 9260.0-1 Purpose.

This part establishes a single regulatory section in title 43 where the law enforcement provisions of all the various public land use regulations can be found.

§ 9260.0-2 Objective.

To provide in a single part a compilation of all criminal violations relating to public lands that appear throughout title 43 of the Code of Federal Regulations.

§ 9260.0-3 Authority.

Under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733), the Secretary of the Interior is authorized to issue regulations with respect to the management, use, and protection of the public lands, including property located thereon, the violation of which is punishable as a criminal offense. Section 303(c) of the Act authorizes the Secretary to enter into contracts with appropriate local officials having law enforcement authority and to authorize Federal personnel to carry out the enforcement of Federal laws and regulations relating to the public lands and their resources. Section 303(d) of the Act authorizes the Secretary to enter into cooperative agreements with State and local regulatory and law enforcement officials for the enforcement of State laws and local ordinances on the public lands. In addition to general authority under FLPMA, other specific authorities are noted where applicable.

§§ 9260.0-4—9260.0-6 [Reserved]

§ 9260.0-7 Penalties.

Any person violating any provision of part 9260 of this title shall be subject to the specific penalties as noted under this part.

Subpart 9261—General Management—[Reserved]

Subpart 9262—Land Resource Management

[54 FR 25855, June 20, 1989]

§ 9262.1 Penalties for unauthorized use, occupancy, or development of public lands.

Under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733(a)) any person who knowingly and willfully violates the provisions of §§ 2801.3(a), 2812.1-3, 2881.3, or 2920.1-2(a) of this title, by using public lands without the requisite authorization, may be tried before a United States magistrate and fined no more than $1,000 or imprisoned for no more than 12 months, or both.

[54 FR 25855, June 20, 1989]

Subpart 9263—Minerals Management—[Reserved]

Subpart 9264—Range Management

§ 9264.0-3 Authority.

(a) The provisions of this subpart are issued under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*) and section 2 of the Taylor Grazing Act of 1934 (43 U.S.C. 315 *et seq.*).

(b) The provisions of § 9264.7 of this title are issued under section 8 of the Wild Free-Roaming Horse and Burro Act of 1971 (16 U.S.C. 1331 *et seq.*).

§ 9264.1 Grazing administration—exclusive of Alaska.

Persons performing the following prohibited acts on public and other lands under Bureau of Land Management control may be subject to criminal penalties under § 9264.1(k) of this title:

(a) Allowing livestock or other privately owned or controlled animals to graze on or be driven across those lands without a permit or lease or in violation of the terms and conditions of a permit or lease, either by exceeding the number of livestock authorized, or by allowing livestock to be on these lands in an area or at a time different from that designated;

(b) Installing, using, maintaining, modifying, and/or removing range improvements without authorization;

(c) Cutting, burning, spraying, destroying, or removing vegetation without authorization;

(d) Damaging or removing United States property without authorization;

(e) Molesting livestock authorized to graze on these lands;

(f) Littering;

(g) Violating any provision of 43 CFR part 4700 concerning the protection and management of wild free-roaming horses and burros;

(h) Violating any Federal or State laws or regulations concerning conservation or protection of natural and cultural resources or the environment including, but not limited to, those relating to air and water quality, protection of fish and wildlife, plants, and the use of chemical toxicants;

(i) Interfering with lawful uses or users;

(j) Knowingly or willfully making a false statement or representation in base property certification, grazing applications, and/or amendments thereto;

(k) Penalties. (1) Under section 2 of the Taylor Grazing Act of 1934 (43 U.S.C. 315 *et seq.*), any person who willfully violates the provisions of § 9264.1 of this title or of approved special rules and regulations is punishable by a fine of not more than $500.

(2) Under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*), any person who knowingly and willfully violates the provisions of § 9264.1 of this title or of approved special rules and regulations may be brought before a designated United States magistrate and is punishable by a fine of not more than $1,000 or imprisonment for no more than 12 months, or both.

[45 FR 21276, May 12, 1980, as amended at 47 FR 41713, Sept. 21, 1982]

§ 9264.2 Grazing administration—Alaska: livestock. [Reserved]

§ 9264.3 Grazing administration—Alaska: reindeer. [Reserved]

§ 9264.7 Wild free-roaming horse and burro protection, management, and control.

(a) *Prohibited acts.* In accordance with section 8 of the Wild Free-Roaming Horse and Burro Act (16 U.S.C. 1338), any person who:

(1) Willfully removes or attempts to remove a wild free-roaming horse or burro from the public lands, without authority from the authorized officer, or

(2) Converts a wild free-roaming horse or burro to private use, without authority from the authorized officer, or

(3) Maliciously causes the death or harassment of any wild free-roaming horse or burro, or

(4) Processes, or permits to be processed, into commercial products the remains of a wild free-roaming horse or burro, or

(5) Sells, directly or indirectly, a wild free-roaming horse or burro, or the remains thereof, which have not lost their status as a wild free-roaming horse of burro, or

(6) Uses a wild free-roaming horse or burro for commercial exploitation, or

(7) Causes or is responsible for the inhumane treatment of a wild free-roaming horse or burro, or

(8) Uses a wild free-roaming horse or burro for bucking stock, or

(9) Fails, upon written notice, to produce for inspection by an authorized officer those animals assigned to him for private maintenance under a cooperative agreement, or

(10) Fails to notify the authorized officer of the death of a wild free-roaming horse or burro within 7 days of death pursuant to § 4740.4-2(f) of this title, or

(11) Removes or attempts to remove, alters or destroys any official mark identifying a wild horse or burro, or its remains, or

(12) Being the assignee of a wild free-roaming horse or burro, or having charge or custody of the animal, abandons the animal without making arrangements for necessary food, water and shelter, or

(13) Being the assignee of a wild free-roaming horse or burro, or having charge or custody of the animal, fails to diligently pursue in an attempt to capture the escaped animal, or

(14) Accepts for slaughter or destruction a horse or burro bearing an official Bureau of Land Management identification mark, and which is not accompanied by a certificate that title to the animal has been transferred, or

(15) After acceptance of an animal for slaughter or destruction, fails to retain for one year the certificate of title to a horse or burro bearing an official Bureau of Land Management identification mark, or

(16) Willfully violates any provisions of the regulations under § 9264.7 of this title shall be subject to a fine of not more than $2,000 or imprisonment for not more than 1 year, or both. Any person so charged with such violation by the authorized officer may be tried and sentenced by a U.S. Commissioner or magistrate, designated for that purpose by the court by which he/she was appointed, in the same manner and subject to the same conditions as provided in section 3401, title 18, U.S.C.

Subpart 9265—Timber Management

§ 9265.0-3 Authority.

The provisions of § 9265.5 of this title are issued under sections 1852 and 1853 of title 18 U.S.C., unless otherwise specified.

§ 9265.4 Sales of forest products, general. [Reserved]

§ 9265.5 Non-sale disposals, general.

(a) *Free use of timber on mineral and non-mineral public lands.* Where permits are secured by fraud, or where timber is not taken or used in accordance with the terms of the law or §§ 5510.0-3(a) and 5511.1-1(a) to § 5511.1-1(g) of this title, the Government may enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands. For criminal liability, see 18 U.S.C. 1852.

(b) *Free use of timber upon oil and gas leases.* Where permits are secured by fraud or timber is not used in accordance with § 5511.1-4 of this title, the Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

(c) *Unauthorized cutting of timber.* The cutting of timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2-1 to 5511.2-6 of this title will render the persons responsible liable to the United States in a civil action for trespass and such persons may be prosecuted criminally under title 18 U.S.C., or under State law.

(d) *Penalties.* Sections 1852 and 1853 of title 18 U.S.C., provide:

(1) *Timber removed or transported.* (i) Whoever cuts, or wantonly destroys any timber growing on the public lands of the United States; or

(ii) Whoever removes any timber from said public lands, with intent to export or to dispose of the same; or

(iii) Whoever, being the owner, master, pilot, operator, or consignee of any vessel, motor vehicle, or aircraft or the owner, director, or agent of any railroad, knowingly transports any timber so cut or removed from said lands, or lumber manufactured therefrom, shall be fined not more than $1,000 or imprisoned not more than one year, or both.

This section shall not prevent any miner or agriculturist from clearing his land in the ordinary working of his mining claim, or in the preparation of his farm for tillage, or from taking the timber necessary to support his improvements, or the taking of timber for the use of the United States; nor shall it interfere with or take away any right or privilege under any existing law of the United States to cut or remove timber from any public lands.

(2) *Trees injured or cut.* Whoever unlawfully cuts, or wantonly injures or destroys any tree growing, standing, or being upon any land of the United States which, in pursuance of law, has been reserved or purchased by the United States for any public use, or upon any Indian reservation, or lands belonging to or occupied by any tribe of Indians under the authority of the United States, or any Indian allotment while the title to the same shall be held in trust by the Government, or while the same shall remain inalienable by the allottee without the consent of the United States, shall be fined not more than $1,000 or imprisoned not more than one year, or both.

Subpart 9266—Wildlife Management

§ 9266.0-3 Authority.

The provisions of this subpart are issued under section 5 of the Outer Continental Shelf Lands Act of 1953 (43 U.S.C. 1334).

§ 9266.4 Viable coral communities.

(a) *Requirement for a permit.* No person shall engage in any operation which directly causes damage or injury to a viable coral community that is located on the Outer Continental Shelf without having obtained a permit for said operations.

(b) *Penalty.* Any person who knowingly and willingly violates the regulations of § 9266.4 of this title shall be guilty of a misdemeanor and punishable by a fine of not more than $2,000 or imprisonment for not more than 6 months or by both such fine and imprisonment. Each day of violation shall be deemed a separate offense.

Subpart 9267—Water Management—[Reserved]

Subpart 9268—Recreation Programs

§ 9268.0-3 Authority.

The provisions of this subpart are issued under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733), and other authorities where specifically noted.

§ 9268.1 Cultural resource management. [Reserved]

§ 9268.2 Natural history resource management procedures. [Reserved]

§ 9268.3 Recreation management—procedures.

(a) *Off-road vehicles, use of public lands*—(1) *Applicability.* The regulations in this subpart apply to all public lands, roads and trails under administration of the Bureau of Land Management.

(2) *Conditions of use—regulations governing use.* (i) The operation of off-road vehicles is permitted on those areas and trails designated as open to off-road vehicle use.

(ii) Any person operating an off-road vehicle on those areas and trails designated as limited shall conform to all terms and conditions of the applicable designation orders.

(iii) The operation of off-road vehicles is prohibited on those areas and trails closed to off-road vehicle use.

(iv) It is prohibited to operate an off-road vehicle in violation of State laws and regulations relating to use, standards, registration, operation, and inspection of off-road vehicles. To the extent that State laws and regulations do not exist or are less stringent than the regulations in part 8340 of this title, the regulations in this part are minimum standards and are controlling.

(v) No person may operate an off-road vehicle on public lands without a valid State operator's license or learner's permit. Exceptions are:

(A) A person under the direct supervision of an individual 18 years of age or older who has a valid operator's license and who is responsible for the acts of the person supervised.

(B) A person certified by State government as competent to drive off-road vehicles after successfully completing a State approved operator's training program.

(C) Operation of an off-road vehicle in areas of Alaska designated by the Bureau's State Director for Alaska.

(vi) Any person supervising a nonlicensed driver shall be responsible for the operation of the vehicle and shall be responsible for the actions of the driver.

(vii) No person shall operate an off-road vehicle on public lands:

(A) In a reckless, careless, or negligent manner;

(B) In excess of established speed limits;

(C) While under the influence of alcohol, narcotics, or dangerous drugs;

(D) In a manner causing, or likely to cause significant, undue damage to or disturbance of the soil, wildlife, wildlife habitat, improvements, cultural, or vegetative resources or other authorized uses of the public lands; and

(E) During night hours, from a half-hour after sunset to a half-hour before sunrise, without lighted headlights and taillights.

(viii) Drivers of off-road vehicles shall yield the right-of-way to pedestrians, saddle horses, pack trains, and animal-drawn vehicles.

(ix) Any person who operates an off-road vehicle on public lands must comply with the regulations in part 8340 and § 8341.2 of this title as applicable, while operating such vehicle on public lands.

(3) *Vehicle operations—standards.* (i) No off-road vehicle may be operated on public lands unless equipped with brakes in good working condition.

(ii) No off-road vehicle equipped with a muffler cutout, bypass, or similar device, or producing excessive noise exceeding Environmental Protection Agency standards, when established, may be operated on public lands.

(iii) By posting appropriate signs or by marking a map which shall be available for public inspection at local Bureau offices, the authorized officer may indicate those public lands upon which no off-road vehicle may be operated unless equipped with a properly installed spark arrester. The spark arrester must meet either the U.S. Department of Agriculture—Forest Service Standard 5100-1a, or the 80 percent efficiency level standard when determined by the appropriate Society of Automotive Engineers (SAE) Recommended Practices J335 or J350. These standards include, among others, the requirements that:

(A) The spark arrester shall have an efficiency to retain or destroy at least 80 percent of carbon particles for all flow rates, and

(B) The spark arrester has been warranted by its manufacturer as meeting this efficiency requirement for at least 1,000 hours subject to normal use, with maintenance and mounting in accordance with the manufacturer's recommendation. A spark arrester is not required when an off-road vehicle is being operated in an area which has 3 or more inches of snow on the ground.

(iv) Vehicles operating during night hours, from a half-hour after sunset to a half-hour before sunrise, shall comply with the following:

(A) Headlights shall be of sufficient power to illuminate an object at 300 feet at night under normal, clear atmospheric conditions. Two- or three-wheeled vehicles or single-tracked vehicles will have a minimum of one headlight. Vehicles having four or more wheels or more than a single track will have a minimum of two headlights, except double tracked snowmachines with a maximum capacity of two people may have only one headlight.

(B) Red taillights, capable of being seen at a distance of 500 feet from the rear at night under normal, clear atmospheric conditions, are required on vehicles in the same numbers as headlights.

(4) *Penalties.* Any person who violates or fails to comply with the regulations of § 9268.3 of this title is subject to arrest, conviction, and punishment pursuant to appropriate laws and regulations. Such punishment may be a fine of not more than $1,000

or imprisonment for not longer than 12 months, or both.

(b) *Management areas.* [Reserved]

(c) *Operations—Rules of conduct—*(1) *Developed sites and areas.* The following rules are adopted to protect public property and to conserve the resources in developed recreation sites for public use and enjoyment. The user shall not:

(i) Intentionally or wantonly destroy, deface or remove any natural feature or plant;

(ii) Intentionally or wantonly destroy, injure, deface, remove, or disturb in any manner any public building, sign, equipment, marker, or other structure or property.

(2) *Undeveloped sites and areas—prohibited activities.* In the use of lands for public outdoor recreation purposes, no one shall:

(i) Intentionally or wantonly destroy, deface, injure, sign, remove or disturb any public building, sign, equipment, marker, or other public property;

(ii) Harvest or remove any vegetative or mineral resources or object of antiquity, historic, or scientific interest unless such removal is in accordance with part 3 or § 8363.2-1 of this title, or is otherwise authorized by law;

(iii) Appropriate, mutilate, deface, or destroy any natural feature, object of natural beauty, antiquity, or other public or private property;

(iv) Dig, remove, or destroy any tree or shrub;

(v) Gather or collect renewable or nonrenewable resources for the purpose of sale or barter unless specifically permitted or authorized by law;

(vi) Drive or operate motorized vehicles or otherwise conduct himself in a manner that may result in unnecessary frightening or chasing of people or domestic livestock and wildlife;

(vii) Use motorized mechanical devices or explosives for digging, scraping, or trenching for purposes of collecting.

(3) *Penalties.* Any person who knowingly and willfully violates any rule of conduct described in § 9268.3(c) (1) and (2) of this title shall be fined not more than $1,000 or imprisoned for not more than 12 months, or both.

(d) *Operations—closures—*(1) *Closu of lands.* In the management of land to protect the public and assur proper resource utilization, conservation, and protection, public use an travel may be temporarily restricted For instance, areas may be close during period of high fire danger o unsafe conditions, or where use wi interfere with or delay mineral development, timber and livestock operations, or other authorized use of the lands. Areas may also be closed temporarily to:

(i) Protect the public health and safety;

(ii) Prevent excessive erosion;

(iii) Prevent unnecessary destruction of plant life and wildlife habitat;

(iv) Protect the natural environment;

(v) Preserve areas having cultural or historical value; or

(vi) Protect scientific studies or preserve scientific values.

(2) *Penalties.* Any person who knowingly and willfully violates any closure order issued under § 9268.3(c)(2) of this title shall be fined not more than $1,000 or imprisoned for not more than 12 months, or both.

(e) *Use authorization—*(1) *Rules for visitor uses, other than on developed recreation sites—enforcement.* Failure to pay any fee or failure to obtain a permit required by subpart 8372 of this title or operating with a suspended permit shall be punishable pursuant to the Federal Land Policy and Management Act of 1976, the Land and Water Conservation Fund Act, as amended, the Wild and Scenic Rivers Act, the National Trails Act, the Sikes Act, and other laws when applicable [see § 9268.3(e)(2)].

(2) *Penalties.* (i) Section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733) provides: any person who knowingly and willfully violates any such regulation which is lawfully issued under this Act shall be fined no more than $1,000 or imprisoned no more than twelve months, or both. Any person charged with a violation of such regulation may be tried and sentenced by any United States magistrate designated for that purpose by the court by which he was appointed, in the same

manner and subject to the same conditions and limitations as provided for in section 3401 of Title 18 of the United States Code.

(ii) Section 2, Land and Water Conservation Fund Act of 1964 (16 U.S.C. 460l-6a), provides that any person violating the rules and regulations issued under section 460l-6e of title 16 U.S.C. shall be punishable by a fine of not more than $100.

Any person so arrested may be tried and sentenced by any United States magistrate specifically designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided for in title 18 U.S.C., section 3401, subsections (b), (c), (d), and (e), as amended.

(iii) Section 204(a) of the Sikes Act of 1974 (16 U.S.C. 670g-n), provides that:

(A) Any person who hunts, traps, or fishes on any public land which is subject to a conservation and rehabilitation program implemented under this Act without having on his person a valid public land management area stamp, if the possession of such a stamp is required, shall be fined not more than $1,000, or imprisoned for not more than 6 months, or both.

(B) Any person who knowingly violates or fails to comply with any regulations prescribed under section 670h(c)(5) of title 16 U.S.C. shall be fined not more than $500, or imprisoned not more than six months, or both.

(iv) Section 7 of the National Trails Act of 1968 (16 U.S.C. 1241-1249), provides: Any person who violates such regulations issued under section 1246 (i) of title 16 U.S.C., and deemed necessary by the Secretary of the Interior, shall be guilty of a misdemeanor, and may be punished by a fine of not more than $500, or by imprisonment not exceeding 6 months, or by both such fine and imprisonment.

[45 FR 31276, May 12, 1980, as amended at 46 FR 46810, Sept. 22, 1981]

§ 9268.4 Visual resource management. [Reserved]

§ 9268.5 Wilderness management. [Reserved]

§ 9268.6 Environmental education and protection. [Reserved]

Subpart 9269—Technical Services

§ 9269.0-3 Authority.

(a) The provisions of this subpart are issued under the authority of R.S. 2478; 43 U.S.C. 1201.

(b) In addition to liability for trespass on the public lands, as indicated in parts 9230 and 9260 of this title, persons responsible for such trespass may be prosecuted criminally under any applicable Federal law. Penalties are prescribed by the following statutes:

(1) Timber trespass. 18 U.S.C. 1852, 1953.

(2) Turpentine trespass. 18 U.S.C. 1854.

(3) Coal trespass. 18 U.S.C. 1851, 30 U.S.C. 201(b)(4).

§ 9269.3 Criminal trespass.

§ 9269.3-1 General management. [Reserved]

§ 9269.3-2 Land resource management. [Reserved]

§ 9269.3-3 Minerals management.

(a) *Oil and gas leasing.* [Reserved]

(b) *Geothermal resources leasing.* [Reserved]

(c) *Outer continental shelf leasing.* [Reserved]

(d) *Coal management*—(1) *Trespass.* Mining operations conducted prior to the effective date of a lease shall constitute an act of trespass and be subject to penalties specified in § 9239.5 of this title.

(2) *Penalty for unauthorized exploration for coal.* (i) Any person who willfully conducts coal exploration for commercial purposes without an exploration license issued under subpart 3410 of this title shall be subject to a fine of not more than $1,000 for each day of violation.

(ii) All data collected by said person on any Federal lands as a result of such violations shall immediately be made available to the Secretary, who shall make the data available to the public as soon as possible.

(iii) No penalty under this section may be assessed unless such person is given notice and opportunity for a hearing with respect to such violation pursuant to part 4 of this title.

(e) *Minerals other than oil, gas and coal.* [Reserved]

(f) *Minerals materials disposal.* [Reserved]

(g) *Multiple use mining.* [Reserved]

(h) *Mining claims under the general mining laws.* [Reserved]

§ 9269.3-4 Range management.

(a) *Grazing administration—exclusive of Alaska*—(1) *Unlawful enclosures or occupancy.* Section 1 of the Act of February 25, 1885 (43 U.S.C. 1061), declares any enclosure of public lands made or maintained by any party, association, or corporation who "had no claim or color of title made or acquired in good faith, or an asserted right thereto, by or under claim, made in good faith with a view to entry thereof at the proper land office under the general laws of the United States at the time any such enclosure was or shall be made" to be unlawful and prohibts the maintenance or erection thereof. (See § 9269.3-4(a)(2) of this title.

(2) *Penalties.* Under section 4 of the Act of February 25, 1885 (43 U.S.C. 1064), any person violating any of the provisions of this Act, whether as owner, part owner, or agent, or who shall aid, abet, counsel, advise, or assist in any violation hereof, shall be deemed guilty of a misdemeanor and fined a sum not exceeding $1,000, or be imprisoned not exceeding one year, or both, for each offense.

(b) *Grazing administration; Alaska; livestock.* (1) Grazing livestock upon, allowing livestock to drift and graze on, or driving livestock across lands that are subject to lease or permit under the provisions of part 9230 of this title or within an stock driveway, without a lease or other authorization from the Bureau of Land Management, is prohibited and constitutes trespass. Trespassers will be liable damages to the United States forage consumed and for injury Federal property, and may be subj to criminal prosecution for such lawful acts. A lessee who grazes li stock in violation of the terms a conditions of his lease by exceedi numbers specified, of by allowing t livestock to be on Federal land in area or at a time different from th designated in his lease shall be in fault and shall be subject to the pro sions of § 4220.7 (g) and (h) of th title.

(2) *Penalties.* Under section 2 of t Taylor Grazing Act, any person w willfully grazes livestock in such are without such authority shall, upo conviction, be punished by a fine not more than $500.

(c) *Grazing administration; Alask reindeer.* (1) Any use of the Feder lands for reindeer grazing purpose unless authorized by a valid perm issued in accordance with the regul tions in part 4300 of this title, is u lawful and is prohibited.

(2) *Penalties.* Any person who wil fully violates any of the rules and re ulations in part 4300 of this title sha be deemed guilty of a misdemeano and upon conviction thereof shall b punishable by imprisonment for no more than one year, or by a fine of no more than $500.

(d) *Wild free-roaming horse an burro protection, management, an control.* [Reserved]

§ 9269.3-5 Timber management.

(a) *Sales of forest products; genera* [Reserved]

(b) *Non-sale disposals; general*—(1 *Unauthorized cutting of timber-mineral and non-mineral lands.* (i) The cutting or removing of the timber referred to in §§ 5511.1 to 5511.1-4 o this title in any other manner than that authorized by such sections will be considered a trespass.

(ii) The cutting of timber for sale and speculation, or for use by others than the permittee, is strictly prohibited.

(iii) Where permits are secured by fraud or timber is not used in accordance with § 5511.1-4 of this title, the

Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

(2) *Unauthorized cutting of timber—Alaska.* The cutting of the timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2 to 5511.2-6 of this title shall render the persons responsible for trespass and such persons may be prosecuted criminally under title 18 U.S.C., (see § 9265.5(d) of this title), or under State law.

Appendix—Table of Public Land Orders, 1942–1990

EDITORIAL NOTE: In the following table, PLO means Public Land Order and EO means Executive Order

[See footnotes at end of table.]

PLO No.	Signature Date	Subject Heading	FR Citation
1	June 20, 1942	California; withdrawing public lands for use of the War Department for campsite and maneuver purposes.	7 FR 4866
2	June 22, 1942	Arizona; withdrawing land for use in connection with the San Carlos Indian Irrigation Project.	7 FR 4805
3	June 23, 1942	California; withdrawing lands for use as sources of sand, water, etc., supply for Sierra Ordnance Depot. Amended by PLO No. 611 (14 FR 6334).	7 FR 4866-7
4	June 25, 1942	Florida; withdrawing lands for use as aerial gunnery range, War Department.	7 FR 4934
5	June 26, 1942	Alaska; withdrawing public lands for military purposes[1]	11 FR 6362-6370
6	June 26, 1942	Nevada; withdrawing public lands for War Department air base	7 FR 5281
7	June 29, 1942	New Mexico; withdrawing public lands for War Department air base. Modified by PLO No. 473 (13 FR 2542), as amended; and revoked by PLO No. 833 (17 FR 4822).	7 FR 5281
8	June 30, 1942	Arizona; withdrawing public lands for national defense purposes. Revoked by PLO No. 200 (9 FR 695-6).	7 FR 5281
9	July 3, 1942	New Mexico; withdrawing lands for War Department practice bombing range. Revoked by PLO No. 387 (12 FR 5461).	7 FR 5449
10	July 8, 1942	South Dakota; withdrawing public lands for War Department ordnance depot. Amended by PLO No. 674 (15 FR 6787).	7 FR 5449
11	July 8, 1942	Oregon; withdrawing public lands for use of War Department campsite. Revoked by PLO No. 467 (13 FR 2222).	7 FR 5575
12	July 20, 1942	Alaska; withdrawing public lands pending definite location and construction of Canadian-Alaskan military highway.	7 FR 5917
13	July 21, 1942	Colorado; withdrawing public lands for military purposes. Modified by PLO Nos. 418 (12 FR 6926) and 631 (15 FR 326) and revoked by PLO No. 2746 (27 FR 8119).	7 FR 5917
14	July 21, 1942	California; withdrawing public lands for Naval supply depot	7 FR 5917
15	July 21, 1942	Utah; withdrawing lands as ammunition storage depot for Chemical Warfare Service. Amended by PLO Nos. 452 (13 FR 1265) and 705 (16 FR 2441).	7 FR 5917-8
16	July 21, 1942	Arizona; withdrawing lands for War Department field artillery range	7 FR 5918
17	July 21, 1942	Alaska; air navigation site withdrawal No. 179. Amended by PLO No. 394 (12 FR 5731) and revoked by PLO No. 5553 (40 FR 58144).	12 FR 494
18	July 29, 1942	New Mexico; withdrawing public land for use of War Department practice bombing range.	7 FR 6230
19	Aug. 4, 1942	Alaska; enlarging Air Navigation Site withdrawal No. 149. Amended by PLO No. 394 (12 FR 5731).	12 FR 494
20	Aug. 4, 1942	Alaska; withdrawing public lands for use of the War Department for military purposes[1]. Revoked by PLO No. 1802 (24 FR 1464).	11 FR 6362-6370
21	Aug. 6, 1942	New Mexico; withdrawing public lands for practice bombing range for War Department. Revoked by PLO No. 389 (12 FR 5463).	7 FR 6376
22	Aug. 6, 1942	Arizona; withdrawing public lands for bombing range, War Department. Revoked by PLO No. 528 (13 FR 6977, 7432).	7 FR 6376
23	Aug. 7, 1942	Washington; withdrawing for Swift Creek Administrative site, in connection with Columbia National Forest. Revoked by PLO No. 1322 (21 FR 6365).	7 FR 6622

[See footnotes at end of table.]

PLO No.	Signature Date	Subject Heading	FR Citation
24	Aug. 11, 1942	Wyoming; withdrawing for military purposes. Revoked by PLO No. 600 (14 FR 4949).	7 FR 6500
25	Aug. 12, 1942	California; withdrawing public lands for defense training school for aircraft pilots. Revoked by PLO No. 600 (14 FR 4949).	7 FR 6607

INDEX

(AS OF OCTOBER 1, 1990)

TORIAL NOTE: This listing is provided for information purposes only. It is compiled and kept up-to-date by the Bureau of Land Management, Department of the Interior.

A

quired lands:
  - Mineral collection permits .... § 3560.7
  - Mineral leasing (coal only) .... Part 3400
  - Mineral leasing (oil and gas) .... § 3101.2-2
  - Mineral leasing (other than oil and gas, coal, oil shale, tar sand) .... Group 3500

uisitions (donations and purchases) .... Group 2100; Subtitle A Part 8
eage limitations (geothermal) .... § 3201.2
eage limitations (oil and gas) .... § 3101.2
ivity planning .... § 3420.3
udication, equitable .... § 1871.1
udication principles & procedures .... Subpart 1871
verse claims, mineral .... Part 3870
visory boards .... Subpart 1784
ports:
  - Airport and Airway Improvement Act .... Part 2640
  - Leases .... § 2911.0-3
  - Segregative effect of application .... § 2911.2-3, 2641.3

ska Native Selections .... Part 2650
  - Federal installations .... Subpart 2655
  - General .... Subpart 2650
  - Miscellaneous Selections .... Subpart 2653
  - Native Reserves .... Subpart 2654
  - Regional Selections .... Subpart 2652
  - Village Selections .... Subpart 2651

ska Public Sale Act .... Subpart 3822
otment:
  - Grazing allotment management plan .... § 4120.2
  - Indian allotments general .... Subpart 2530
  - Native allotments in Alaska .... Subpart 2561
  - Segregative effect of application (Alaska) .... § 2091.2-1

endment:
  - Resource management plans .... § 1610.5-5

iquities Act .... Subtitle A, Part 3
peals .... § 1840.1; Subtitle A, Part 4
  - Coal .... §§ 3410.3-2(g)(2), 3430.5-2, 3451.2(d), 3486.4
  - Geothermal .... § 3266.1
  - Oil and gas .... §§ 3101.7-3, 3165.4, 3120.1-3, 3000.4
  - Oil and gas units .... § 3185.1
  - Rights-of-way .... Subparts 2804 and 2884
  - Special recreation permits .... § 8372.6

plications:

Applications:—Continued

  General procedures .... Part 1820
  Geothermal Drilling .... § 3262.4
  Geothermal—unit agreement .... Subpart 3281
  Grazing—Alaska—Livestock .... § 4220.2
  Grazing—Alaska—Reindeer .... § 4320.1
  Grazing—Exclusive of Alaska .... § 4130.1
  Lands in more than one land district .... § 1821.5
  Minerals—Leases (coal) .... Group 3400
  Minerals—Leases (oil and gas) .... Group 3100
  Minerals—Leases (other than oil and gas, coal oil shale, tar sand) .... Group 3500
  Minerals—prospecting permits .... Group 3500
  Oil and gas drilling .... § 3162.3-1
  Oil and gas unit agreement .... Subpart 3181
  Oil and gas geophysical exploration—Alaska .... Subpart 3152
  Reinstatement of canceled entries .... Subpart 1826
  Repayments .... §§ 1822.2-1. 1822.3-4
  Rights-of-way .... Subparts 2802 and 2882
  Special recreation permit .... § 8372.2
  Notations .... § 1821.4
  Time limit for filing documents .... § 1821.2-2
Archaeological Resources Protection Act .... Subtitle A, Part 7
Areas:
  Critical environmental concern, areas of .... § 1610.7-2
  Designated national .... Subpart 8351
  Designation, areas and trails (off-road vehicles) .... Subpart 8342
  Developed sites and rules of conduct .... § 8365
  Established .... Subpart 8352
  Management .... Part 8350
  Outstanding natural .... § 8352
  Primitive .... § 8352
  Research natural .... Subpart 8223
  Scenic .... § 8352.0-6(b)
  Use authorizations .... Part 8370
  Unsuitable for surface mining .... § 1610.7-1
  Wilderness .... Part 8560
Arkansas—erroneously meandered lands .... Subpart 2543
Asphalt in Oklahoma .... Part 3570
Asphalt leases .... Part 3570
Assessments work—annual filings .... Part 3833
Assignments and/or transfers:
  Coal .... § 3453
  Geothermal .... § 3241
  Grazing preference .... § 4110.2-3
  Mining claims .... § 3833.3
  Oil and gas .... § 3106, 3135
  Other minerals .... § 3506
  Reclamation homesteads .... § 2515
  Rights-of-way .... § 2803
  Small Tract Act .... § 2913
Authority to bind government .... § 1810.3
Authorizations .... Part 8370
Availability of official records .... Subtitle A, Part 2

B

Bonds:
  Coal leases .... Subparts 3453, 3474
  General .... Subpart 1822
  Geothermal .... Subpart 3206
  Geothermal units .... Subpart 3284

Bonds:—Continued

  Leases and prospecting permits for minerals (other than coal and oil and gas) .... Subpart 3504
  Nationwide .... § 3504.1-3
  Oil and gas exploration .... Subpart 3154
  Oil and gas leasing .... Subparts 3104, 3106, 3134
  Oil and gas units .... § 3184.1
  Rights-of-way .... §§ 2803.1-4, 2883.1-3
  Special recreation permits .... § 8372.5
  Statewide .... § 3504.1-5
Bore holes and sample requirements (solid minerals other than coal) .... Subpart 3593
Burros, wild free-roaming .... Part 4700

C

Cabin sites .... Subtitle A, Part 2
Cadastral survey .... Part 9180
California: Reserved minerals in patented lands .... Subpart 3584
Canceled entries, reinstatement of .... Subpart 1826
Carey Act grants .... Part 2610
Casual use:
  Mining .... §§ 3802.1-2, 3809.1-2
  Oil and gas exploration .... § 3150.0-5(b)
  Rights-of-way .... Part 2800
Cemeteries .... Part 2750
Certified mail .... § 1821.2-4
Classification, land:
  Criteria and procedures .... Group 2400
  Policies and programs 1720
  Segregative effect .... § 2091
Closures .... Subpart 8364
Coal lands:
  Fissionable source materials .... Part 3720
  Nonmineral entries .... §§ 2093.2, 2511.4-4
Coal leases:
  Applications for .... Subpart 3425
  Assignments .... Subpart 3453
  Bonds .... Subpart 3474
  Exchanges .... Subparts: 3435, 3436
  Fees, rentals, royalties .... Subparts 3453, 3473, 3484
  Lease terms .... Subpart 3475
  Modifications .... Subpart 3432
  Negotiated sales and rights-of-way .... Subpart 3431
  Qualification requirements .... Subpart 3472
  Readjustments .... Subpart 3451
  Relinquishment, cancellation and termination .... Subpart 3452
Coal leasing:
  Competitive leasing .... Subpart 3420
  General .... Group 3400
  Preference right leases .... Subpart 3430
  Special leasing opportunities .... § 3420.1-3
  Split estate leasing .... Subpart 3427, § 3400.0-5(kk)
Coal management (General) .... Group 3400
Coal exploration and mining operation rules .... Part 3480
Coal related planning:
  Hearings (plans involving potential leasing) .... § 1610.2(k)
  Land use analysis .... § 1610.5-7
  Process (resource management planning) .... Part 1600
  Surface owner consultation .... § 1610.2(j)
  Unsuitability criteria .... § 3461.5
  Unsuitability designation .... § 1610.7-1
Coal trespass .... § 3430.7, 9239.5-3

- Color-of-Title .... Part 2540
- Common varieties:
  - General .... Subpart 3711
  - Disposal of .... Part 3600
- Communication sites and lines, rights-of-way for .... Part 2800
- Community pits and common use areas .... Subpart 3604
- Confidentiality, coal .... §§ 3410.4(b), 3420.1-2(b), 3422.1(a), 3453.2-2(g), 3481.3
- Conformity (planning process) .... §1610.5-3
- Conditions of use—off-road vehicles .... Subpart 8341
- Consistency requirements (planning process) .... §1610.3-2
- Construction, rules of (words & phrases) .... § 1810.1
- Consultation, cooperation:
  - Attorney general .... §§ 3420.5-5, 3422.3-4, 3435.3-7
  - Indian tribes .... §§ 1610.3-1, 3400.3-4, 3420.2-6, 3420.5-4
  - State .... §§ 1610.3-1, 3400.4, 3420.2-6, 3420.5-3, 3434.3-6
  - Surface management agency .... §§ 3400.3-1, 3410.25, 3420.2-5
  - Surface owner .... §§ 1610.2(j), 3420.6
- Contributions .... Part 2110
- Conveyance—Federally owned mineral interests .... Part 2720
- Conveyancing documents .... Part 1860
  - Correction of .... Subpart 1865
- Cooperative relations .... Part 1780
- Coordination (planning process) .... § 1610.3-1
- Corridors, right-of-way .... Subpart 2806
- Court, production of records in .... § 1813.3
- Cultural resource management .... Group 8100

D

- Decision review by Congress (planning) .... § 1610.6
- Desert Land Act .... Subpart 2520
  - Segregation .... § 2091.4-1
- Designation:
  - Areas of Critical Environmental Concern .... § 1610.7-2
  - Areas unsuitable for surface mining .... § 1610.7-1
  - Areas and sites .... Part 2070
  - Management areas .... Part 8350
  - National areas .... Subpart 8351
  - Off-road vehicle areas and trails .... Subpart 8342
  - Right-of-way corridors .... Subpart 2806
  - Wilderness Areas .... Part 8560
- Development contracts (hardrock minerals) .... Subpart 3567
- Diligence requirements (coal) .... Subpart 3483
- Disaster relief .... Subpart 1815
- Disclaimers of interest, recordable .... Subpart 1864
- Disposal:
  - Classifications .... Part 2430
  - Mineral materials .... Part 3600
  - Programs and objectives .... Part 1720
- Dispositions—sales of mineral interests .... Part 2720
- District Advisory Boards .... § 1784.7
- Donations .... Part 2110
- Drainage .... § 3100.2
- Drilling and producing obligation:
  - Geothermal .... § 3262.3
  - Oil and gas .... § 3162.2

E

Electric power generation, transmission, and distribution - rights-of-way .... Part 2800
Emergency noncompetive sale of mineral materials .... § 3610.2-1(d)
Employees—interest in lands .... § 20.735-22
Employees, testimony of .... Subtitle A, Part 2
Enclosures, unlawful .... § 9239.2
Engineering .... Group 9100
Environmental considerations:
  Cultural resources .... § 3410.2-3
  Oil and gas operations .... § 3162.5
  Planning .... §§ 1601.0-6, 1610.4-6, 1610.4-7, 1610.4-8, 1610.5-5, 1610.8
  Policy .... § 2725.3-2
  Surface management and protection .... Subpart 3462
  Threatened and endangered species .... § 3410.2-4
  Unsuitability for coal mining .... Subpart 3461
Equitable adjudication .... § 1871.1
Erroneously meandered lands:
  Arkansas .... Subpart 2543
  Louisiana .... Subpart 2544
  Wisconsin .... Subpart 2545
Errors in patents .... Subpart 1865
Established areas .... Subpart 8352
Excavation of archaeological resources .... Subtitle A, Part 7
Exchanges .... Group 2200; Group 3100; Group 3500
  Coal lease .... Subpart 3435
  Coal lease (alluvial valley) .... Subpart 3436
  General .... Part 2200
  Migratory bird or other wildlife refuges .... Part 2250
  Mineral leases .... § 3107.7, Subpart 3526
  Fee Federal coal deposits .... Subpart 2203
  National Conservation Area .... Subpart 2274
  National forests .... Subpart 2202
  National parks and monuments .... Part 2240
  National Trail System .... Subpart 2273
  National Wild and Scenic Rivers .... Subpart 2273
  Reservations or holdings (Indian) .... Subpart 2271
  Reclamation .... Subpart 2272
  Wildlife refuge exchanges .... Part 2250
xploration and resource recovery and protection plans (coal) .... Subpart 3482
xploration licenses:
  Coal .... Subpart 3410
  Gilsonite .... Subpart 3554
  Phosphate .... Subpart 3514
  Potassium .... Subpart 3534
  Sodium .... Subpart 3524
ploration, notices of intent (oil and gas) .... § 3151.1
ploration permits (oil and gas—Alaska) .... Subpart 3152
ploration plans (solid minerals other than coal) .... Subpart 3592

F

deral Power Act .... Subpart 2320
es:
  Alaska, livestock grazing .... § 4220.4
  Alaska, reindeer .... § 4320.2
  Coal .... § 3473.2
  Exclusive of Alaska, livestock grazing .... § 4130.7
  Mineral leases, filing fee .... Subpart 3503

Fees:—Continued

- Mineral prospecting permits, filing fee .... Subpart 3503
- Remittance of .... § 1822.1-2
- Special recreation permits .... § 8372.4

Filing:
- Competitive oil and gas nominations .... § 3120.3-2
- General .... Subpart 1821
- Time limit applications .... § 1821.2-2
- Townships plats .... § 1813.1-2
- Transfers (geothermal) .... § 3241.2
- Transfers (oil and gas) .... § 3106.3, 3135.1-2

Final proof—general .... Subpart 1823
Financial assistance, local government .... Part 1880
Fire management .... Part 9210
- Wildfire prevention .... Subpart 9212

Fish and Wildlife, preservation, use and management .... Subtitle A, Part 24
Fissionable source materials .... Subpart 3746
Flathead Irrigation District, Montana .... § 2515.8
Forest management .... Group 5000
Forest nonsale disposals .... Group 5500
Forest product disposal .... Group 5400
Fractional or future interest leases and permits ....
- Oil and gas .... § 3110.9
- Solid minerals (other than coal and oil shale) .... Subpart 3507

Freedom of Information Act .... Subtitle A, Part 2
Free use .... Part 3620
- Grazing—Alaska—livestock .... § 4220.6
- Grazing—Exclusive of Alaska .... § 4130.3
- Mineral materials .... Part 3620
- Timber .... Subpart 5510

Fur farms Alaska .... Subpart 2916
Future interest (geothermal) .... Subpart 3207
Future interest (oil and gas) .... §§ 3110.9, 3120.7

G

General Allotment Act of February 8, 1887 .... Subpart 2530
General obligations of lessees, operators, and permittees:
- Coal .... Subpart 3481
- Solid minerals other than coal .... Subpart 3591

Geophysical exploration (oil and gas) .... Subpart 3150
Geothermal resources:
- Available lands; limitations; unit agreements .... Subpart 3201
- Competitive leasing .... Part 3220
- Cooperative conservation provisions .... Subpart 3243
- Exploration operations .... Subpart 3209
- General .... Subpart 3200
- Lease bonds .... Subpart 3206
- Leasing terms .... Subpart 3203
- Noncompetitive leasing .... Subpart 3210
- Operations .... Part 3260
- Production and use of byproducts .... Subpart 3242
- Qualifications of lessees .... Subpart 3202
- Rules governing leases .... Part 3240
- Service charges, rentals and royalties .... Subpart 3205
- Surface management requirements .... Subpart 3204
- Terminations and expirations .... Subpart 3244
- Transfers .... Subpart 3241
- Unit agreements .... Part 3280
- Utilization—power plant sites .... Subpart 3250

Gifts of property .... Part 2110
"Gilsonite" leases .... Part 3550
Gold and silver, private land grants .... Subpart 3581

Grants to States	Part 2620
Grants, Carey Act	Part 2610
Grazing:	
Administration—Alaska—livestock	Part 4200
Administration—Alaska—reindeer	Part 4300
Administration—Exclusive of Alaska	Part 4100
Administrative remedies—Exclusive of Alaska	Subpart 4160
Allotments	§ 4110.2-4
Appeals—Exclusive of Alaska	§ 4160.4
Applications—Alaska—livestock	§ 4220.2
Applications—Alaska—reindeer	§ 4320.1
Applications—Exclusive of Alaska	§ 4130.1
Authorization	Subpart 4130
Decisions—Exclusive of Alaska	Subpart 4160
Fees	§ 4130.7
Hearings—Alaska—livestock	§ 4240.2
Hearings—Exclusive of Alaska	Subtitle A, Part 4
Leases—Alaska—livestock	Part 4200
Leases—Exclusive of Alaska	Part 4130
Management	Subpart 4120
Penalties	Subpart 4170
Permits—Alaska—reindeer	Part 4300
Permits—Exclusive of Alaska	Part 4100
Preference	Subpart 4110
Prohibited acts	Subpart 4140
Protests—Alaska—livestock	§ 4240.1
Protests—Alaska—reindeer	§ 4330.1
Protests—Exclusive of Alaska	§ 4160.2
Qualifications and preference	Subpart 4110
Trespass—Alaska—livestock	§ 4210.4, 9239.3
Trespass—Alaska—reindeer	Subpart 4340, § 9239.3
Unauthorized grazing use—Exclusive of Alaska	Subpart 4150

H

Hardrock minerals, leases and permits	Part 3560
Headquarters sites, Alaska	§ 2563.0-3(a)
Hearing procedures	Part 1850
Hearings:	
General	Subtitle A, Part 4
Grazing—Alaska—livestock	§ 4240.2
Grazing—exclusive of Alaska	§ 4160.4; Subtitle A, Part 4
Mining claims	Subparts 1850, 3713, 3870
Multiple mineral development	Subpart 3743
Oil and gas penalties	§ 3163.2
Plan involving potential coal leasing	§ 1610.2(k)
Helium:	
Conservation	Subtitle A, Part 16
General	Subpart 3745
Ownership and rights	§ 3100.1
Reserves	§ 3101.1
Horses, wild free-roaming	Part 4700

I

Indemnity selections, State	Subpart 2621
Indian allotments:	
General	Subpart 2530
Segregative effect	§ 2531.3
Indian land:	
Exchanges	Subpart 2271
Oil and gas lease operations	Subpart 3160
Inspections, enforcement, and appeals:	

Inspections, enforcement, and appeals:—Continued

  - Coal ..... Subparts 3465 and 3486
  - Oil and gas lease sites ..... § 3161.3
  - Solid minerals other than coal ..... Part 3590
- Inventory and information (planning) ..... § 1610.4-3

K

- King Range National Conservation Area:
  - Acquisition of lands ..... Subpart 2130
  - Condemnation ..... Subpart 2137
  - Exchanges ..... Subpart 2274
  - Gifts ..... § 2110.0-3(c)
  - Special mining laws ..... Subpart 3827

L

- Laches ..... § 1810.3
- Land classification ..... Group 2400
- Land disposal policy ..... § 1725.2
- Land use analysis ..... § 1610.5-7
- Land use permits ..... Part 2920
- Land use planning:
  - Coal related ..... § 3420.1-4
  - General (resource management) ..... Part 1600
- Late payment or underpayment of charges (solid minerals other than coal) ..... Part 3590
- Leases:
  - Acquired lands minerals (coal only) ..... § 3400.2(c)
  - Acquired lands (oil and gas) ..... §§ 3101.2-2, 3110.5-3
  - Acquired lands minerals (other than oil and gas, coal, and oil shale) ..... § 3501.1-2
  - Airports and aviation fields ..... Subpart 2911
  - Asphalt ..... Part 3570
  - Cancellations:
    - Coal ..... Subpart 3452
    - Geothermal ..... § 3244.3
    - Oil and gas ..... §§ 3108.2, 3136.3
  - Coal ..... Group 3400
  - Extensions:
    - Coal ..... Subpart 3451
    - Geothermal ..... § 3203.1
    - Oil and gas ..... §§ 3105, 3135
    - Other minerals ..... § 3506.7
  - Filing fees, minerals ..... § 3503.1
  - Fur farms, Alaska ..... Subpart 2916
  - General, Pierce Act, grazing ..... Subpart 2120
  - General ..... Part 2920
  - Geothermal ..... Part 3200
  - Gilsonite ..... Part 3550
  - Grazing—Alaska—livestock ..... Part 4200
  - Grazing—Exclusive of Alaska ..... Subpart 4130
  - Hardrock minerals ..... Part 3560
  - Mineral Leasing Act (1920) ..... Part 3100, 3400, 3500
  - Oil and gas ..... Part 3100
    - Competitive leases ..... Subpart 3120
    - General ..... Subpart 3100
    - National Petroleum Reserve—Alaska ..... Subpart 3130
    - Noncompetitive leases ..... Subpart 3110
  - Permits and easements ..... Subpart 2920
  - Phosphate ..... Part 3510
  - Potassium ..... Part 3530

Extensions:—Continued

- Public domain lands, minerals ..... § 3501.1-1, Subpart 3101
- Recreation and public purposes ..... Subpart 2912
- Relinquishments, minerals ..... Subparts 3108, 3244, 3509
- Rentals, minerals ..... §§ 3103.2, 3205.3, Subpart 3503
- Reorganization plan #3 minerals ..... § 3500.1-1
- Royalty reductions, coal ..... Subpart 3485
- Sodium ..... Part 3520
- Sulphur ..... Part 3540
- Suspensions, coal ..... Subparts 3473 and 3483
- Special leasing areas ..... Part 3580
- Tar sand ..... Part 3140
- Terminations and cancellations, coal ..... Subpart 3452
- Terminations and cancellations, geothermal ..... Subpart 3244
- Terminations and cancellations, mineral ..... Subpart 3509
- Terminations and cancellations, oil and gas ..... Subpart 3108

Licenses:
- Coal mining ..... Subparts 3400, 3440, § 3400.0-5(l), § 3400.0-5(u)
- Coal exploration ..... Subpart 3410

Location:
- Mining location:
  - General ..... Group 3800
  - In powersite withdrawals ..... Subpart 3730
  - In reclamation withdrawals ..... Subpart 3816
- Multiple mineral development ..... Subpart 3740
- Source material in coal lands ..... Part 3720

Lode claims:
- General ..... Subparts 3841, 3862

Logging roads, rights-of-way for ..... Part 2810

Logical mining unit (coal) ..... Subpart 3487

Louisiana, erroneously meandered lands in ..... Subpart 2544

M

Mail:
- Communications ..... § 1810.2
- Certified or registered mail ..... § 1821.2-4

Management areas, recreation ..... Part 8350

Management of designated wilderness areas ..... Part 8560

Maps and plans requirements (coal) ..... Subpart 3482

Maps and plans requirements (solid minerals other than coal) ..... Subpart 3592

Material trespass ..... § 9239.6

Milling and mining waste (solid minerals other than coal) ..... Subpart 3596

Millsites:
- General ..... Subparts 3844, 3864
- In powersite withdrawals ..... Subpart 3737

Mineral collection permits—acquired lands uses ..... Subpart 3560.7

Mineral development impact relief ..... Subpart 1882

Mineral development, multiple ..... Part 3740; § 3500.6

Mineral lands:
- Entries ..... § 2093.3
- Review for designation as unsuitable for entry or leasing ..... § 1610.7-1
- State grants ..... Subpart 2623

Mineral Leasing:
- Acquired lands ..... §§ 3101.2-2; 3500.0-3(a)(2)
- Coal ..... Group 3400
- Geothermal resources ..... Part 3200
- Recreation areas and public purpose lands ..... § 3101.6
- Military service ..... § 2096.[illegible]-8

Mineral Leasing:—Continued

  Public domain lands .... §§ 3101.2-1, 3500.0-3(a)(1)
  Oil and gas.......... Parts 3100, 3130
  Solid minerals.......... Group 3500
  Special leasing areas.......... Part 3580
Mineral Leasing Act of 1920:
  Coal.......... § 3400.0-3(a)(1)
  General .... Part 3100
  Rights-of-way for pipelines, oil and gas.......... Parts 2880, 3109
  National forest lands in Minnesota .... § 3500.0-3(b)(3)
  Oil and gas.......... Subpart 3000
  Surface protection .... Subtitle A, Part 23
Minerals other than oil and gas and coal, oil shale and
  Tar sands .... Group 3500
  Reorganization Plan #3 .... § 3500.0-3(b)
  Rights-of-way.......... Part 2800
Mineral materials .... Part 3600
Mineral surveyors:
  Appointment and employment.......... § 3861.5
  Contracts .... § 3861.4
  Duties .... § 3861.3-1
  Reports .... § 3861.2-3
Mineral trespass.......... § 9239.5
Minerals, disposal of reserved:
  General .... § 3813.2
  Act of July 17, 1914.......... Subpart 3813
  Stockraising Homestead Act .... Subpart 3814
Minerals—nonmineral entries on mineral lands .... Subpart 2093
Mining claims:
  Access to .... § 3809.3-3
  Adverse claims.......... Subpart 3871
  Areas subject to special mining laws .... Part 3820
  Assessment work .... Part 3850, § 3833.2
  Casual use.......... §§ 3802.1-2, 3809.1-2
  Contests .... Subpart 3872
  Describing locations .... § 3841.4
  Discovery .... § 3841.3
  General .... Group 3800
  Hearings.......... Subparts 1850, 3713, 3870
  Lands in more than one land district .... § 1821.5
  Lode claim patent application .... Subpart 3862
  Lode claims.......... Subpart 3841
  Millsite patents.......... Subpart 3864
  Millsites .... Subpart 3844
  Mineral patent applications.......... Part 3860
  Mining laws of 1872 .... Group 3800
  National Park Service Areas .... Subpart 3826
  Nature and classes .... Part 3840
  Notice .... § 3809.1-3
  O and C lands .... Subpart 3821
  Placer claim patent applications.......... Subpart 3863
  Placer claims.......... Subpart 3842
  Plan of operations.......... §§ 3802.1, 3809.1-4
  Possessory rights.......... § 3862.3
  Posting of claim.......... § 3861.7
  Protests.......... Subpart 3872
  Recordation.......... Subpart 3833
  Stock driveway withdrawals .... Subpart 3815
  Surface management.......... Subpart 3809
  Surveys and plats.......... Subpart 3861
  Tunnel sites.......... Subpart 3843
  Wilderness Review Program (exploration and mining).......... Subpart 3802
Mining methods (coal).......... §§ 3481.1, 3482.1

Mining Methods (solid minerals other than coal) .... Part 3590
Minnesota: National Forest Lands .... § 3500.0-3(b)(3)
Motion pictures .... Subtitle A, Part 5
Motor vehicles, off road vehicle standards .... § 8343.1
Motor vehicles, developed sites and areas .... Subpart 8365

N

Names of claimants .... § 1821.1
National Advisory Boards .... § 1784.5
National Park Service areas .... Subpart 3582
National Petroleum Reserve—Alaska (oil and gas) .... Part 3130
National Recreation Areas:
    Whiskeytown-Shasta-Trinity .... § 3109.3, Subpart 3583, § 3500.0-3(c)(4)
National Rivers .... § 8351.2
National Trails .... § 8351.1
National Wilderness Preservation System .... Subtitle A, Part 19

    Mining .... Subpart 3821
    Recreation .... Group 8000
    Rights-of-way .... Subpart 2812
    Timber sales .... § 5400.0-3
    Trespass .... § 9239.7-1
Oaths .... § 1821.3
Occupancy:
    Cabin sites .... Subtitle A, Part 21
    Unlawful .... § 9239.2
Off-road vehicles .... Part 8340
Office hours of offices .... § 1821.2-1
Officers—authority to bind government .... § 1810.3
Official records, availability of .... Subtitle A, Part 2
Oil and Gas:
    Accreted lands .... § 3110.5-4
    Combined hydrocarbon leases .... Part 3140
    Competitive leases .... Subpart 3120
    Drilling applications .... § 3162.3-1
    General .... Group 3100
    Free use of timber .... § 5511.1-4
    Issuance of leases .... Subpart 3101, 3132
    National Petroleum Reserve—Alaska .... Subpart 3130
    Noncompetitive leases .... Subpart 3110
    Noncompliance and assessments .... Subpart 3163
    Onshore oil and gas orders .... § 3164.1

Oil and Gas:—Continued

- Operations ... Part 3160
- Oral auction ... § 3120.5
- Pipelines, rights-of-way for (onshore) ... Part 2800
- Qualification of leasees ... Subpart 3102
- Rights-of-way leases ... § 3109.1
- Transfers ... Subpart 3106
- Unit agreements ... Subpart 3105, 3180

Oil trespass ... § 9239.5-2
Oklahoma:
- Asphalt leases ... Part 3570

Omitted lands:
- General ... Subpart 2547
- Recreation and Public Purposes Act ... Subpart 2742
- Snake River, Idaho ... Subpart 2546
- Surveys ... §§ 9185.2-2, 9185.2-3

Opening orders ... Part 2091
Operations under mineral leases:
- Coal ... Part 3480
- Geothermal ... Part 3260
- Oil and gas ... Part 3160
- Solid minerals other than coal ... Part 3590

Outdoor recreation ... Group 8000
Outstanding natural areas ... Subpart 8352

P

Patents:
- Content ... § 1862.1
- Delivery ... § 1862.2
- Errors, correction ... Subpart 1865
- Preparation and issuance ... Subpart 1862
- Suits to vacate and annul ... § 1862.5
- Two-year rule ... § 1862.6

Payments and repayments ... Subpart 1822
Payments in lieu of taxes ... Subpart 1881
Performance standards ... Subpart 3484
Permits:
- Archaeological resources ... Subtitle A, Part 7
- Coal ... § 3400.0-5(dd)
- Free use, mineral materials ... Part 3620
- General ... Part 2920
- Geophysical exploration (oil and gas) ... Subpart 3150
- Gilsonite ... Subpart 3552
- Grazing (Alaska reindeer) ... Part 4300
- Grazing (exclusive of Alaska) ... Subpart 4130
- Hardrock minerals ... Part 3562
- Off-road vehicles ... Subpart 8344
- Oil and gas (Alaska) ... § 3152.1
- Oil and gas (drilling) ... § 3162.3-1
- Phosphate ... § 3512
- Potassium ... Part 3530, Subpart 3532
- Range Improvement ... § 4120.3-3
- Recreation rules of conduct ... Subpart 8365
- Recreation use (undeveloped sites) ... § 8372.1
- Rights-of-way ... Parts 2800 and 2880
- Sodium ... Subparts 3522, 3527
- Special areas ... § 8372.1-2
- Sulphur ... Subpart 3542
- Temporary use ... Parts 2800 and 2880
- Timber ... Part 5510

Petition—applications for classification ... Part 2450
Petition—reinstatements ... § 3108.2

- Petrified wood ... Subpart 3622
- Phosphate leases and permits ... Subparts 3511, 3512
- Pierce Act ... Subpart 2120
- Pipelines onshore, rights-of-way for ... Parts 2800 and 2880
- Placer claims ... Subparts 3842, 3863
- Planning analysis ... § 1610.8(b)
- Planning, programming and budgeting ... Part 1600
  - Guidance (resource management planning) ... § 1610.1
  - Process (resource management planning) ... § 1610.4
  - Public participation ... § 1610.2

- In court ..... § 1813.3

Recreation:

- Closures and restrictions ..... Subpart 8364
- General ..... Subpart 8000
- Lands ..... Part 8350
- Management ..... Group 8300
- Programs ..... Subchapter H, Group 8000
- Rules of conduct ..... Subpart 8365
- Use authorizations ..... Part 8370
- Visitor services ..... Part 8360
- Wilderness areas ..... Part 8560

Recreation and public purposes:

- General ..... Part 2740
- Leases ..... Subpart 2912
- Omitted lands and unsurveyed islands ..... Subpart 2742
- Segregative effect ..... § 2091.7-1, 2741.5

Register, serial ..... § 1813.2
Registered mail, use of ..... § 1821.2-4
Reindeer grazing:

- Permits ..... Part 4300
- Segregative effect ..... § 2091.6-2, 4310.5
- Trespass ..... Subpart 4340

Reimbursement of costs (rights-of-way) ..... §§ 2808.1, 2883.1-1
Reinstatement of canceled entries ..... Subpart 1826
Reinstatement of oil and gas leases 3108.2
Related facilities - oil and gas pipelines ..... Part 2880
Reliance upon information of opinion of officer ..... § 1810.3(c)
Relinquishments:

- Coal leases ..... Subpart 3452
- General ..... Subpart 1825
- Minerals, leases (except coal, oil shale, and oil and gas) ..... Subpart 3509
- Minerals, leases (oil and gas) ..... Subpart 3108, § 3136.1
- Minerals, prospecting permits ..... § 3509.1-1

Remittances ..... § 1822.1-2
Removal of archaeological resources ..... Subtitle A, Part 7
Rentals and royalties:

- Coal ..... § 3473
- Solid minerals other than coal and oil shale ..... Subpart 3503
- Geothermal ..... § 3205

Rentals and royalties:—Continued

- Oil and gas ... §§ 3103, 3133
- Rights-of-way ... § 2803.1-2

Repayments ... Subpart 1822

Reports, royalties, and records:

- Coal ... Subpart 3485
- Solid minerals other than coal ... Part 3590

Research natural areas ... Subpart 8223

Reserved minerals, disposal of:

- Act of July 17, 1914 ... Subpart 3813
- Act of September 14, 1960 (Alaska) ... § 2627.3
- Stockraising Homestead Act ... Subpart 3814

Reservoirs, ditches and canals, rights-of-way ... Part 2800

Resource management plan ... § 1610.0-5(k)

Resource management planning:

- Amendments ... § 1610.5-5
- Approval and administrative review ... § 1610.5-1
- Conformity ... § 1610.5-3
- Consistency ... § 1610.3-2
- Coordination ... § 1601.3-1
- Decision review by Congress ... § 1610.6
- Designation of areas ... § 1610.7

  Restorations and revocations .... Subpart 2370

Table of CFR Titles and Chapters

(Revised as of September 14, 1990)

Title 1—General Provisions

I Administrative Committee of the Federal Register (Parts 1—49)

II Office of the Federal Register (Parts 50—299)

III Administrative Conference of the United States (Parts 300—399)

IV Miscellaneous Agencies (Parts 400—500)

Title 2—[Reserved]

Title 3—The President

I Executive Office of the President (Parts 100—199)

Title 4—Accounts

I General Accounting Office (Parts 1—99)

II Federal Claims Collection Standards (General Accounting Office—Department of Justice) (Parts 100—299)

III General Accounting Office (CASB) (Parts 300—499)

Title 5—Administrative Personnel

I Office of Personnel Management (Parts 1—1199)

II Merit Systems Protection Board (Parts 1200—1299)

III Office of Management and Budget (Parts 1300—1399)

IV Advisory Committee on Federal Pay (Parts 1400—1499)

V The International Organizations Employees Loyalty Board (Parts 1500—1599)

VI Federal Retirement Thrift Investment Board (Parts 1600—1699)

VII Advisory Commission on Intergovernmental Relations (Parts 1700—1799)

VIII Office of Special Council (Parts 1800—1899)

IX Appalachian Regional Commission (Parts 1900—1999)

XI United States Soldiers' and Airmen's Home (Parts 2100—2199)

XIV Federal Labor Relations Authority, General Counsel of the Federal Labor Relations Authority and Federal Service Impasses Panel (Parts 2400—2499)

Title 5—Administrative Personnel—Continued

Chap.	
XV	Office of Administration, Executive Office of the President (Parts 2500—2599)
XVI	Office of Government Ethics (Parts 2600—2699)

Title 6—[Reserved]

Title 7—Agriculture

Chap.	
	Subtitle A—Office of the Secretary of Agriculture (Parts 0—26)
	Subtitle B—Regulations of the Department of Agriculture
I	Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture (Parts 27—209)
II	Food and Nutrition Service, Department of Agriculture (Parts 210—299)
III	Animal and Plant Health Inspection Service, Department of Agriculture (Parts 300—399)
IV	Federal Crop Insurance Corporation, Department of Agriculture (Parts 400—499)
V	Agricultural Research Service, Department of Agriculture (Parts 500—599)
VI	Soil Conservation Service, Department of Agriculture (Parts 600—699)
VII	Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture (Parts 700—799)
VIII	Federal Grain Inspection Service, Department of Agriculture (Parts 800—899)
IX	Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture (Parts 900—999)
X	Agricultural Marketing Service (Marketing Agreements and Orders; Milk), Department of Agriculture (Parts 1000—1199)
XI	Agricultural Marketing Service (Marketing Agreements and Orders; Miscellaneous Commodities), Department of Agriculture (Parts 1200—1299)
XIV	Commodity Credit Corporation, Department of Agriculture (Parts 1400—1499)
XV	Foreign Agricultural Service, Department of Agriculture (Parts 1500—1599)
XVI	Rural Telephone Bank, Department of Agriculture (Parts 1600—1699)
XVII	Rural Electrification Administration, Department of Agriculture (Parts 1700—1799)
XVIII	Farmers Home Administration, Department of Agriculture (Parts 1800—2099)
XXI	Foreign Economic Development Service, Department of Agriculture (Parts 2100—2199)
XXII	Office of International Cooperation and Development, Department of Agriculture (Parts 2200—2299)

Title 7—Agriculture—Continued

Chap.	
XXIV	Board of Contract Appeals, Department of Agriculture (Parts 2400—2499)
XXV	Office of the General Sales Manager, Department of Agriculture (Parts 2500—2599)
XXVI	Office of Inspector General, Department of Agriculture (Parts 2600—2699)
XXVII	Office of Information Resources Management, Department of Agriculture (Parts 2700—2799)
XXVIII	Office of Operations, Department of Agriculture (Parts 2800—2899)
XXIX	Office of Energy, Department of Agriculture (Parts 2900—2999)
XXX	Office of Finance and Management, Department of Agriculture (Parts 3000—3099)
XXXI	Office of Environmental Quality, Department of Agriculture (Parts 3100—3199)
XXXII	Office of Grants and Program Systems, Department of Agriculture (Parts 3200—3299)
XXXIII	Office of Transportation, Department of Agriculture (Parts 3300—3399)
XXXIV	Cooperative State Research Service, Department of Agriculture (Parts 3400—3499)
XXXVI	National Agricultural Statistics Service, Department of Agriculture (Parts 3600—3699)
XXXVII	Economic Research Service, Department of Agriculture (Parts 3700—3799)
XXXVIII	World Agricultural Outlook Board, Department of Agriculture (Parts 3800—3899)
XXXIX	Economic Analysis Staff, Department of Agriculture (Parts 3900—3999)
XL	Economics Management Staff, Department of Agriculture (Parts 4000—4099)
XLI	National Agricultural Library, Department of Agriculture (Part 4100)

Title 8—Aliens and Nationality

I	Immigration and Naturalization Service, Department of Justice (Parts 1—499)

Title 9—Animals and Animal Products

I	Animal and Plant Health Inspection Service, Department of Agriculture (Parts 1—199)
II	Packers and Stockyards Administration, Department of Agriculture (Parts 200—299)
III	Food Safety and Inspection Service, Meat and Poultry Inspection, Department of Agriculture (Parts 300—399)

Title 10—Energy

Chap.	
I	Nuclear Regulatory Commission (Parts 0—199)
II	Department of Energy (Parts 200—699)
III	Department of Energy (Parts 700—999)
X	Department of Energy (General Provisions) (Parts 1000—1099)
XV	Office of the Federal Inspector for the Alaska Natural Gas Transportation System (Parts 1500—1599)

Title 11—Federal Elections

I	Federal Election Commission (Parts 1—9099)

Title 12—Banks and Banking

I	Comptroller of the Currency, Department of the Treasury (Parts 1—199)
II	Federal Reserve System (Parts 200—299)
III	Federal Deposit Insurance Corporation (Parts 300—399)
IV	Export-Import Bank of the United States (Parts 400—499)
V	Office of Thrift Supervision, Department of the Treasury (Parts 500—599)
VI	Farm Credit Administration (Parts 600—699)
VII	National Credit Union Administration (Parts 700—799)
VIII	Federal Financing Bank (Parts 800—899)
IX	Federal Housing Finance Board (Parts 900—999)
XI	Federal Financial Institutions Examination Council (Parts 1100—1199)
XIII	Farm Credit System Assistance Board (Parts 1300—1399)
XIV	Farm Credit System Insurance Corporation
XV	Oversight Board (Parts 1500—1599)
XVI	Resolution Trust Corporation (Parts 1600—1699)

Title 13—Business Credit and Assistance

I	Small Business Administration (Parts 1—199)
III	Economic Development Administration, Department of Commerce (Parts 300—399)

Title 14—Aeronautics and Space

I	Federal Aviation Administration, Department of Transportation (Parts 1—199)
II	Office of the Secretary, Department of Transportation (Aviation Proceedings) (Parts 200—399)
III	Office of Commercial Space Transportation, Department of Transportation (Parts 400—499)
V	National Aeronautics and Space Administration (Parts 1200—1299)

Title 15—Commerce and Foreign Trade

Chap.	
	SUBTITLE A—Office of the Secretary of Commerce (Parts 0—29)
	SUBTITLE B—Regulations Relating to Commerce and Foreign Trade
I	Bureau of the Census, Department of Commerce (Parts 30—199)
II	National Institute of Standards and Technology, Department of Commerce (Parts 200—299)
III	International Trade Administration, Department of Commerce (Parts 300—399)
IV	Foreign-Trade Zones Board (Parts 400—499)
VII	Bureau of Export Administration, Department of Commerce (Parts 700—799)
VIII	Bureau of Economic Analysis, Department of Commerce (Parts 800—899)
IX	National Oceanic and Atmospheric Administration, Department of Commerce (Parts 900—999)
XI	Technology Administration, Department of Commerce (Parts 1100—1199)
XII	United States Travel Service, Department of Commerce (Parts 1200—1299)
XIII	East-West Foreign Trade Board (Parts 1300—1399)
XIV	Minority Business Development Agency (Parts 1400—1499)
	SUBTITLE C—Regulations Relating to Foreign Trade Agreements
XX	Office of the United States Trade Representative (Parts 2000—2099)
	SUBTITLE D—Regulations Relating to Telecommunications and Information
XXIII	National Telecommunications and Information Administration, Department of Commerce (Parts 2300—2399)

Title 16—Commercial Practices

I	Federal Trade Commission (Parts 0—999)
II	Consumer Product Safety Commission (Parts 1000—1799)

Title 17—Commodity and Securities Exchanges

I	Commodity Futures Trading Commission (Parts 1—199)
II	Securities and Exchange Commission (Parts 200—399)
IV	Department of the Treasury (Parts 400—499)

Title 18—Conservation of Power and Water Resources

I	Federal Energy Regulatory Commission, Department of Energy (Parts 1—399)
III	Delaware River Basin Commission (Parts 400—499)
VI	Water Resources Council (Parts 700—799)
VIII	Susquehanna River Basin Commission (Parts 800—899)

Title 18—Conservation of Power and Water Resources—Continued

Chap.	
XIII	Tennessee Valley Authority (Parts 1300—1399)

Title 19—Customs Duties

I	United States Customs Service, Department of the Treasury (Parts 1—199)
II	United States International Trade Commission (Parts 200—299)
III	International Trade Administration, Department of Commerce (Parts 300—399)

XIII	Office of Human Development Services, Department of Health and Human Services (Parts 1300—1399)
XVI	Legal Services Corporation (Parts 1600—1699)
XVII	National Commission on Libraries and Information Science (Parts 1700—1799)
XVIII	Harry S. Truman Scholarship Foundation (Parts 1800—1899)
XX	Commission on the Bicentennial of the United States Constitution (Parts 2000—2099)
XXI	Commission on Fine Arts (Parts 2100—2199)
XXII	Christopher Columbus Quincentenary Jubilee Commission (2200—2299)

Title 46—Shipping

I	Coast Guard, Department of Transportation (Parts 1—199)
II	Maritime Administration, Department of Transportation (Parts 200—399)
III	Coast Guard (Great Lakes Pilotage), Department of Transportation (Parts 400—499)
IV	Federal Maritime Commission (Parts 500—599)

Title 47—Telecommunication

Chap.	
I	Federal Communications Commission (Parts 0—199)
II	Office of Science and Technology Policy and National Security Council (Parts 200—299)
III	National Telecommunications and Information Administration, Department of Commerce (Parts 300—399)

Title 48—Federal Acquisition Regulations System

1	Federal Acquisition Regulation (Parts 1—99)
2	Department of Defense (Parts 200—299)
3	Department of Health and Human Services (Parts 300—399)
4	Department of Agriculture (Parts 400—499)
5	General Services Administration (Parts 500—599)
6	Department of State (Parts 600—699)
7	Agency for International Development (Parts 700—799)
8	Department of Veterans Affairs (Parts 800—899)
9	Department of Energy (Parts 900—999)
10	Department of the Treasury (Parts 1000—1099)
12	Department of Transportation (Parts 1200—1299)
13	Department of Commerce (Parts 1300—1399)
14	Department of the Interior (Parts 1400—1499)
15	Environmental Protection Agency (Parts 1500—1599)
16	Office of Personnel Management Federal Employees Health Benefits Acquisition Regulation (Parts 1600—1699)
17	Office of Personnel Management (Parts 1700—1799)
18	National Aeronautics and Space Administration (Parts 1800—1899)
19	United States Information Agency (Parts 1900—1999)
22	Small Business Administration (Parts 2200—2299)
24	Department of Housing and Urban Development (Parts 2400—2499)
25	National Science Foundation (Parts 2500—2599)
28	Department of Justice (Parts 2800—2899)
29	Department of Labor (Parts 2900—2999)
34	Department of Education Acquisition Regulation (Parts 3400—3499)
35	Panama Canal Commission (Parts 3500—3599)
44	Federal Emergency Management Agency (Parts 4400—4499)
51	Department of the Army Acquisition Regulations (Parts 5100—5199)
52	Department of the Navy Acquisition Regulations (Parts 5200—5299)
53	Department of the Air Force Federal Acquisition Regulation Supplement (Parts 5300—5399)
57	African Development Foundation (Parts 5700—5799)
61	General Services Administration Board of Contract Appeals (Parts 6100—6199)

Title 48—Federal Acquisition Regulations System—Continued

Chap.	
63	Department of Transportation Board of Contract Appeals (Parts 6300-6399)

Title 49—Transportation

SUBTITLE A—Office of the Secretary of Transportation (Parts 1—99)

SUBTITLE B—Other Regulations Relating to Transportation

I	Research and Special Programs Administration, Department of Transportation (Parts 100—199)
II	Federal Railroad Administration, Department of Transportation (Parts 200—299)
III	Federal Highway Administration, Department of Transportation (Parts 300—399)
IV	Coast Guard, Department of Transportation (Parts 400—499)
V	National Highway Traffic Safety Administration, Department of Transportation (Parts 500—599)
VI	Urban Mass Transportation Administration, Department of Transportation (Parts 600—699)
VII	National Railroad Passenger Corporation (AMTRAK) (Parts 700—799)
VIII	National Transportation Safety Board (Parts 800—899)
X	Interstate Commerce Commission (Parts 1000—1399)

Title 50—Wildlife and Fisheries

I	United States Fish and Wildlife Service, Department of the Interior (Parts 1—199)

List of CFR Titles, Chapters, Subchapters, and Parts

Alphabetical List of Agencies Appearing in the CFR

(Revised as of September 14, 1990)

Agency	CFR Title, Subtitle or Chapter
ACTION	45, XII
Administrative Committee of the Federal Register	1, I
Administrative Conference of the United States	1, III
Advisory Commission on Intergovernmental Relations	5, VII
Advisory Committee on Federal Pay	5, IV
Advisory Council on Historic Preservation	36, VIII
African Development Foundation	22, XV; 48, 57
Agency for International Development	22, II; 48, 7
Agricultural Marketing Service	7, I, IX, X, XI
Agricultural Research Service	7, V
Agricultural Stabilization and Conservation Service	7, VII
Agriculture Department	
Agricultural Marketing Service	7, I, IX, X, XI
Agricultural Research Service	7, V
Agricultural Stabilization and Conservation Service	7, VII
Animal and Plant Health Inspection Service	7, III; 9, I
Commodity Credit Corporation	7, XIV
Contract Appeals, Board of	7, XXIV
Cooperative State Research Service	7, XXXIV
Economic Analysis Staff	7, XXXIX
Economics Management Staff	7, XL
Economic Research Service	7, XXXVII
Energy, Office of	7, XXIX
Environmental Quality, Office of	7, XXXI
Farmers Home Administration	7, XVIII
Federal Acquisition Regulation	48, 4
Federal Crop Insurance Corporation	7, IV
Federal Grain Inspection Service	7, VIII
Finance and Management, Office of	7, XXX
Food and Nutrition Service	7, II
Food Safety and Inspection Service	9, III
Foreign Agricultural Service	7, XV
Foreign Economic Development Service	7, XXI
Forest Service	36, II
General Sales Manager, Office of	7, XXV
Grants and Program Systems, Office of	7, XXXII
Information Resources Management, Office of	7, XXVII
Inspector General, Office of	7, XXVI
International Cooperation and Development Office	7, XXII
National Agricultural Library	7, XLI
National Agricultural Statistics Service	7, XXXVI
Operations Office	7, XXVIII
Packers and Stockyards Administration	9, II
Rural Electrification Administration	7, XVII
Rural Telephone Bank	7, XVI
Secretary of Agriculture, Office of	7, Subtitle A
Soil Conservation Service	7, VI
Transportation, Office of	7, XXXIII
World Agriculture Outlook Board	7, XXXVIII
Air Force Department	32, VII
Federal Acquisition Regulation Supplement	48, 53

Agency	CFR Title, Subtitle or Chapter
Alaska Natural Gas Transportation System, Office of the Federal Inspector	10, XV
Alcohol, Tobacco and Firearms, Bureau of	27, I

List of CFR Sections Affected

All sections in this volume of the Code of Federal Regulations which were affected by documents published in the FEDERAL REGISTER since January 1, 1973, are enumerated in the following list. Entries indicate the nature of the changes effected. Page numbers refer to FEDERAL REGISTER pages.

For the period before January 1, 1973, see the "List of CFR Sections Affected, 1949-1963 and 1964-1972," published in three separate volumes.
